[Recent Advances in Natural Language Processing Selected Papers from RANLP'95 John Benjamins Publishing](#) This volume is based on contributions from the First International Conference on "Recent Advances in Natural Language Processing" (RANLP'95) held in Tzigov Chark, Bulgaria, 14-16 September 1995. This conference was one of the most important and competitively reviewed conferences in Natural Language Processing (NLP) for 1995 with submissions from more than 30 countries. Of the 48 papers presented at RANLP'95, the best (revised) papers have been selected for this book, in the hope that they reflect the most significant and promising trends (and latest successful results) in NLP. The book is organised thematically and the contributions are grouped according to the traditional topics found in NLP: morphology, syntax, grammars, parsing, semantics, discourse, grammars, generation, machine translation, corpus processing and multimedia. To help the reader find his/her way, the authors have prepared an extensive index which contains major terms used in NLP; an index of authors which lists the names of the authors and the page numbers of their paper(s); a list of figures; and a list of tables. This book will be of interest to researchers, lecturers and graduate students interested in Natural Language Processing and more specifically to those who work in Computational Linguistics,

**Corpus Linguistics and Machine Translation. Tantric Treasures Three Collections of Mystical Verse from Buddhist India** [Oxford University Press on Demand](#) **This book provides accurate, accessible translations of three classics of medieval Indian Buddhist mysticism. Since their composition around 1000 CE, these poems have exerted a powerful influence on spiritual life. Gotama The Buddha Son Of Earth** [Embassy Books](#) **A book not only for every follower of the Buddha around the world but also for every person who wants to understand the Buddha. This book is a study with a heart but one where reason is allowed to be free. In any study of the historical Buddha there are two major obstacles to confront. Firstly, there are the systematic prejudices that developed against him through the centuries in his own country. Secondly, some of the fantastic myths associated with him can give pause to a modern man of science. As this book shows, however, these hurdles can be readily surmounted. This is done by responding to the Buddha's famous exhortation to "come and see" Rather than accept the Buddha blindly, the book invites readers to simply open their hearts and minds enough to examine him in a fair manner. Though the author uses the Tipitaka as his primary authority, he does not tie himself to any particular tradition. The Buddha's universal teaching came out of the Indian subcontinent's agrarian culture. He was firmly rooted in this world and not in any heavenly realms. The book takes the reader on a journey into the life and the teachings of this son of Earth-an extraordinary human being who offered his fellow humans a timeless road map to a happy life. The book also raises questions that will hopefully help to foster healthy dialogue, in the true spirit in which the Buddha wanted others to look at and follow his teaching.** **Images Course Book 7** [Pearson Education India](#) **Sanskrit and Indian Studies Essays in Honour of Daniel H.H. Goner The Final Travels of UG Krishnamurti New Harbinger Publications Louis Brawley met UG Krishnamurti in 2002 and spent the following five years travelling with him in the USA, India and Europe keeping a record of this remarkable non-teacher and documenting his own inner struggles as his ideas about life, love and Enlightenment were constantly tossed around and demolished. Louis fell into the role of foil and sidekick to UG's bizarre interactions with his friends and audience and, as UG's health deteriorated, he became his informal caregiver. Louis Brawley doesn't use honeyed platitudes to tell the story of a sage and his devoted follower; instead he tells an often unflattering story of his own struggles and shortcomings and the dynamic uncertainties of life with a man who "tore apart everything human beings have built up inside and out for centuries." Goner will teach you the meaning of the phrase "paradoxical truth". UG Krishnamurti gave up everything for truth, but delighted in ridiculous fabrications; he was a teacher who refused to teach, a man who mocked do-gooders but was deeply kind; he was chaste but foul mouthed, he was a man who decried the supernatural ... yet there were strange coincidences around him. "...the way he lived, his living quarters and his mode of expression were one continuous movement, a three dimensional, living book of teaching. If you were observant, you could learn from him on contact with no need for explanation." Saundaryalahari Hymn to Tripurasundarī (Hindu deity).
