Current Biography Yearbook Who Was Who on TV [Xlibris Corporation](#) **The information herein was accumulated of fifty some odd years. The collection process started when TV first came out and continued until today. The books are in alphabetical order and cover shows from the 1940s to 2010. The author has added a brief explanation of each show and then listed all the characters, who played the roles and for the most part, the year or years the actor or actress played that role. Also included are most of the people who created the shows, the producers, directors, and the writers of the shows. These books are a great source of trivia information and for most of the older folk will bring back some very fond memories. I know a lot of times we think back and say, "Who was the guy that played such and such a role?" Enjoy! You're a Bad Man, Mr. Gum!** [Egmont UK Limited](#) **"It's time for action," said Mr Gum to nobody in particular. 'Nasty action.' Good evening. Mr Gum is a complete horror who hates children, animals, fun, and corn on the cob. This book's all about him. And an angry fairy who lives in his bathtub. And Jake the dog, and a little girl called Polly. And there's heroes and sweets and adventures and EVERYTHING. Reimagining Greek Tragedy on the American Stage** [Univ of California Press](#) **This book explores the emergence of Greek tragedy on the American stage from the nineteenth century to the present. Despite the gap separating the world of classical Greece from our own, Greek tragedy has provided a fertile source for some of the most innovative American theater. Helene P. Foley shows how plays like Oedipus Rex and Medea have resonated deeply with contemporary concerns and controversies—over war, slavery, race, the status of**

women, religion, identity, and immigration. Although Greek tragedy was often initially embraced for its melodramatic possibilities, by the twentieth century it became a vehicle not only for major developments in the history of American theater and dance but also for exploring critical tensions in American cultural and political life. Drawing on a wide range of sources—archival, video, interviews, and reviews—*Reimagining Greek Tragedy on the American Stage* provides the most comprehensive treatment of the subject available. *Mr Gum and the Dancing Bear* [Mr Gum](#) Good evening. Do you like bears called Padlock? Course you do. Do you like hot-air balloons? Course you do. Do you like tall sailing ships with mad sea captains, and horrifying old villains, and words like "wab!," "tungler," and "kelp?" COURSE you do! Well, guess what, THE TRUTH IS A LEMON MERINGUE. Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954 Handbook of Research on Strategies for Local E-Government Adoption and Implementation: Comparative Studies [IGI Global](#) "This book provides examinations of the adoption and impact of e-government"--Provided by publisher. Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1986 *Brand NFL Making and Selling America's Favorite Sport* [Univ of North Carolina Press](#) Professional football today is an \$8 billion sports entertainment industry--and the most popular spectator sport in America, with designs on expansion across the globe. In this astute field-level view of the National Football League since 1960, Michael Oriard looks closely at the development of the sport and at the image of the NFL and its unique place in American life. New to the paperback edition is Oriard's analysis of the offseason labor negotiations and their potential effects on the future of the sport, and his account of how the NFL is dealing with the latest research on concussions and head injuries. *Principles of Marketing* [Pearson Education](#) The goal of *Principles of Marketing, Fifth Edition*, is to introduce people to the fascinating world of modern marketing in an innovative, practical and enjoyable way. Like any good marketer, we're out to create more value for you, our customer. We have perused every page, table, figure, fact and example in an effort to make this the best text from which to learn about and teach marketing. *Current Law Index Who's who in Finance and Business The Financial Crisis Inquiry Report The Final Report of the National Commission on the Causes of the Financial and Economic Crisis in the United States Including Dissenting Views* [Cosimo, Inc.](#) The Financial Crisis Inquiry Report, published by the U.S. Government and the Financial Crisis Inquiry Commission in early 2011, is the official government report on the United States financial collapse and the review of major financial institutions that bankrupted and failed, or would have without help from the government. The commission and the report were implemented after Congress passed an act in 2009 to review and prevent fraudulent activity. The report details, among other things, the periods before, during, and after the crisis, what led up to it, and analyses of subprime mortgage lending, credit expansion and banking policies, the collapse of companies like Fannie

Mae and Freddie Mac, and the federal bailouts of Lehman and AIG. It also discusses the aftermath of the fallout and our current state. This report should be of interest to anyone concerned about the financial situation in the U.S. and around the world. THE FINANCIAL CRISIS INQUIRY COMMISSION is an independent, bi-partisan, government-appointed panel of 10 people that was created to "examine the causes, domestic and global, of the current financial and economic crisis in the United States." It was established as part of the Fraud Enforcement and Recovery Act of 2009. The commission consisted of private citizens with expertise in economics and finance, banking, housing, market regulation, and consumer protection. They examined and reported on "the collapse of major financial institutions that failed or would have failed if not for exceptional assistance from the government." News Dissector DANNY SCHECHTER is a journalist, blogger and filmmaker. He has been reporting on economic crises since the 1980's when he was with ABC News. His film In Debt We Trust warned of the economic meltdown in 2006. He has since written three books on the subject including Plunder: Investigating Our Economic Calamity (Cosimo Books, 2008), and The Crime Of Our Time: Why Wall Street Is Not Too Big to Jail (Disinfo Books, 2011), a companion to his latest film Plunder The Crime Of Our Time. He can be reached online at www.newsdissector.com. The Ages of the Black Panther Essays on the King of Wakanda in Comic Books [McFarland](#) Black Panther was the first black superhero in mainstream comic books, and his most iconic adventures are analyzed here. This collection of new essays explores Black Panther's place in the Marvel universe, focusing on the comic books. With topics ranging from the impact apartheid and the Black Panther Party had on the comic to theories of gender and animist imagery, these essays analyze individual storylines and situate them within the socio-cultural framework of the time periods in which they were created, drawing connections that deepen understanding of both popular culture and the movements of society. Supporting characters such as Everett K. Ross and T'Challa's sister Shuri are also considered. From his creation in 1966 by Jack Kirby and Stan Lee up through the character's recent adventures by Ta-Nehisi Coates and Brian Stelfreeze, more than fifty years of the Black Panther's history are addressed. AERO TRADER, AUGUST 2008 [Causey Enterprises, LLC](#) The Rural Payments Agency and the implementation of the Single Payment Scheme third report of session 2006-07, Vol. 2: Oral and written evidence [The Stationery Office](#) Incorporating HCP 840 and HCP 1071, session 2005-06. For main report, see HCP 107-I (ISBN 9780215033383) The Myth of Seneca Falls Memory and the Women's Suffrage Movement, 1848-1898 [UNC Press Books](#) Myth of Seneca Falls: Memory and the Women's Suffrage Movement, 1848-1898 Congressional Record Proceedings and Debates of the ... Congress Looking Good Naked Youth Work and the Body of Christ [Wipf and Stock Publishers](#) What would it look like if an Avenger turned up to help in youth work? Perhaps it would breathe a fresh sense of purpose. Maybe the primary response would be relief that backup had arrived. They would certainly pull a crowd for a few weeks at

least. Looking for a superhero might be a good idea. But there is a better one. It's called the church. Boring? Irrelevant? All dressed up but nowhere to go? Looking Good Naked strips off the ill-fitting outfits and recovers a biblical theology of the church as the body of Christ, drawing on the narratives of youth work and ministry. Written for the student of youth ministry, full-timer, part-timer or extra-timer, it is an engaging, practical, and deep book, seeking to renew our confidence in who we are in light of whose we are, so we can better engage with young people. **Speech Freedom on Campus Past, Present, and Future** [Lexington Books](#) Traditionally, the university or college is thought to be the ultimate location for the discovery and sharing of knowledge. After all, on these campuses are some of the great minds across all fields, as well as students who are not only eager to learn, but who often contribute to our shared wisdom. For those ideals to be achieved, however, ideas require access to some kind of virtual marketplace from which people can sample and consider them, discuss and debate them. Restricting the expression of those ideas for whatever reason is the enemy of not only this process, but also of knowledge discovery. Speech freedom on our college and university campuses, like everywhere else, is fragile. There are those who wish to suppress it, more often than not when the words express ideas, opinions, and even facts that conflict with their beliefs. Why is this effort, so completely at odds with the foundational values of this country, made? This topic explored in **Speech Freedom on Campus: Past, Present and Future** is multi-layered, and its analysis is best accomplished through multiple perspectives. Joseph Russomanno's edited collection does precisely that, utilizing 10 different scholars to examine various aspects and issues related to speech freedom on campus. **American Radio Networks A History** [McFarland](#) This history of commercial radio networks in the United States provides a wealth of information on broadcasting from the 1920s to the present. It covers the four transcontinental webs that operated during the pre-television Golden Age, plus local and regional hookups, and the developments that have occurred in the decades since, including the impact of television, the rise of the disc jockey, the rise of talk radio and other specialized formats, implications of satellite technology and consolidation of networks and local stations. **Death by Supermarket The Fattening, Dumbing Down, and Poisoning of America** [Barricade Books Incorporated](#) Finds the unsavoury truth behind the hermetically sealed, 'fun' veneer of America's food industry, educating readers on the benefits of real food and the dangers of eating factory-produced foods, serial dieting and taking drugs. Author Nancy Deville uncovers intrigue, corruption and ineptness within the FDA and uses solid research to show how the US government and medical community propagate deadly advice - and why Americans continue to grow more obese and unhealthy. **The Ski Guide Manual Advanced Techniques for the Backcountry** [Rowman & Littlefield](#) This updated, expert ski guide provides top-of-the-line insight for backcountry/off-piste skiers and guides. **The Ski Guide Manual** presents wisdom earned through decades of experience guiding and. The result is a successful

system of travel and risk management in the winter environment. The collective work of thousands of mountain guides have proven how to have the most fun and find the best snow, all which reducing risk of avalanche, cold, crevasses, and optimize group dynamics. **The Hollywood Reporter Profile of Contributors to the American Economic Review, 2010: Human Capital Theory, Gender and Race** [Scientific Research Publishing, Inc. USA](#) This study begins by presenting an explanation of the Human Capital Theory and its relation to gender and race. Next, the methodology, data availability and limitations section of the study is presented. Next, the study presents the statistical findings and analysis of the compiled and computed data. Finally, the study presents a discussion section, focusing more attention on the various factors responsible for the wide gender and racial gaps in the statistics presented. **Lincoln's Journalist John Hay's Anonymous Writings for the Press, 1860 - 1864** [SIU Press](#) Michael Burlingame presents anonymous and pseudonymous newspaper articles written by Lincoln's assistant personal secretary, John Hay, between 1860 and 1864. In the White House, Hay became the ultimate insider, the man who had the president's ear. "Only an extremely small number of persons ever saw Abraham Lincoln both day and night in public as well as private settings from 1860 to 1864," notes Wayne C. Temple, chief deputy director, Illinois State Archives. "And only one of them had the literary flair of John Milton Hay." Burlingame takes great pains to establish authorship of the items reproduced here. He convincingly demonstrates that the essays and letters written for the Providence Journal, the Springfield Illinois State Journal, and the St. Louis Missouri Democrat under the pseudonym "Ecarte" are the work of Hay. And he finds much circumstantial and stylistic evidence that Hay wrote as "our special correspondent" for the Washington World and for the St. Louis Missouri Republican. Easily identifiable, Hay's style was "marked by long sentences, baroque syntactical architecture, immense vocabulary, verbal pyrotechnics, cocksure tone (combining acid contempt and extravagant praise), offbeat adverbs, and scornful adjectives." **Recovering Abundance Twelve Practices for Small-Town Leaders** [Augsburg Fortress Publishers](#) **Recovering Abundance** invites readers to join a movement of renewal for small towns and rural communities. **Andy Stanton-Henry** explores twelve civic-spiritual practices, rooted in Jesus's miracle among the multitude, demonstrating how it has been embodied in ordinary leaders and how it can be applied today. **Dishonest Dollars The Dynamics of White-collar Crime** [Cornell University Press](#) Terry Leap offers welcome insights into and useful ways of thinking about a critical problem that permeates our society. As he explains the process that occurs across the many different categories of crimes within organizations, he finds that there are more similarities than differences between "criminals in the suites" and "criminals in the streets." Leap's definition of crimes within organizations and the people who commit them are laid out in his first chapter. He then goes on to discuss the causes of and events surrounding white-collar crime, types of crimes and criminals, the decision-making processes of white-collar criminals, and the

impact of these crimes. His concluding chapter predicts future trends in corporate crime, including an explanation of why we are likely to see more crime in health care. **Mathematical Sciences Professional Directory Negative Theology and Philosophical Analysis Only the Splendour of Light** [Springer Nature](#) This book is the first treatment at length of negative, or apophatic, theology within the analytic tradition. Apophatic theology holds that there is a significant sense in which we cannot say what God is. Important negative theological elements are present in a host of Christian thinkers, from Gregory of Nyssa to Aquinas, and yet apophaticism is neglected in philosophical theology as practiced within the analytic tradition. By contrast, Hewitt shows how apophatic theology is integral to how Christians have thought about God, and how it can be defended against standard attacks in the philosophical literature. Hewitt diagnoses the unease with apophaticism amongst contemporary philosophical theologians as rooted in a certain picture of how language functions, here called referentialism. Arguing that this picture is not compulsory, an account of language which sits more comfortably with negative theology (originating from work of later Wittgenstein) is invoked, and applied to key themes in philosophical theology including divine personhood, the Trinity, the Incarnation and the afterlife. **Testosterone An Unauthorized Biography** Testosterone is neither the biological essence of manliness nor even the "male sex hormone." It doesn't predict competitiveness or aggressiveness, strength or sex drive. Rebecca Jordan-Young and Katrina Karkazis pry testosterone loose from more than a century of misconceptions that undermine science while making social fables seem scientific. **The Times Index** Indexes the Times, Sunday times and magazine, Times literary supplement, Times educational supplement, Times educational supplement Scotland, and the Times higher education supplement. **Designing the Seaside Architecture, Society and Nature** [Reaktion Books](#) Presents a history of seaside architecture from the eighteenth century to the present day. This book covers the formal and informal design processes involved in major buildings as well as ephemeral structures from piers and pavilions to resort parks and open spaces to shops selling candy floss. **Drug Use and Abuse: A Comprehensive Introduction** [Cengage Learning](#) Packed with the latest data and research, the powerful new **DRUG USE AND ABUSE: A COMPREHENSIVE INTRODUCTION**, 8e delivers a thorough, interdisciplinary survey of all aspects of drug and alcohol abuse. The text draws from the many disciplines of history, law, pharmacology, political science, social work, counseling, psychology, sociology, and criminal justice--resulting in the most comprehensive, authoritative single source available. It explores the history of drugs, their impact on society, the pharmacological impact of drugs on the body, drug policy implications, the criminal justice system response, the drug business, law enforcement, theories of use, as well as the effects, treatment, and prevention of abuse. New coverage includes nonmedical use of prescription drugs, synthetic substances, the use of stimulants to treat PTSD and ADD, medical marijuana, the connection between drug trafficking and terrorism, and an

updated analysis of the United States drug policy. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. **A Brief History of Nakedness** [Reaktion Books](#) As one common story goes, Adam and Eve, the first man and woman, had no idea that there was any shame in their lack of clothes; they were perfectly confident in their birthday suits among the animals of the Garden of Eden. All was well until that day when they ate from the Tree of Knowledge of Good and Evil and went scrambling for fig leaves to cover their bodies. Since then, lucrative businesses have arisen to provide many stylish ways to cover our nakedness, for the naked human body now evokes powerful and often contradictory ideas—it thrills and revolts us, signifies innocence and sexual experience, and often marks the difference between nature and society. In **A Brief History of Nakedness** psychologist Philip Carr-Gomm traces our inescapable preoccupation with nudity. Rather than studying the history of the nude in art or detailing the ways in which the naked body has been denigrated in the media, **A Brief History of Nakedness** reveals the ways in which religious teachers, politicians, protesters, and cultural icons have used nudity to enlighten or empower themselves as well as entertain us. Among his many examples, Carr-Gomm discusses how advertisers and the media employ images of bare skin—or even simply the word “naked”—to garner our attention, how mystics have used nudity to get closer to God, and how political protesters have discovered that baring all is one of the most effective ways to gain publicity for their cause. Carr-Gomm investigates how this use of something as natural as nakedness actually gets under our skin and evokes complicated and complex emotional responses. From the naked sages of India to modern-day witches and Christian nudists, from Lady Godiva to Lady Gaga, **A Brief History of Nakedness** surveys the touching, sometimes tragic and often bizarre story of our relationships with our naked bodies. **White Robes and Burning Crosses A History of the Ku Klux Klan from 1866** [McFarland](#) With its fiery crosses and nightriders in pointed hoods and flowing robes, the Ku Klux Klan remains a recurring nightmare in American life. What began in the earliest post-Civil War days as a social group engaging in drunken hijinks at the expense of perceived inferiors soon turned into a murderous paramilitary organization determined to resist the “evils” of radical Reconstruction. For six generations and counting, the Klan has inflicted misery and death on countless victims nationwide and since the early 1920s, has expanded into distant corners of the globe. From the Klan’s post-Civil War lynchings in support of Jim Crow laws, to its bloody stand against desegregation during the 1960s, to its continued violence in the militia movement at the turn of the 21st century, this revealing volume chronicles the complete history of the world’s oldest surviving terrorist organization from 1866 to the present. The story is told without embellishment because, as this work demonstrates, the truth about the Ku Klux Klan is grim enough. **Bits and Pieces A History of Chiptunes** [Oxford University Press, USA](#) **Bits and Pieces** tells the story of chiptune, a style of lo-fi electronic music that

emerged from the first generation of video game consoles and home computers in the late 1970s and early 1980s. Through ingenuity and invention, musicians and programmers developed code that enabled the limited hardware of those early 8-bit machines to perform musical feats that they were never designed to achieve. In time, that combination of hardware and creative code came to define a unique 8-bit sound that imprinted itself on a generation of gamers. For a new generation of musicians, this music has currency through the chipscene, a vibrant musical subculture that repurposes obsolete gaming hardware. It's performative: raw and edgy, loaded with authenticity and driven by a strong DIY ethic. It's more punk than Pac-Man, and yet, it's part of that same story of ingenuity and invention; 8-bit hardware is no longer a retired gaming console, but a quirky and characterful musical instrument. Taking these consoles to the stage, musicians fuse 8-bit sounds with other musical styles - drum'n'bass, jungle, techno and house - to create a unique contemporary sound. Analyzing musical structures and technological methods used with chiptune, *Bits and Pieces* traces the simple beeps of the earliest arcade games, through the murky shadows of the digital underground, to global festivals and movie soundtracks.

Climatological Data Collection of the monthly climatological reports of the United States by state or region, with monthly and annual national summaries. The Oxford Handbook of Global Health Politics [Oxford University Press, USA](#) Protecting and promoting health is inherently a political endeavor that requires a sophisticated understanding of the distribution and use of power. Yet while the global nature of health is widely recognized, its political nature is less well understood. In recent decades, the interdisciplinary field of global health politics has emerged to demonstrate the interconnections of health and core political topics, including foreign and security policy, trade, economics, and development. Today a growing body of scholarship examines how the global health landscape has both shaped and been shaped by political actors and structures. The Oxford Handbook of Global Health Politics provides an authoritative overview and assessment of research on this important and complicated subject. The volume is motivated by two arguments. First, health is not simply a technical subject, requiring evidence-based solutions to real-world problems, but an arena of political contestation where norms, values, and interests also compete and collide. Second, globalization has fundamentally changed the nature of health politics in terms of the ideas, interests, and institutions involved. The volume comprises more than 30 chapters by leading experts in global health and politics. Each chapter provides an overview of the state of the art on a given theoretical perspective, major actor, or global health issue. The Handbook offers both an excellent introduction to scholars new to the field and also an invaluable teaching and research resource for experts seeking to understand global health politics and its future directions. *Current Biography*
