The word of mouth results, have been the product of years of experimentation done millenniums ago. When did grandma become the epitome of wisdom and experience? Well, we should go back millenniums, when it was the job of the oldest generation to take care of the youngest generation, while the adults generation in between went out to collect food, water and other basic necessities necessary for survival. The job of raising and training the children was left to those people who were most experienced. It is possibly this reason why the oldest and the youngest generations still find that they are more compatible and comfortable with each other, due to natural preference, instinctive selection and human psychological and social behavior. So the children of the tribe, group, gathering, and city were put in charge of the elders, who used to talk to them about their ancient traditions, talk to them by their own grandparents. The rules and regulations of living in society and getting to know one's own place in the hierarchy of a tribe was thus transmitted from generation to generation through these elders. Grandpa trained the kids with tribal knowledge and physical exercise. Grandma was in charge of their overall emotional, spiritual and physical well-being. She was responsible for their health, well-being, food and other essential things necessary to keep children healthy and well-balanced members of the family and later on the tribe. ...and that caring instinct still is present... That is why the matriarch - mother - was given the job of passing on the herbal knowledge to the girls in the family, preparing them to be future matriarchs taking care of their own families, as years went by. The boys were trained into becoming warriors, teachers, farmers, food gatherers or in other professions by the males of the tribe. So the lines were demarcated out very clearly in well-regulated times since ancient days. The house, home and hearth and other duties pertaining to a domestic nature was under the jurisdiction of the females. The land, the preservation, cultivation and protection of the area around it was under the jurisdiction of the males. So it was the man's prerogative to be the hunter and the warrior, to feed and protect his family and tribe. **What's for Dinner?** [Createspace Independent Publishing Platform](#) *It's hard to get excited about making food that is one of the five recipes you've been making over and over for the past ten years, so it's time to expand your recipe library. The Quit Smoking Answer [CreateSpace](#) "The Quit Smoking Answer" is structured in such a way that all readers follow a process of "cold turkey" cessation through a step-by-step system to become nicotine free. The system shared is quick, easy, and proven, regardless of a person's dependency on nicotine. If you have ever thought, "wouldn't it be nice to quit smoking" than you've set the mood and you're ready to begin. It's easier to quit nicotine than you think! JW Smith, a smoker for 40 years, wrote this book after ending his vicious cycle of numerous failed attempts to quit. His system for nicotine cessation evolved over a subsequent six-week period of preparation to quit. He shares his story about a conversation with his nine year-old granddaughter that finally set the wheels in motion to find a better way - one that works. JW researched smoking cessation methods and used his own experience to forge a new path. This book may very well be destined to be in a category by itself in the nicotine cessation world of recommendations and advice. Why? Because it works! JW makes the case that smoking cessation is not an event, but rather a process. His book will teach you the key cognitive techniques he used to end both the physical and psychological addictions to nicotine. It debunks myths about nicotine replacement therapy products and instead lays out a natural progression of steps for becoming a nonsmoker. The premise of the book is based on this famous quote; "When you change the way you look at things, the things you look at change." In the beginning of the book it is recommended to establish an environment and path of least resistance. Less resistance to quit is the first key step to becoming nicotine free. It is recommended that readers continue the use tobacco products including e-cigarettes while reading the book over a two or three day period of time- helping again to establish less resistance to quit. He additionally recommends as a first step that you tell no one of your desire to quit - preventing anyone including yourself of sabotaging your intention. As you apply the techniques and methods written about it becomes a natural procession leading up to your very last cigarette or use of chewing tobacco. A transformation of your thinking takes place and ending your addiction will seem like an "almost non-event" - as something just happens to you as you read this book. You will be physically and mentally prepared to end your addiction after reading this one of a kind book. Free from nicotine for life - and all the great rewards that come with it! **The Egg Cookbook Taking a Simple Ingredient and Turning It Into Something Elegant** [Createspace Independent Pub](#) Eggs are a great source of protein and incredibly versatile. In many ways, yes; but this is not by Gods design. As society offers women opportunities to explore outer-space and govern nations, the church often stifles and limits them. The tide is changing, though. Amber Picotas Gods Feminist Movement is a new covenant manifesto calling women to embrace their true identity in Christ and fulfill their destiny as revolutionaries who shape the course of history with the Kingdom of God. There is a powerful new feminist movement emerging in the body of Christ. Its not politically driven and its not being championed by an uprising of angry man-haters. Based on an intense study of Scripture, factoring in historical and contextual hermeneutics and original languages, Picota shares a practical, non-legalistic, and non-traditional (yet deeply Biblical) look at topics that women commonly face, such as: Dating and Modesty Female Leaders in the Church Submission in Marriage Beauty and Self-Image Celebrate the power and beauty of womanhood. God has given you permission to change the world by being you! Break off religious traditions that keep women trapped in old school legalism and move beyond Christian clichés that minimize a womans true position in Christ! **Ted's Greenhouse Creating a Four-Season Passive Solar Greenhouse from the Ground Up** If you have ever dreamed of growing your own vegetables and flowers year-round in a passive solar greenhouse, this is a book you will be interested in.
