OLD TESTAMENT THEOLOGY IN OUTLINE

Bloomsbury Publishing During the period that the Old Testament came into being, Israel, from who whose world the documents contained in the Old Testament derive, underwent many changes, especially in its sociological structures. Such changes produce changes in liturgical life, resulting finally in the elimination of a multiplicity of sanctuaries and focusing on Jerusalem. Walther Zimmerli suggests that a presentation of Old Testament theology cannot close its eyes to all this movement and change. This classic study expertly outlines the essential religious structures and tensions of the Old Testament.

UROPATHOLOGY

Springer The book covers all relevant topics of uropathology (tumoral and non-tumoral), from the normal histology of the genitourinary tract to pathological findings of diseases in the male genital and urinary tract. To make the content more accessible, all content is arranged alphabetically and each entry is uniformly structured, presenting the epidemiology, the clinical signs, the gross and histological features, the immunohistochemical stainings, and the molecular data for each disease. Histological pictures clarify the microscopic findings and help readers understand the differential diagnosis for genitourinary tract diseases. In addition to internationally respected experts on pathologies of the prostate, bladder, kidney and testis, researchers coming from other disciplines such as molecular biologists, soft tissue pathologists, dermatopathologists, hematopathologists and gynaecopathologists have contributed to this book, thus making it interesting for uropathologists, but also for students, residents, clinicians (surgeons, radiotherapists, oncologists, urologists, dermatologists) and researchers who deal with disciplines that call for knowledge of the pathologies of the male genital and urinary tracts.

BALLPLAYER

Penguin Before Chipper Jones became an eight-time All-Star who amassed Hall of Fame-worthy statistics during his nineteen-year career with the Atlanta Braves, he was a country boy from small-town Pierson, Florida, who played baseball in the backyard with his dad and dreamed of the major leagues. With his trademark candor and astonishing recall, Jones tells the story of his rise to the MLB ranks and what it took to stay with one organization his entire career. Beginning with learning the art of switch-hitting and being the number one overall pick for the Braves in the 1990 draft, Jones takes us into the clubhouse of the Braves' extraordinary dynasty, from the climax of the World Series championship in 1995 to the last-gasp division win by the 2005 "Baby Braves". Along the way, he delves into his relationships with Bobby Cox and the famous Braves brothers -- Maddux, Glavine and Smoltz -- and opponents from Cal Ripken Jr. to Barry Bonds, his overnight rise to superstardom and the personal pitfalls that came with fame, his spirited rivalry with the Mets, and his reflections on modern baseball and his special last season in 2012.

THE STIG

THE UNTOLD STORY

Random House **The official biography of Top Gear's tame racing driver, from the early years to present day. The Stig is known to millions as Top Gear's tame racing driver, famed for his skillful driving and his legendary reluctance to speak. Other details of his life are the subject of much speculation, yet almost nothing of any substance is known about the man behind the visor. Where did he come from? What is his motivation? Did he really once punch a horse to the ground? Simon du Marche (Princess Margaret -- *Gin & Gentility*; Keith Chegwin -- *Tears of An Idiot*) has devoted over two years to getting inside that trademark white helmet. He has pursued The Stig -- sometimes literally -- in a relentless quest to unearth the truth and now, at last, his findings can be revealed. Through extensive research and in-depth interviews with celebrities, motorsport experts and Top Gear presenters Jeremy Clarkson, Richard Hammond and James May, du Marche has built up an unprecedented picture of what lies beneath the white suit. His quest threw up many questions: can Stig-like characters really be seen in the hieroglyphics of ancient Egypt? Was The Stig present at some of the most pivotal moments in history? Why is a driver of The Stig's considerable ability not in Formula 1? Who was the mysterious figure in white seen leaving Angelina Jolie's hotel room? How can anyone not understand how stairs work? Happily, these questions -- and many, many others -- will be answered in Simon du Marche's landmark work, *The Stig*.**
