NINETY PERCENT OF EVERYTHING

INSIDE SHIPPING, THE INVISIBLE INDUSTRY THAT PUTS CLOTHES ON YOUR BACK, GAS IN YOUR CAR, AND FOOD ON YOUR PLATE

Metropolitan Books *Eye-opening and compelling, the overlooked world of freight shipping, revealed as the foundation of our civilization On ship-tracking websites, the waters are black with dots. Each dot is a ship; each ship is laden with boxes; each box is laden with goods. In postindustrial economies, we no longer produce but buy. We buy, so we must ship. Without shipping there would be no clothes, food, paper, or fuel. Without all those dots, the world would not work. Freight shipping has been no less revolutionary than the printing press or the Internet, yet it is all but invisible. Away from public scrutiny, shipping revels in suspect practices, dubious operators, and a shady system of "flags of convenience." Infesting our waters, poisoning our air, and a prime culprit of acoustic pollution, shipping is environmentally indefensible. And then there are the pirates. Rose George, acclaimed chronicler of what*

*we would rather ignore, sails from Rotterdam to Suez to Singapore on ships the length of football fields and the height of Niagara Falls; she patrols the Indian Ocean with an anti-piracy task force; she joins seafaring chaplains, and investigates the harm that ships inflict on endangered whales. Sharply informative and entertaining, *Ninety Percent of Everything* reveals the workings and perils of an unseen world that holds the key to our economy, our environment, and our very civilization.*

DEEP SEA AND FOREIGN GOING

INSIDE SHIPPING, THE INVISIBLE INDUSTRY THAT BRINGS YOU 90% OF EVERYTHING

Portobello Books *There are 100,000 freighters on the seas. Between them they carry nearly everything we eat, wear and work with. In this unique investigation, Rose George joins the crew of a container ship to chart the murky waters of international shipping, with its powerful naval fleets, pirate gangs, and illegal floating factories, to reveal the hidden industry upon which our world turns and our future depends.*

STRENGTHENING FORENSIC SCIENCE IN THE UNITED STATES

A PATH FORWARD

National Academies Press *Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. *Strengthening Forensic Science in the United States: A Path Forward* provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. *Strengthening Forensic Science in the United States* gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.*

OUTSIDE THE BOX

HOW GLOBALIZATION CHANGED FROM MOVING STUFF TO SPREADING IDEAS

Princeton University Press *"Marc Levinson offers a brief history of globalization through the stories of the fascinating people and companies that built global supply chains. In Small World he will follow the thread of the balance between people in the private sector pursuing new ways to make goods and do business and governments eliminating barriers. These two spheres—the private sector and government—did not go global in tandem, and many developments in one sphere were far more impactful in the other than imagined at the time. The book will narrate the development of global supply chains in response to trends in both, telling stories ranging from a Prussian-born trader in New Jersey in the 1760s who dreamed of building a vertically-integrated metals empire, to new megaships too big to call on most of the world's ports leaving half empty, as globalization entered a new stage in its history around 2006. Bringing the story up to the present, Levinson engagingly illustrates how we're not experiencing the end of globalization, only its transformation. As one type of globalization is declining, a new one is on the rise"*--

THE IMAGE OF THE CITY

MIT Press *The classic work on the evaluation of city form. What does the city's form actually mean to the people who live there? What can the city planner do to make the city's image more vivid and memorable to the city dweller? To answer these questions, Mr. Lynch, supported by studies of Los Angeles, Boston, and Jersey City, formulates a new criterion—imageability—and shows its potential value as a guide for the building and rebuilding of cities. The wide scope of this study leads to an original and vital method for the evaluation of city form. The architect, the planner, and certainly the city dweller will all want to read this book.*

NINE PINTS

A JOURNEY THROUGH THE MYSTERIOUS, MIRACULOUS WORLD OF BLOOD

Portobello Books *Most humans contain between nine and twelve pints of blood. Here Rose George, who probably contains nine pints, tells nine different stories about the liquid that sustains us, discovering what it reveals about who we are. In Nepal, she meets girls challenging the taboos surrounding menstruation; in the Canadian prairies, she visits a controversial plasma clinic; in Wales she gets a tour of the UK's only leech farm to learn about the vital role the creatures still play in modern surgery; and in a London hospital she accompanies a medical team revolutionising the way we treat trauma. Nine Pints reveals the richness and wonder of the potent*

red fluid that courses around our bodies, unseen but miraculous.

IDENTIFYING AND TEACHING CHILDREN AND YOUNG PEOPLE WITH DYSLEXIA AND LITERACY DIFFICULTIES

AN INDEPENDENT REPORT FROM SIR JIM ROSE TO THE SECRETARY OF STATE FOR CHILDREN, SCHOOLS AND FAMILIES

THE THREAT OF PANDEMIC INFLUENZA

ARE WE READY? WORKSHOP SUMMARY

National Academies Press *Public health officials and organizations around the world remain on high alert because of increasing concerns about the prospect of an influenza pandemic, which many experts believe to be inevitable. Moreover, recent problems with the availability and strain-specificity of vaccine for annual flu epidemics in some countries and the rise of pandemic strains of avian flu in disparate geographic regions have alarmed experts about the world's ability to prevent or contain a human pandemic. The workshop summary, *The Threat of Pandemic Influenza: Are We Ready?* addresses these urgent concerns. The report describes what steps the United States and other countries have taken thus far to prepare for the next outbreak of "killer flu." It also looks at gaps in readiness, including hospitals' inability to absorb a surge of patients and many nations' incapacity to monitor and detect flu outbreaks. The report points to the need for international agreements to share flu vaccine and antiviral stockpiles to ensure that the 88 percent of nations that cannot manufacture or stockpile these products have access to them. It chronicles the toll of the H5N1 strain of avian flu currently circulating among poultry in many parts of Asia, which now accounts for the culling of millions of birds and the death of at least 50 persons. And it compares the costs of preparations with the costs of illness and death that could arise during an outbreak.*

INTRODUCING MICROSOFT POWER BI

Microsoft Press *This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. *Introducing Microsoft Power BI* enables you to evaluate when and how to use Power BI. Get inspired to improve business processes in your company by leveraging the available analytical and collaborative features of this environment. Be sure to watch for the publication of Alberto Ferrari and Marco Russo's upcoming retail book, *Analyzing Data with Power BI and Power Pivot for Excel* (ISBN 9781509302765). Go to the book's page at the Microsoft Press Store here for more details:<http://aka.ms/analyzingdata/details>. Learn more about Power BI at <https://powerbi.microsoft.com/>.*

THE MUELLER REPORT

THE FINAL REPORT OF THE SPECIAL COUNSEL ON RUSSIAN INTERFERENCE IN THE 2016 PRESIDENTIAL ELECTION

Courier Dover Publications *This is the full Mueller Report, as released on April 18, 2019, by the U.S. Department of Justice. A reprint of the report exactly as it was issued by the government, it is without analysis or commentary from any other source and with nothing subtracted except for the material redacted by the Department of Justice. The mission of the Mueller investigation was to examine Russian interference in the 2016 Presidential election, consisting of possible links, or "collusion," between the Donald Trump campaign and the Russian government of Vladimir Putin as well as any allegations of obstruction of justice in this regard. It was also intended to detect and prosecute, where warranted, any other crimes that surfaced during the course of the investigation. The report consists of a detailed summary of the various investigations and inquiries that the Special Counsel and colleagues carried out in these areas. The investigation was initiated in the aftermath of the firing of FBI Director James Comey by Donald Trump on May 9, 2017. The FBI, under Director Comey, had already been investigating links between Russia and the Trump campaign. Mueller submitted his report to Attorney General William Barr on March 22, 2019, and the Department of Justice released the redacted report one month later.*

PROJECT MANAGEMENT

CASE STUDIES

John Wiley & Sons *A new edition of the most popular book of project management case studies, expanded to include more than 100 cases plus a "super case" on the Iridium Project Case studies are an important part of project management education and training. This Fourth Edition of Harold Kerzner's Project Management Case Studies features a number of new cases covering value measurement in project management. Also included is the well-received "super case," which covers all aspects of project management and may be used as a capstone for a course. This new edition: Contains 100-plus case studies drawn from real companies to illustrate both successful and poor implementation of project management Represents a wide range of industries, including medical and pharmaceutical, aerospace, manufacturing, automotive, finance and banking, and telecommunications Covers cutting-edge areas of construction and international project management plus a "super case" on the Iridium Project, covering all aspects of project management Follows and supports preparation for the Project Management Professional (PMP®) Certification Exam Project Management Case Studies, Fourth Edition is a valuable resource for students, as well as practicing engineers and managers,*

and can be used on its own or with the new Eleventh Edition of Harold Kerzner's landmark reference, *Project Management: A Systems Approach to Planning, Scheduling, and Controlling*. (PMP and Project Management Professional are registered marks of the Project Management Institute, Inc.)

NINE PINTS

A JOURNEY THROUGH THE MONEY, MEDICINE, AND MYSTERIES OF BLOOD

Metropolitan Books *An eye-opening exploration of blood, the lifegiving substance with the power of taboo, the value of diamonds and the promise of breakthrough science Blood carries life, yet the sight of it makes people faint. It is a waste product and a commodity pricier than oil. It can save lives and transmit deadly infections. Each one of us has roughly nine pints of it, yet many don't even know their own blood type. And for all its ubiquitousness, the few tablespoons of blood discharged by 800 million women are still regarded as taboo: menstruation is perhaps the single most demonized biological event. Rose George, author of The Big Necessity, is renowned for her intrepid work on topics that are invisible but vitally important. In Nine Pints, she takes us from ancient practices of bloodletting to the breakthrough of the "liquid biopsy," which promises to diagnose cancer and other diseases with a simple blood test. She introduces Janet Vaughan, who set up the world's first system of mass blood donation during the Blitz, and Arunachalam Muruganatham, known as "Menstrual Man" for his work on sanitary pads for developing countries. She probes the lucrative business of plasma transfusions, in which the US is known as the "OPEC of plasma." And she looks to the future, as researchers seek to bring synthetic blood to a hospital near you. Spanning science and politics, stories and global epidemics, Nine Pints reveals our life's blood in an entirely new light. Nine Pints was named one of Bill Gates recommended summer reading titles for 2019.*

THE CONDITION OF THE WORKING-CLASS IN ENGLAND IN 1844

NEVER LET ME GO

REPORT OF THE PRESIDENTIAL COMMISSION ON THE SPACE SHUTTLE CHALLENGER ACCIDENT

DIANE Publishing *Reviews the circumstances surrounding the Challenger accident to establish the probable cause or causes of the accident. Develops recommendations for corrective or other action based upon the Commission's findings and determinations. Color photos, charts and tables.*

WORLD SOCIAL REPORT 2020

INEQUALITY IN A RAPIDLY CHANGING WORLD

United Nations *This report examines the links between inequality and other major global trends (or megatrends), with a focus on technological change, climate change, urbanization and international migration. The analysis pays particular attention to poverty and labour market trends, as they mediate the distributional impacts of the major trends selected. It also provides policy recommendations to manage these megatrends in an equitable manner and considers the policy implications, so as to reduce inequalities and support their implementation.*

FUTURE OF SOLAR PHOTOVOLTAIC

International Renewable Energy Agency (IRENA) *This study presents options to fully unlock the world's vast solar PV potential over the period until 2050. It builds on IRENA's global roadmap to scale up renewables and meet climate goals.*

OUT OF THE DUST (SCHOLASTIC GOLD)

Scholastic Inc. *Acclaimed author Karen Hesse's Newbery Medal-winning novel-in-verse explores the life of fourteen-year-old Billie Jo growing up in the dust bowls of Oklahoma.*

THE GUMSHOE

Savant Books & Publications *Chicago, 1947. Private investigator "Matt" McBride runs afoul of corrupt politicians, vicious mobsters and a trigger-happy Texan femme fatale to prove that the "suicide" of his best friend was murder. Matt's perilous journey to track down the killer nearly dead-ends in a motor home on collision course with a cargo plane.*

ENGLISH AS A GLOBAL LANGUAGE

Cambridge University Press *David Crystal's classic English as a Global Language considers the history, present status and future of the English language, focusing on its role as the leading international language. English has been deemed the most 'successful' language ever, with 1500 million speakers internationally, presenting a difficult task to those who wish to investigate it in its entirety. However, Crystal explores the subject in a measured but engaging way, always backing up observations with facts and figures.*

Written in a detailed and fascinating manner, this is a book written by an expert both for specialists in the subject and for general readers interested in the English language.

ALCOHOLICS ANONYMOUS

THE STORY OF HOW MANY THOUSANDS OF MEN AND WOMEN HAVE RECOVERED FROM ALCOHOLISM

The basic text for Alcoholics Anonymous.

CONGRESSIONAL RECORD

PROCEEDINGS AND DEBATES OF THE ... CONGRESS

AROUND THE WORLD IN 80 DAYS

Prabhat Prakashan *Around the World in Eighty Days* by Jules Verne tells of an amazing journey because of a really big bet. Ruthless Phileas Fogg lies, cheats, and does whatever he has to do to prove he can get around the world in 80 days.

WHEN SCOTLAND WAS JEWISH

DNA EVIDENCE, ARCHEOLOGY, ANALYSIS OF MIGRATIONS, AND PUBLIC AND FAMILY RECORDS SHOW TWELFTH CENTURY SEMITIC ROOTS

McFarland *The popular image of Scotland is dominated by widely recognized elements of Celtic culture. But a significant non-Celtic influence on Scotland's history has been largely ignored for centuries? This book argues that much of Scotland's history and culture from 1100 forward is Jewish. The authors provide evidence that many of the national heroes, villains, rulers, nobles, traders, merchants, bishops, guild members, burgesses, and ministers of Scotland were of Jewish descent, their ancestors originating in France and Spain. Much of the traditional historical account of Scotland, it is proposed, rests on fundamental interpretive errors, perpetuated in order to affirm Scotland's identity as a Celtic, Christian society. A more accurate and profound understanding of Scottish history has thus been buried. The authors' wide-ranging research includes examination of census records, archaeological artifacts, castle carvings, cemetery inscriptions, religious seals, coinage, burgess and guild member rolls, noble genealogies, family crests, portraiture, and geographic place names.*

TRAPPED

EXPANDED EDITION

Serena is between a rock and a hard place. A military experiment gone wrong has sent her world crashing down-along with everybody else's-as a mysterious disease turns living, breathing, red-blooded people into mindless weapons of destruction. Supplies have run so low that her husband leaves to find food for them and never returns. Serena finds herself alone and preparing for inevitable death from starvation when her husband's best friend, Steven, shows up to her rescue. After seeing his best friend turn, Steven knows what he must do: protect and save his old buddy's wife-the only person he has left now that his whole family and everyone else he cared about is gone. Only Serena is not just his undead best friend's girl-Steven has had a secret crush on Serena for almost as long as he has known her, doing everything in his power to hide it from his buddy while he was alive. And now, at the horrible price of losing his best friend, he has a chance to be with her. But would Serena ever give him a chance, given their circumstances?

IGNITION!

AN INFORMAL HISTORY OF LIQUID ROCKET PROPELLANTS

Rutgers University Press *This newly reissued debut book in the Rutgers University Press Classics Imprint is the story of the search for a rocket propellant which could be trusted to take man into space. This search was a hazardous enterprise carried out by rival labs who worked against the known laws of nature, with no guarantee of success or safety. Acclaimed scientist and sci-fi author John Drury Clark writes with irreverent and eyewitness immediacy about the development of the explosive fuels strong enough to negate the relentless restraints of gravity. The resulting volume is as much a memoir as a work of history, sharing a behind-the-scenes view of an enterprise which eventually took men to the moon, missiles to the planets, and satellites to outer space. A classic work in the history of science, and described as "a good book on rocket stuff...that's a really fun one" by SpaceX founder Elon Musk, readers will want to get their hands on this influential classic, available for the first time in decades.*

FLU

THE STORY OF THE GREAT INFLUENZA PANDEMIC OF 1918 AND THE SEARCH FOR THE VIRUS THAT CAUSED IT

Simon and Schuster *Describes the great flu epidemic of 1918, an outbreak that killed some forty million people worldwide, and*

discusses the efforts of scientists and public health officials to understand and prevent another lethal pandemic.

TRADE AND GENDER

OPPORTUNITIES AND CHALLENGES FOR DEVELOPING COUNTRIES

United Nations Publications *Equal rights between men and women are enshrined as a fundamental human right in the UN Charter, and reflected in various internationally agreed instruments, such as the 1979 Convention on the Elimination of All Forms of Discrimination against Women and the 1995 Beijing Declaration and Platform for Action. Although there has been notable progress in some areas, in most nations women are still at a disadvantage in terms of their role and position in the economic and political arenas. This publication examines the gender dimension of trade and seeks to identify policy challenges and responses to promote gender equality in light of increasing globalisation. Issues discussed include: economics of gender equality, international trade and development; multilateral negotiations on agriculture in developing countries; gender-related issues in the textiles and clothing sectors; international trade in services; gender and the TRIPS Agreement; the impact of WTO rules on gender equality; human rights aspects; fair trade initiatives; the role of IT in promoting gender equality, the Gender Trade Impact Assessment and trade reform.*

THE FINANCIAL CRISIS INQUIRY REPORT

THE FINAL REPORT OF THE NATIONAL COMMISSION ON THE CAUSES OF THE FINANCIAL AND ECONOMIC CRISIS IN THE UNITED STATES INCLUDING DISSENTING VIEWS

Cosimo, Inc. *The Financial Crisis Inquiry Report, published by the U.S. Government and the Financial Crisis Inquiry Commission in early 2011, is the official government report on the United States financial collapse and the review of major financial institutions that bankrupted and failed, or would have without help from the government. The commission and the report were implemented after Congress passed an act in 2009 to review and prevent fraudulent activity. The report details, among other things, the periods before, during, and after the crisis, what led up to it, and analyses of subprime mortgage lending, credit expansion and banking policies, the collapse of companies like Fannie Mae and Freddie Mac, and the federal bailouts of Lehman and AIG. It also discusses the aftermath of the fallout and our current state. This report should be of interest to anyone concerned about the financial situation in the U.S. and around the world. THE FINANCIAL CRISIS INQUIRY COMMISSION is an independent, bi-partisan, government-appointed panel of 10 people that was created to "examine the causes, domestic and global, of the current financial and economic crisis in the United States." It was established as part of the Fraud Enforcement and Recovery Act of 2009. The commission consisted of private citizens*

with expertise in economics and finance, banking, housing, market regulation, and consumer protection. They examined and reported on "the collapse of major financial institutions that failed or would have failed if not for exceptional assistance from the government." *News Dissector* **DANNY SCHECHTER** is a journalist, blogger and filmmaker. He has been reporting on economic crises since the 1980's when he was with ABC News. His film *In Debt We Trust* warned of the economic meltdown in 2006. He has since written three books on the subject including *Plunder: Investigating Our Economic Calamity* (Cosimo Books, 2008), and *The Crime Of Our Time: Why Wall Street Is Not Too Big to Jail* (Disinfo Books, 2011), a companion to his latest film *Plunder The Crime Of Our Time*. He can be reached online at www.newsdissector.com.

MOCKINGJAY (HUNGER GAMES, BOOK THREE)

Scholastic Inc. The greatly anticipated final book in the New York Times bestselling Hunger Games trilogy by Suzanne Collins.

THE PSYCHOSOCIAL IMPLICATIONS OF DISNEY MOVIES

MDPI In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney's films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.

THE ICE DRAGON

HarperCollins UK An enchanting tale of courage and sacrifice for young readers and adults by the wildly popular George R.R. Martin, author of *A Song of Ice and Fire*, the series that inspired HBO's Emmy Award-winning *GAME OF THRONES*. Lavish illustrations by acclaimed artist Luis Royo enrich this captivating and heartwarming story of a young girl and her dragon.

CAPITAL

Penguin UK *The "forgotten" second volume of Capital, Marx's world-shaking analysis of economics, politics, and history, contains the vital discussion of commodity, the cornerstone to Marx's theories.*

THE MASTER KEY SYSTEM

The Floating Press *The Master Key System is a personal development book by Charles F. Haanel. Originally a 24 week correspondence course released in 1912, it was published in this book form in 1917. Along with "The Science of Getting Rich", by Wallace D. Wattles, the Master Key System was a primary inspiration for Rhonda Byrne's book and film "The Secret". Charles F. Haanel was an American author, millionaire, entrepreneur, and businessman who belonged to the American Scientific League and several Masonic societies.*

HARRY POTTER AND THE ORDER OF THE PHOENIX

Bloomsbury Publishing *Celebrate 20 years of Harry Potter magic! Dark times have come to Hogwarts. After the Dementors' attack on his cousin Dudley, Harry Potter knows that Voldemort will stop at nothing to find him. There are many who deny the Dark Lord's return, but Harry is not alone: a secret order gathers at Grimmauld Place to fight against the Dark forces. Harry must allow Professor Snape to teach him how to protect himself from Voldemort's savage assaults on his mind. But they are growing stronger by the day and Harry is running out of time. These new editions of the classic and internationally bestselling, multi-award-winning series feature instantly pick-up-able new jackets by Jonny Duddle, with huge child appeal, to bring Harry Potter to the next generation of readers. It's time to PASS THE MAGIC ON ...*

THE BRAIN THAT CHANGES ITSELF

STORIES OF PERSONAL TRIUMPH FROM THE FRONTIERS OF BRAIN SCIENCE

Penguin UK *An introduction to the science of neuroplasticity recounts the case stories of patients with mental limitations or brain damage whose seemingly unalterable conditions were improved through treatments that involved the thought re-alteration of brain structure.*

KING GEORGE V

Weidenfeld & Nicolson *The Whitbread (and Wolfson and Yorkshire Post) Prize Winning account of the king whose life spanned the centuries. Grandfather of the present Queen, George V bridged the century from the 'glories' of the Victorian and Edwardian eras through the horrors of the Great War. His life is recounted here drawing on letters and diaries of the Royal family as well as intimates and social observers of the time. As his funeral cortege turned into New Palace Yard the Maltese Cross fell from the Crown and landed in the gutter. 'A most terrible omen' wrote Harold Nicolson. And indeed it was.*

EDEXCEL GCSE (9-1) BUSINESS, SECOND EDITION

Hachette UK Exam Board: Edexcel Level: GCSE Subject: Business First Teaching: September 2017 First Exam: June 2019 Endorsed for Edexcel Let Ian Marcouse successfully steer you through the new specification with his proven and popular approach to Business; clear content coverage is enhanced by numerous real-life examples to create a course that engages, motivates and develops every student. - Breaks down the content of the 2017 specification into clear, accessible explanations of important concepts and theories - Helps students apply their knowledge to a range of real business examples, issues and contexts, supported by 'Talking Points' that encourage critical and commercial thinking - Improves quantitative, investigative, analytical and evaluation skills through end-of-chapter exercises - Builds students' confidence approaching their exams as they practise calculation, short answer and extended-writing questions with stimulus materials - Boosts students' vocabulary and supports revision with definitions of key terminology for each topic

SOPHIE'S WORLD

Hachette UK *The international bestseller about life, the universe and everything. When 14-year-old Sophie encounters a mysterious mentor who introduces her to philosophy, mysteries deepen in her own life. Why does she keep getting postcards addressed to another girl? Who is the other girl? And who, for that matter, is Sophie herself? To solve the riddle, she uses her new knowledge of philosophy, but the truth is far stranger than she could have imagined. A phenomenal worldwide bestseller, SOPHIE'S WORLD sets out to draw teenagers into the world of Socrates, Descartes, Spinoza, Hegel and all the great philosophers. A brilliantly original and fascinating story with many twists and turns, it raises profound questions about the meaning of life and the origin of the universe.*

BILLBOARD

In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.
