## The American West 2017 Mini Wall Calendar

### Photos by Ansel Adams

*In 1941, the National Park Service hired Ansel Adams to photograph national parks and other western landscapes, with the goal of creating murals for the Department of the Interior building. Although this project was canceled in 1942 at the beginning of World War II, Adams' compiled 226 stunning photographs during his work for the government. 12 of these images are presented in this 2017 mini wall calendar. Each photo was meticulously prepared by photographer and imaging expert Grant Collier in an effort to do justice to Adams' images.*

## Colorado 2017 Scenic Wall Calendar

*Experience Colorado's unparalleled beauty as seen through the lens of one of Colorado's pioneering families. Each month of this 12-month calendar features a large color photograph taken by Grant Collier, along with a smaller black & white image taken by Grant's*

*great-great-grandfather, the pioneer photographer Joseph Collier. These images provide fascinating insight into the different perspectives of two photographers linked by family lineage but separated by a chasm of time.*

## Ansel Adams

### An Autobiography

*Hachette UK Discover this "evocative celebration of the life, career, friendships, concerns, and vision" of Ansel Adams, America's greatest photographer (New York Times) "No lover of Ansel Adams' photographs can afford to miss this book." - Wallace Stegner In this bestselling autobiography, completed shortly before his death in 1984, Ansel Adams looks back at his legendary six-decade career as a conservationist, teacher, musician, and, above all, photographer. Illustrated with eight pages of Adams' gorgeous black-and-white photographs, this book brings readers behind the images into the stories and circumstances of their creation. Written with characteristic warmth, vigor, and wit, this fascinating account brings to life the infectious enthusiasms, fervent battles, and bountiful friendships of a truly American original. "A warm, discursive, and salty document." - New Yorker*

## Wildness

### Relations of People and Place

*University of Chicago Press Whether referring to a place, a nonhuman animal or plant, or a state of mind, wild indicates autonomy and agency, a will to be, a unique expression of life. Yet two contrasting ideas about wild nature permeate contemporary discussions: either that nature is most wild in the absence of a defiling human presence, or that nature is completely humanized and nothing is truly wild. This book charts a different path. Exploring how people can become attuned to the wild community of life and also contribute to the well-being of the wild places in which we live, work, and play, Wildness brings together esteemed authors from a variety of landscapes, cultures, and backgrounds to share their stories about the interdependence of everyday human lifeways and wildness. As they show, far from being an all or nothing proposition, wildness exists in variations and degrees that range from cultivated soils to multigenerational forests to sunflowers pushing through cracks in a city alley. Spanning diverse geographies, these essays celebrate the continuum of wildness, revealing the many ways in which human communities can nurture, adapt to, and thrive*

*alongside their wild nonhuman kin. From the contoured lands of Wisconsin's Driftless region to remote Alaska, from the amazing adaptations of animals and plants living in the concrete jungle to indigenous lands and harvest ceremonies, from backyards to reclaimed urban industrial sites, from microcosms to bioregions and atmospheres, manifestations of wildness are everywhere. With this book, we gain insight into what wildness is and could be, as well as how it might be recovered in our lives—and with it, how we might unearth a more profound, wilder understanding of what it means to be human. Wildness: Relations of People and Place is published in association with the Center for Humans and Nature, an organization that brings together some of the brightest minds to explore and promote human responsibilities to each other and the whole community of life. Visit the Center for Humans and Nature's Wildness website for upcoming events and a series of related short films.*

## Ansel Adams' Yosemite

### The Special Edition Prints

*Ansel Adams America's greatest photographer on his greatest subject--featuring the Yosemite Special Edition Prints, a collectible collection of photographs selected by Ansel Adams during his lifetime, yet never before published in book form. The photographs of Ansel Adams are among America's finest artistic treasures, and form the basis of his tremendous legacy of environmental activism. In the late 1950s, Adams selected eight photographs of Yosemite National Park to offer exclusively to park visitors as affordable souvenirs. He hoped that these images might inspire tourists to become activists by transmitting to them the same awe and respect for nature that Yosemite had instilled in him. Over the following decades, Adams added to this collection to create a stunning view of Yosemite in all its majesty. These photographs, the Yosemite Special Edition Prints, form the core of this essential volume. Adams' luminous images of Yosemite's unique rock formations, waterfalls, meadows, trees, and nature details are among the most distinctive of his career. Today, with America's public lands increasingly under threat, his creative vision remains as relevant and convincing as ever. Introduced by bestselling photographer Pete Souza, with an essay by Adams' darkroom assistant Alan Ross, Ansel Adams' Yosemite is a powerful continuation of Adams' artistic and environmental legacies, and a compelling statement during a precarious time for the American earth.*

# Ansel Adams

## A Biography

*Bloomsbury Publishing USA First published in 1996, Mary Street Alinder's biography of Ansel Adams remains the only full biography of one of the greatest American photographers. Alinder is a respected scholar, and also had a close connection to Adams, serving as his chief assistant in the last five years of his life. The portrait she creates of him is intimate and affectionate; it is also clear-eyed. She takes on his difficult childhood in San Francisco, the friendships and rivalries within his circle of photographers, his leadership in America's environmental movement, his marriage, his affairs, and his not-always-successful fatherhood. Enriched by her uniquely personal understanding of Adams the man, she explains the artistic philosophy that, paired with his peerless technique, produced an inimitable style. Her biography is likely to remain unrivaled. This new edition will bring the classic up to date and includes research that reveals new information and a deeper understanding of his greatest photographs. It will also include thirty-two pages of reproductions of Adams's work and snapshots of the artist and close friends.*

## Ansel Adams in the Canadian Rockies

*Little, Brown The first book of Ansel Adams's early photographs of the Canadian Rockies. "These mountains are breathtaking - utterly different than anything we have seen. The peaks and forest and 'tone' fulfill almost every ideal I have had of what 'my' mountains could be. . . These are the great mountains we dream about." --Ansel Adams to his wife Virginia, 1928 The Sierra Club's twenty-seventh annual outing or "High Trip" was Ansel Adams's first as official photographer. It was during this expedition to the Canadian Rockies in 1928 that Ansel began to find his voice as a photographer. In ANSEL ADAMS IN THE CANADIAN ROCKIES, we discover images of celebrated natural sites including Mount Robson, Amethyst Lake, Drawbridge Peak, and Bennington Glacier that foreshadow the majestic mountain vistas for which Adams would become renowned. A fine chronicle of one of Ansel Adams's earliest major photographic expeditions, and the only one he ever made outside of the United States, this book also serves as a record of Ansel's emerging style during these crucial years in his artistic development.*

# Ansel Adams

## The National Parks Service Photographs

*Canopy Books Ansel Adams was hired by the United States Department of the Interior to photograph America's national parks, producing this group of breathtaking images*

# Ansel Adams

*Perhaps the most famous of all American photographers, Ansel Adams is known for his sharp and photographic images of the American West. Although he was a master of the technology of photography, what makes his bold and dynamic photographs so powerful is his passion for nature and the Western landscape. This volume offers a selection of his photographs as well as an insightful text, which helps the reader to understand the man as an artist and conservationist.*

# Follow Me Down

*Black Rose Writing Literary Titan Gold Award "...a full-throttle, urbex thriller that deftly manages plot, setting, and complex characterization." — Rabbit Hole Reviews Urban explorer Lucas Tremaine should buckle down and complete his Masters in Architecture, but the past torments him. Six years earlier, Drax Enterprises' negligence killed his father and left his mother strung out on Valium. Lucas longs to punish the corrupt behemoth of Cincinnati real estate development, but what can one man do? "Plenty," says old Mr. Blumenfeld, Lucas's boss and a former photojournalist with too many secrets. Evidence to bury Drax exists, he claims, but to find it, Lucas must breach the city's welded-shut subway system. Lucas takes the plunge, aided by his best friend and moral compass, Reuben Klein. The deeper the duo infiltrates the dangerous underground, the further back they turn the clock. They learn that Drax's corruption intertwined with fascism's rise in Germany. That campfire tales of a subway crypt were true. That no one can be trusted, not even Lucas's boss.*

## Obama: An Intimate Portrait

*Hachette UK Relive the extraordinary Presidency of Barack Obama through White House photographer Pete Souza's behind-the-scenes images and stories in this #1 New York Times bestseller -- with a foreword from the President himself. During Barack Obama's two terms, Pete Souza was with the President during more crucial moments than anyone else -- and he photographed them all. Souza captured nearly two million photographs of President Obama, in moments highly classified and disarmingly candid. Obama: An Intimate Portrait reproduces more than 300 of Souza's most iconic photographs with fine-art print quality in an oversize collectible format. Together they document the most consequential hours of the Presidency -- including the historic image of President Obama and his advisors in the Situation Room during the bin Laden mission -- alongside unguarded moments with the President's family, his encounters with children, interactions with world leaders and cultural figures, and more. Souza's photographs, with the behind-the-scenes captions and stories that accompany them, communicate the pace and power of our nation's highest office. They also reveal the spirit of the extraordinary man who became our President. We see President Obama lead our nation through monumental challenges, comfort us in calamity and loss, share in hard-won victories, and set a singular example to "be kind and be useful," as he would instruct his daughters. This book puts you in the White House with President Obama, and is a treasured record of a landmark era in American history.*

## Dialysis: A Memoir

*Lulu Press, Inc Lisa Frieden was a young professional with a bright future ahead of her in high tech public relations, when tragedy struck. Dialysis: a Memoir describes the year she spent on dialysis, from her initial hospitalization with kidney failure, through the months on hemodialysis and peritoneal dialysis, to her successful transplant operation. Her experience of illness was at odds with the wildly buoyant atmosphere of the San Francisco Bay Area where she lived and worked during the dotcom bubble of the late 1990's. The memoir explores how she learned to make sense of what happened and how she ultimately overcame the physical and emotional challenges of kidney failure to thrive in her new life.*

## Flower Spirits

## The Beauty That Blooms Within

*Sellers Pub Incorporated Pairing Steven N Meyers x-ray photographs of flowers with new age inspirational messages. Similar to Gift of Friendship.*

## Maurizio Cattelan

## Toilet Paper

*Damiani 'Toiletpaper' comprises startling photographs colliding commercial photography with twisted narrative tableaux and surrealistic imagery.*

## American Grotesque

## The Life and Art of William Mortensen

*Feral House American Grotesque is a lavish retrospective of grotesque, occult, and erotic images by the forgotten Hollywood photographer William Mortensen (1897–1965), an innovative pictorialist visionary whom Ansel Adams called the "Antichrist" and to whom Anton LaVey dedicated The Satanic Bible. Mortensen's countless technical innovations and inspired use of special effects prefigures the development of digital manipulation and Photoshop. Includes a gallery of more than one hundred striking photographs in duotone and color, many of them previously unseen, and accompanying essays by Mortensen and others on his life, work, techniques, and influence.*

# Making a Photographer

## The Early Work of Ansel Adams

*Yale University Press* An unprecedented and eye-opening examination of the early career of one of America's most celebrated photographers. One of the most influential photographers of his generation, Ansel Adams (1902–1984) is famous for his dramatic photographs of the American West. Although many of Adams's images are now iconic, his early work has remained largely unknown. In this first monograph dedicated to the beginnings of Adams's career, Rebecca A. Senf argues that these early photographs are crucial to understanding Adams's artistic development and offer new insights into many aspects of the artist's mature oeuvre. Drawing on copious archival research, Senf traces the first three decades of Adams's photographic practice—beginning with an amateur album made during his childhood and culminating with his Guggenheim-supported National Parks photography of the 1940s. Highlighting the artist's persistence in forging a career path and his remarkable ability to learn from experience as he sharpened his image-making skills, this beautifully illustrated volume also looks at the significance of the artist's environmentalism, including his involvement with the Sierra Club.

## Ansel Adams at 100

*Ansel Adams* In commemoration of the one-hundredth anniversary of his birth, *Ansel Adams at 100* presents an intriguing new look at this distinguished photographer's work. The legendary curator John Szarkowski, director emeritus of the Department of Photography at New York's Museum of Modern Art, has painstakingly selected what he considers Adams' finest work and has attempted to find the single best photographic print of each. Szarkowski writes that "*Ansel Adams at 100* is the product of a thorough review of work that Adams, at various times in his career, considered important. It includes many photographs that will be unfamiliar to lovers of Adams' work, and a substantial number that will be new to Adams scholars. The book is an attempt to identify that work on which Adams' claim as an important modern artist must rest." *Ansel Adams at 100*—the highly acclaimed international exhibition and the book, with Szarkowski's incisive critical essay—is the first serious effort since Adams' death in 1984 to reevaluate his achievement as an artist. The exhibition prints, drawn from important public and private collections, have been meticulously reproduced in tritone to create the splendid plates in this edition, faithfully rendering the nuances of the original prints. *Ansel Adams at 100* is destined to be the

*definitive book on this great American artist. John Szarkowski is director emeritus of the Department of Photography, The Museum of Modern Art, New York. He is the author of such classic works as Looking at Photographs, The Photographer's Eye, Photography Until Now, and Atget, as well as several books of his own photographs, including the recently reissued The Idea of Louis Sullivan.*

## My Faraway One

## Selected Letters of Georgia O'Keeffe and Alfred Stieglitz: Volume One, 1915-1933

*Yale University Press Collects the private correspondence between Georgia O'Keeffe and Alfred Stieglitz, revealing the ups and downs of their marriage, their thoughts on their work, and their friendships with other artists.*

## Each Wild Idea

## Writing, Photography, History

*MIT Press Essays on photography and the medium's history and evolving identity. In Each Wild Idea, Geoffrey Batchen explores a wide range of photographic subjects, from the timing of the medium's invention to the various implications of cyberculture. Along the way, he reflects on contemporary art photography, the role of the vernacular in photography's history, and the Australianness of Australian photography. The essays all focus on a consideration of specific photographs—from a humble combination of baby photos and bronzed booties to a masterwork by Alfred Stieglitz. Although Batchen views each photograph within the context of broader social and political forces, he also engages its own distinctive formal attributes. In short, he sees photography as something that is simultaneously material and cultural. In an effort to evoke the lived experience of history, he frequently relies on sheer description as the mode of analysis, insisting that we look right at—rather than beyond—the photograph being discussed. A constant theme throughout the book is the question of photography's past, present, and future identity.*

# Collier's Guide to Night Photography in the Great Outdoors - 2nd Edition

*The night sky may be the most awe-inspiring spectacle that any of us will ever see. It can, however, be difficult to capture in a photograph, as it requires specialized techniques that are rarely used when shooting images during the day. Renowned photographer Grant Collier sheds light on how to capture these otherworldly images by sharing secrets he has learned over the past 14 years. He explains how to take photos of the Milky Way, northern lights, meteors, eclipses, lightning, and much more. Grant begins by reviewing equipment and supplies that are helpful when photographing at night. He then discusses many software programs, web sites, and mobile apps that will help you plan your shots. Finally, he offers extensive advice on how to capture and process images at night. He goes beyond the basics and teaches how to blend multiple exposures and create huge stitched images to capture incredibly detailed photos that you never before thought possible! The 2nd Edition has been completely updated and includes 50 new images. The sections on cameras and lenses have been rewritten and now includes tables to make it easier see all of the recommended gear. All of the web links have been updated, and include many new websites you can use to plan your photos. All information on post-processing has been updated for use with Photoshop and Lightroom CC 2020. This includes some powerful new techniques for blending multiple exposures taken at night. There is also new information on Photoshop plug-ins and other software that is useful for night photography.*

## Ansel Adams 2011

*Ansel Adams This spiral-bound engagement calendar is both practical and a pleasure to use, with ample space for recording appointments, a section of monthly calendars for long-term planning, and a wide range of black-and-white photographs impeccably printed in duotone to the high standards established by Adams himself. From the Tetons and the Snake River to the majesty of*

*Yosemite's El Capitan and Bridalveil Fall, the 2011 calendar is an ideal way to enjoy the beautiful photographs of this legendary American artist all year long.*

## Ansel Adams in the National Parks

## Photographs from America's Wild Places

*Ansel Adams With more than two hundred photographs - many rarely seen and some never before published - this is the most comprehensive collection of Ansel Adams' photographs of America's national parks and wilderness areas. For many people, Yosemite, Yellowstone, Glacier National Park, and other iconic American wildlands exist in the mind's eye as Ansel Adams photographs. The legendary photographer explored more than forty national parks in his lifetime, producing some of the most indelible images of the natural world ever made. One of the twentieth century's most ardent champions of the park and wilderness systems, Adams also helped preserve additional natural areas and protect existing ones through his photographs, essays, and letter-writing campaigns. Edited and with commentary by Andrea G. Stillman, the foremost expert on Adams' work, this landmark publication includes quotations by Adams on the making of numerous photographs and essays by Wallace Stegner, William A. Turnage of The Ansel Adams Trust, and journalist and critic Richard B. Woodward. This is a must-own for Ansel Adams fans and all those who, like Adams, treasure America's wilderness.*

## Spectacle

## Rare and Astonishing Photographs

*National Geographic An exquisite photo collection showcasing awe-inducing moments from around the world, including the aurora borealis, cities made of neon lights, a great wildebeest migration, a contortionist on display--and more. In life, there are certain sights that are as beautiful as they are unforgettable--from a majestic supercell to the secrets of a deep blue ice cave to the world's largest library. These fascinating spectacles shock us in their diversity, their complexity, and their epic scale, bringing us the miraculous beauty of our planet. Featuring more than 200 color images, including acclaimed photography from the National Geographic Image Collection, this volume presents a dazzling array of natural and manmade wonders, unusual phenomena, and amusing curiosities.*

*Each page will enlighten and inspire, presenting our world at its best.*

# The Uninhabitable Earth

## A Story of the Future

*Penguin UK \*\*SUNDAY TIMES AND THE NEW YORK TIMES BESTSELLER\*\* 'An epoch-defining book' Matt Haig 'If you read just one work of non-fiction this year, it should probably be this' David Sexton, Evening Standard Selected as a Book of the Year 2019 by the Sunday Times, Spectator and New Statesman A Waterstones Paperback of the Year and shortlisted for the Foyles Book of the Year 2019 Longlisted for the PEN / E.O. Wilson Literary Science Writing Award It is worse, much worse, than you think. The slowness of climate change is a fairy tale, perhaps as pernicious as the one that says it isn't happening at all, and if your anxiety about it is dominated by fears of sea-level rise, you are barely scratching the surface of what terrors are possible, even within the lifetime of a teenager today. Over the past decades, the term "Anthropocene" has climbed into the popular imagination - a name given to the geologic era we live in now, one defined by human intervention in the life of the planet. But however sanguine you might be about the proposition that we have ravaged the natural world, which we surely have, it is another thing entirely to consider the possibility that we have only provoked it, engineering first in ignorance and then in denial a climate system that will now go to war with us for many centuries, perhaps until it destroys us. In the meantime, it will remake us, transforming every aspect of the way we live-the planet no longer nurturing a dream of abundance, but a living nightmare.*

## Edward Weston

*Skira - Berenice From nudes to landscapes, a wide-ranging retrospective of the work of Edward Weston, one of the greatest 20th-century American photographers. Edward Weston (Highland Park, Illinois, 1886 Wildcat Hill, California, 1958) began to take photographs at the age of sixteen and in 1911 he opened his first photographic studio in the town of Tropico in California. He became an increasingly important figure on the American art scene, so much so that in 1936 he was the first photographer to receive a research grant from the Guggenheim Foundation. In 1946 the MoMA in New York gave him a major retrospective, showing 300 works and thus definitively confirming him as one of the great artists of the 20th century. Often directly compared to painting and sculpture, Westons photography is the expression of a relentless quest for pureness, both in composition and in the almost obsessive perfection*

*of the image. This catalogue published to accompany an exhibition in Modena, the first show in Italy for over twenty years, celebrates Weston's extraordinary oeuvre with over 120 original photographic prints.*

## Peter Lindbergh. Shadows on the Wall

*Taschen Peter Lindbergh is wary of society's fixation on outlandishly retouched women. Shadows on the Wall offers a stunning curation of truly individual, intimate images, with hardly any retouching or makeup. Lindbergh shows profound compassion for the talented women whom he loves and has worked with for many years: Nicole Kidman, Julianne Moore, ...*

## Ansel Adams: 400 Photographs

*Ansel Adams The full spectrum of Ansel Adams' work in a single volume, offering the largest available compilation from his legendary photographic career capturing American landscapes. The photographs are arranged chronologically into five major periods, from his first photographs made in Yosemite and the High Sierra in 1916 to his work in the National Parks in the 1940s up to his last important photographs from the 1960s. An introduction and brief essays on selected images provide information about Adams' life, document the evolution of his technique, and give voice to his artistic vision. Few artists of any era can claim to have produced four hundred images of lasting beauty and significance. It is a testament to Adams' vision and lifetime of hard work that a book of this scale can be compiled. ANSEL ADAMS: 400 PHOTOGRAPHS is a must-have for anyone who appreciates photography and the allure of the natural world.*

## Collier's Guide to Photographing Arches National Park

*Grant Collier first photographed the rock formations at Arches National Park 25 years ago. Since then, he has returned countless times, taking thousands of images of this extraordinary landscape. He has explored every section of the park, including all of the iconic locations and many lesser-known spots. In this guidebook, Grant shares the vast knowledge he has gained of Arches National Park. He provides tips on shooting 35 different locations during both the day and night. He explains the best times of the year to photograph wildflowers, fall colors, thunderstorms, the Milky Way, meteors, and more. Whether you use a cell phone camera or are a seasoned professional, this book will help get you to the right locations at the right times.*

## Ansel Adams in Color

*Little, Brown Renowned as America's pre-eminent black-and-white landscape photographer, Ansel Adams began to photograph in color soon after Kodachrome film was invented in the mid 1930s. He made nearly 3,500 color photographs, a small fraction of which were published for the first time in the 1993 edition of ANSEL ADAMS IN COLOR. In this newly revised and expanded edition, 20 unpublished photographs have been added. New digital scanning and printing technologies allow a more faithful representation of Adams's color photography.*

## The Classical Music Lover's 2022 Weekly & Monthly Planner

*The Classical Music Lover's 2022 Weekly & Monthly Planner is an 8-inch by 10-inch calendar featuring a handsome cover photo of a cello. It's an organizer, daily agenda keeper, and planner with inspirational classical musical quotes for every month. The 2-page monthly spreads have large ruled blocks for each day, and contain major holidays as well as composers' birthdays. The weekly pages include large unruled blocks for each day, a large column for notes, and a snapshot of the month for quick reference. The 1-inch inside margins make it easy to write anywhere on the pages. There's also room in the back for extra notes, including bullet pages. The classical music lover on your gift list will appreciate these features: Monthly Inspirational Classical Music Quotes? General holidays noted in monthly spreads? Composer birthdays noted in monthly spreads? 20.32 cm x 25.4 cm (8 x 10 Inch)? 110 Pages of Cream Paper? Handsome Cover in Matte Finish? Beautiful cover photo of a cello? Title page illustration of a symphony orchestra conductor has space for personalization? Calendar Year Overviews - past, present, & future? 2-page Monthly Spreads with large ruled daily blocks? Weekly pages with large daily blocks? Extra notes pages following each month? Extra notes pages in back? Bullet journal pages in back? 110 pages? Large 1-inch inside margins*

## Hasselblad Award - Celebrating Photography

## Women of Abstract Expressionism

*Yale University Press This publication contains a survey of female abstract expressionist artists, revealing the richness and lasting influence of their work and the movement as a whole as well as highlighting the lack of critical attention they have received to date.*

## California

## With Classic California Writings

*Ansel Adams A celebration of California by its most renowned photographer, this book features many rarely seen images and an intriguing selection of writings about the state by classic and contemporary authors. This volume collects for the first time a full range of Adams' California images. Sixty-five beautifully reproduced photographs capture some of California's most inimitable vistas - San Francisco, the Golden Gate, Point Reyes, the North Coast, redwood forests, Mt. Lassen, orchards in Santa Clara, Lake Tahoe, lettuce fields in the Salinas Valley, and the gold country, among many others. Accompanying these beautiful photographs are evocative poems, essays, and passages about California by a wide range of notable writers, including Robert Louis Stevenson, Mark Twain, John Muir, Robinson Jeffers, John Steinbeck, John McPhee, Wallace Stegner, and Joan Didion.*

## Impounded

## Dorothea Lange and the Censored Images of Japanese

## American Internment

*W. W. Norton* A stunning array of nearly 120 photographs originally censored by the U.S. Army, many of which have never been published, captures the stark reality of the internment camps and the lives of the Japanese-American citizens who were rounded up and forced into the camps following Japan's 1941 bombing of Pearl Harbor. Reprint. 10,000 first printing.

## Ansel Adams in Yosemite Valley: Celebrating the Park at 150

*Little, Brown* A deluxe, oversized book timed for the 150th anniversary of Abraham Lincoln's signing of the Yosemite Grant, an event that laid the groundwork for the National Parks system. Ansel Adams first visited Yosemite in 1916, at the age of fourteen, and returned every year throughout his life. It was in Yosemite that he fell in love with Western wilderness and became a photographer; he made more photographs at Yosemite than at any other place. Roughly 150 breathtaking images are exquisitely reproduced in this large-format clothbound book. There are notable portraits of El Captain (the famous rock face whose Dawn Wall was recently free-climbed for the first time), Half Dome, Cathedral Rocks, Royal Arches, and other distinctive rock formations that frame the valley; grand views in all seasons and all states of weather; intimate details of nature from the Valley floor; the waterfalls--Bridaveil, Yosemite, Vernal, Nevada; studies of trees, from the giants of the Mariposa Grove to the exquisite white blossoms of the dogwood. There are gathering and clearing storms, snow and ice, bright sunshine, and the subtle shades of dawn and dusk. The photographs have been selected and sequenced by Peter Galassi, former Chief Curator of Photography at The Museum of Modern Art, New York. His abundantly illustrated introduction sets Adams's pictures within the rich history of imagery of Yosemite.

## Edward Weston

## Forms of Passion

*Harry N Abrams Incorporated This new book surveys Edward Weston's work more comprehensively and exhaustively than any previous work. A combination of biography and critical analysis, it offers more than 320 meticulously reproduced duotone images, nearly a quarter of which have never been reproduced in books before. The selected photographs trace Weston's career from his early days, through formative years in Mexico, and on through the balance of his career, which ended because of the onset of Parkinson's disease ten years prior to his death in 1958. Treated chronologically and emphasizing Weston's creative preoccupations in each period, the book includes work that he created in 1938 and 1939 with funds from the first two Guggenheim Foundation grants ever awarded to a photographer. To illustrate the book vintage prints have been selected from the copious Weston Archives at the Center for Creative Photography in Tucson, Arizona, and the highly important Lane Collection at the Boston Museum of Fine Arts. Nearly 10,000 photographs have been examined in order to select those reproduced in the book.*

## Looking at Ansel Adams

### The Photographs and the Man

*Little, Brown LOOKING AT ANSEL ADAMS is a personal and penetrating study that explores Ansel's life as an artist by looking closely at the stories behind 20 of his most significant images. Immediately recognizable photographs like Moonrise, Hernandez, New Mexico, and Mount McKinley and Wonder Lake are turned on their axes and seen from a new angle, along with ancillary photographs, alternative versions, and letters and postcards that relate to these beloved icons. Less familiar but equally important photographs provide unexpected insight into Ansel's creative and personal life. For anyone with a love of the American wilderness and an interest in the life and work of the country's most revered landscape photographer and environmental advocate, LOOKING AT ANSEL ADAMS is an essential and deeply satisfying book.*

## Examples
