The landscape of the western front was captured during the conflict in many different ways: in photographs, paintings and print. The most commonly replicated voicing of contemporary attitudes towards the war is that of initial enthusiasm giving way to disillusionment and a sense of overwhelming futility. Investigations of the many components of war experience drawn from social and cultural history have looked to landscapes and voices beyond the frontline as a means of foregrounding different perspectives on the war. Not all of the voices presented here opposed the war, and not all of the landscapes were comprised of trenches or flanked by barbed wire. Collectively, they combine to offer further fresh insights into the multiplicity of war experience, an alternate space to the familiar tropes of mud and mayhem. **The Demon Inside The Zone War Trilogy Terry Cloutier** The Demon Inside is about an ordinary man whose childhood trauma at the hands of a sadistic killer causes him to create the Zone to escape from pain and anguish in real life. **Voice of the Silenced Peoples in the Global Cold War The Assembly of Captive European Nations, 1954-1972 Walter de Gruyter GmbH & Co KG** According to its members, exiled political leaders from nine east European countries, the ACEN was an umbrella organization—a quasi-East European parliament in exile—composed of formerly prominent statesmen who strove to maintain the case of liberation of Eastern Europe from the Soviet yoke on the agenda of international relations. Founded by the Free Europe Committee, from 1954 to 1971 the ACEN tried to lobby for Eastern European interests on the U.S. political scene, in the United Nations and the Council of Europe. Furthermore, its activities can be traced to Latin America, Asia and the Middle East. However, since it was founded and sponsored by the Free Europe Committee (most commonly recognized as the sponsor of the Radio Free Europe), the ACEN operations were obviously influenced and monitored by the Americans (CIA, Department of State). This book argues that despite the émigré leadership's self-restraint in expressing criticism of the U.S. foreign policy, the ACEN was vulnerable to, and eventually fell victim of, the changes in the American Cold War policies. Notwithstanding the termination of Free Europe's support, ACEN members reconstituted their operations in 1972 and continued their actions until 1989. Based on a thorough archival research (twenty different archives in the U.S. and Europe, interviews, published documents, memoirs, press) this book is a first complete story of an organization that is quite often mentioned in publications related to the operations of the Free Europe Committee but hardly ever thoroughly studied. **War's Other Voices Women Writers on the Lebanese Civil War Syracuse University Press** Consciousness of survival was catalytic: the Beirut Decentrists began to describe a society that had gone beyond the masculinization normal in most wars and achieved an almost unprecedented feminization. Emigration, the expected behavior for men before 1975, was rejected. Staying, the expected behavior for women before 1975, became the sine qua non for Lebanese citizenship.". **Voices from the Korean War Personal Stories of American, Korean, and Chinese Soldiers University Press of Kentucky** " She was homely, overweight, and over the hill, but there was a time when Marie Dressler outdrew such cinema sex symbols as Garbo, Dietrich, and Harlow. To movie audiences suffering the hardships of the Great Depression, she was Everywoman, and in the early 1930s her charming mixture of pathos and comedy packed movie theaters everywhere. In the early days of the century, Dressler was constantly in the headlines. She took up the cause of the "ponies" in the chorus lines, earning them better pay and benefits. She played in productions organized to raise money for the women's suffrage movement. And during World War I she claimed she sold more liberty bonds than any other individual in the United States. Dressler was an astute observer of public mood and taste. When she was lucky enough to find work in the newly minted Hollywood talkies, she grabbed the brass

ring with fierce enthusiasm, even making three films in the year before her death, when she was so sick she had to rest between scenes on a sofa just out of camera range. The two-hundred-pound actress's remarkable stage presence captivated audiences even though her roles were not Hollywood beauties. She played tough, practical characters such as the old wharf rat in *Anna Christie* (1930), the waterfront innkeeper in *Min and Bill* (1931) -- for which she won the Academy Award for best actress -- the aging housekeeper in *Emma* (1932), and the title role in *Tugboat Annie* (1933). She spoke honestly to her audiences, and troubled people in the comforting darkness of the Depression-era movie theaters embraced her as one of themselves.

**Army Nurse Corps Voices from the Vietnam War**  
**Eight Women, One War Springer Nature** This book provides an oral history of women who served in the U.S. Army Nurse Corps during the Vietnam War. It follows the trajectory of eight women's lives from their decision to become nurses, to surgical and evacuation hospitals in Vietnam, and then home to face the consequences of war on their personal and professional lives. It documents their lived experience in Vietnam and explores the memories and personal stories of nurses who treated injured American soldiers, Vietnamese civilians, and the enemy. Their voices reveal the physical and emotional challenges, trauma, contradictions, and lingering effects of war on their lives. Women in the U.S. Army in Vietnam feared the enemy but also sexual violence and harassment: the experiences this book documents also shed light on the extent of historical sexual abuse in the military.

**Voice of Veterans of the Afghan War Hearing Before the Committee on Foreign Relations, United States Senate, One Hundred Eleventh Congress, First Session, April 23, 2009 Women's Poetry of the First World War University Press of Kentucky China and the First Vietnam War, 1947-54 Routledge** This book charts the development of the First Vietnam War – the war between the Vietnamese Communists (the Viet Minh) and the French colonial power – considering especially how relations between the Viet Minh and the Chinese Communists had a profound impact on the course of the war. It shows how the Chinese provided finance, training and weapons to the Viet Minh, but how differences about strategy emerged, particularly when China became involved in the Korean War and the subsequent peace negotiations, when the need to placate the United States and to prevent US military involvement in Southeast Asia became a key concern for the Chinese. The book shows how the Viet Minh strategy of all-out war in the north and limited guerrilla warfare in the south developed from this situation, and how the war then unfolded.

**The Voice upon the mountains, ed. by T.G. Bell, Vol.[1]-3 Imperial Germany's "Iron Regiment" of the First World War - Second Edition Badgley Publishing Company** Imperial Germany's "Iron Regiment" of the First World War offers a rare English-language account of a premier German infantry unit. Renowned as the Iron Regiment for its fighting record in the legendary 1916 Battle of the Somme, its service spanned from WW I's earliest battles through its destruction by US Marines in the Argonne Forest in the war's final days. Inspired by a wartime journal written by the author's grandfather, an IR 169 veteran, much of the book is drawn from rare soldier accounts, many published here for the first time in English. The voice of these soldiers take us into the other side of the trenches and through the unimaginable horrors of the First World War. This second edition adds over 100 pages of text, maps, and pictures to the original publication. "An excellent writing looking at WW 1 from a German soldier's perspective. I highly recommend it to everyone interested in learning more about the Great War." Gerald York, Colonel (Ret), US Army Grandson of Sergeant Alvin York, famed US Army WW I Medal of Honor Recipient "This book stands head and shoulders above previously published unit histories and should not be ignored for its substantial value in providing the whole picture of many of the war's landmark battles." Roads to the Great War "War histories of German regiments during either the First or Second World War are comparatively rare, and this book is a welcome addition." Britain at War Magazine "A complete lifecycle account of a German regiment for the duration of the First World War, and so a rare contribution to those wishing to see the war from the German perspective." Great War Society ----- The author, John K. Rieth, is a retired US Army Lieutenant Colonel with a lifelong interest in military history. He is the author of Patton's Forward Observers: The History of the 7th Field Artillery Battalion and is a member of the US Army Historical Foundation and the Western Front Association.

**Fight the Good Fight Voices of Faith from the First World War Grub Street Publishers** "The inspiring stories of a number of very different characters who used their Christian faith to cope with their experiences of the First World War." —Jacqueline Wadsworth, author of *Letters from the Trenches* While a toxic mixture of nationalism and militarism tore Europe and the wider world apart from 1914 to 1919, there was one factor that united millions of people across all nations: that of a Christian faith. People interpreted this faith in many different ways. Soldiers marched off to war with ringing endorsements from bishops that they were fighting a Godly crusade, others preached in churches and tribunal hearings that war was fundamentally against the teachings of Christ. Whether Church of England or Nonconformist, Catholic or Presbyterian, German Lutheran or the American Church of Christ in Christian Union, men and women across the globe conceptualized their war through the prism of their belief in a Christian God. This book brings together twenty-three individual and family case studies, some of well-known personalities, others whose stories have been neglected through the decades. Although divided by nation, social class, political outlook, and denomination, they were united in their desire to 'Fight the Good Fight.' "John Broom looks at such beliefs during the first world war—the Tommies were always fighting for God, the king and their country . . . a fascinating study." —Books Monthly "A detailed study of a usually hidden aspect of wartime social history, the topic of Christian faith. Fight the Good Fight has been meticulously researched and includes a wealth of previously unpublished material." —Come Step Back In Time

**Voices 1 An Anthology of Barbadian Writing A People's War on Poverty Urban Politics and Grassroots Activists in Houston University of Georgia Press** Phelps investigates the on-the-ground implementation of President Lyndon Johnson's War on Poverty during the 1960s and 1970s and argues that the fluid interaction between federal policies, urban politics, and grassroots activists created a significant site of conflict over the meaning of American democracy.

**Voices in Time McGill-Queen's Press - MQUP** In the 1980s the Bureaucracy eliminated all knowledge of the past in the wake of a nuclear holocaust. In 2030 Andr?ervais discovers two metal boxes containing manuscripts, diaries, and other personal papers that have somehow survived and asks an old man, John Wellfleet, to use these documents to discover the past. In doing so, Wellfleet learns the truth about two relatives: his older cousin Timothy Wellfleet, a Montreal TV journalist at the time of the 1970 War Measures Act, and his stepfather, Conrad Dehmel, a German scholar struggling to keep his Jewish fianc?and himself safe from

Hitler's Gestapo. Hugh MacLennan skillfully juxtaposes the insanity of life in Nazi Germany, the political climate of Montreal in the 1960s, and the perspective of an old man looking back on the conditions that led to world destruction as the background to an unforgettable love story. **The Voice of War The Second World War Told by Those Who Fought It Penguin UK** The Second World War was the first truly global conflict and sixty years on its consequences continue to shape the modern world. Season by season The Voice of War charts the course of the central event of the twentieth century using the diaries, letters and memoirs of those who were there, from Russian women fighter pilots to the prisoners of the Japanese to Londoners enduring the Blitz. Their first-hand accounts place us on the ramparts of Colditz, in the hiding places of the Warsaw Ghetto, aboard a dive bomber at Pearl Harbor, with Rommel in the desert and by Churchill's side in Downing Street. Unrivalled in the immediacy, range and power of the experiences it contains, it includes writing by, among others, Joseph Goebbels, Benito Mussolini, Christabel Bielenberg, Noel Coward, Robert Capa, Airey Neave, George Patton, Hermione Ranfurly, Arthur Koestler, James Lees-Milne, Martha Gellhorn, Sophia Loren and Primo Levi. Ambitious, instructive and entertaining, this is the definitive portrait of a world at war. **The Voice of Korea Forgotten Voices Of The Second World War A New History of the Second World War in the Words of the Men and Women Who Were There Random House** The Imperial War Museum holds a vast archive of interviews with soldiers, sailors, airmen and civilians of most nationalities who saw action during WW2. As in the highly-acclaimed Forgotten Voices of the Great War, Max Arthur and his team of researchers spent hundreds of hours digging deep into this unique archive, uncovering tapes, many of which have not been listened to since they were created in the early 1970s. The result will be the first complete oral history of World War 2. We hear at first from British, German and Commonwealth soldiers and civilians. Accounts of the impact of U.S. involvement after Pearl Harbour and the major effects it had on the war in Europe and the Far East is chronicled in startling detail, including compelling interviews from U.S. and British troops who fought against the Japanese. Continuing through from D-Day, to the Rhine Crossing and the dropping of the Atom Bomb in August 1945, this book is a unique testimony to one of the world's most dreadful conflicts. One of the hallmarks of Max Arthur's work is the way he involves those left behind on the home front as well as those working in factories or essential services. Their voices will not be neglected. **Family Voice Poetry and Voice A Book of Essays Cambridge Scholars Publishing** Poetry and Voice, with a foreword by Helen Dunmore, is a book of essays which fuses critical and creative treatments of poetic voice. Some contributors focus on critical explorations of voice in work by poets such as John Ashbery, Simon Armitage, Eavan Boland, Carol Ann Duffy, Arun Kolatkar, Don McKay and Dragica Rajčić, and on the musical voices of the lyric tradition and of poetry itself. Vicki Feaver, Jane Griffiths, Philip Gross, Waqas Khwaja, Lesley Saunders and David Swann reflect on their own poetic processes of composition, and the development of the voices of childhood, old age, migration, landscape, bilinguality, and imprisonment. Laurel Cohen-Pfister and Tatjana Bijelić examine the nature of poetic voice in exile, the need for fresh voices after war and new spaces in which poetic voices can be heard. In this international collection, the contributors give rare and generous insights into inner poetic processes and external effects. They engage with artistic debates about developing, losing and appropriating voice in poetry and approach the question of what is 'finding a voice' in poetry from multiple angles. The book will interest literary critics, poets, lecturers, and undergraduate and postgraduate students of literature, poetry and creative writing. **The American Catalogue** American national trade bibliography. **Voices on War and Genocide Three Accounts of the World Wars in a Galician Town Berghahn Books** Taking as its point of departure Omer Bartov's acclaimed Anatomy of a Genocide, this volume brings together previously unknown accounts by three individuals from Buczacz. These rare narratives give personal glimpses into daily life in unsettled times: a Polish headmaster during World War I, a Ukrainian teacher and witness to both Soviet and German rule, and a Jewish radio technician, genocide survivor, and member of the Polish resistance. Together, they offer a prismatic perspective on a world remote from our own that nonetheless helps us understand how people not unlike ourselves responded to mass violence and destruction. **Voice of the Volunteers Bulletin of the Michigan Emergency Volunteers The Voice of Jerusalem Routledge Handbook of Media, Conflict and Security Taylor & Francis** This Handbook links the growing body of media and conflict research with the field of security studies. The academic sub-field of media and conflict has developed and expanded greatly over the past two decades. Operating across a diverse range of academic disciplines, academics are studying the impact the media has on governments pursuing war, responses to humanitarian crises and violent political struggles, and the role of the media as a facilitator of, and a threat to, both peace building and conflict prevention. This handbook seeks to consolidate existing knowledge by linking the body of conflict and media studies with work in security studies. The handbook is arranged into five parts: Theory and Principles. Media, the State and War Media and Human Security Media and Policymaking within the Security State New Issues in Security and Conflict and Future Directions For scholars of security studies, this handbook will provide a key point of reference for state of the art scholarship concerning the media-security nexus; for scholars of communication and media studies, the handbook will provide a comprehensive mapping of the media-conflict field. **Voices in the Shadows Women and Verbal Art in Serbia and Bosnia Central European University Press** "Women are conspicuously absent from traditional cultural histories of South-East Europe. A Goodwill Ambassador for the United Nations High Commission for Refugees, she is as devoted to humanitarian work as she is to her music. Always the anti-diva, Hendricks is a down-to-earth and straightforward woman, whether singing Mozart or black spirituals. She challenges stereotypes and puts the music first and presents a warm, engaging, and honest self-portrait of one of the great women of music. **Voices Singers & Critics Bloomsbury Academic New York Times Book Review and Magazine Prologue The Journal of the National Archives Becoming a Mighty Voice Russell Sage Foundation** American labor unions resemble private representative democracies, complete with formally constituted conventions and officer election procedures. Like other

democratic institutions, unions have repeatedly experienced highly charged conflicts over the integration of ethnic minorities and women into leadership positions. In *Becoming a Mighty Voice*, Daniel B. Cornfield traces the 55-year history of the United Furniture Workers of America (UFWA), describing the emergence of new social groups into union leadership and the conditions that encouraged or inhibited those changes. This vivid case history explores leadership change during eras of union growth, stability, and decline, not simply during isolated episodes of factionalism. Cornfield demonstrates that despite the strong forces perpetuating existing union hierarchies, leadership turnover is just as likely as leadership stagnation. He also shows that factors external to the union may influence leadership change; periods of turnover in the UFWA leadership reflected employer efforts to find cheap, non-union labor, as well as union efforts to unionize workers. When unions are threatened by intensified conflict with employers and when entrenched high status groups within the union are obliged to recruit members of lower socioeconomic status, then new social groups are likely to be integrated into union leadership. *Becoming a Mighty Voice* develops a theory of leadership change that will be of interest to many engaged in the labor, civil rights, and women's movements as well as to sociologists or historians of work, gender, and race, and to students of political and organizational behavior.

**The Voice of Violence Performative Violence as Protest in the Vietnam Era**  
**Greenwood Publishing Group** Presents a comparative and interdisciplinary study of how radicals at the local level staged, displayed, and narrated acts of "performative violence" against the symbols of American society in the Vietnam era.

**The Voice of the People Writing the European Folk Revival, 1760-1914 Anthem Press** 'The Voice of the People' presents a series of essays on literary aspects of the European folk revival of the eighteenth and nineteenth centuries, and focuses on two key practices of antiquarianism: the role that collecting and editing played in the formation of ethnological study in the European academy; and the business of publishing and editing, which produced many 'folkloric' texts of dubious authenticity. The volume also presents new readings of various genres, including the epic, song, tale and novel, and contributes to the study of several crucial European literary figures. Above all, it investigates the great anonymous authors of the European folk tradition - in narrative and lyric art - and their relation to the cultural movements and imagined identities of the peoples of the emerging nineteenth-century European nation.

**Voice of America Granta**  
Set in Nigeria and America, *Voice of America* moves from boys and girls in villages and refugee camps, to the disillusionment and confusion of young married couples living in America, and then back to bustling Lagos. These are stories of two countries and of the frayed bonds that connect them. In 'Waiting', two young refugees make their way through another day, fighting for meals and hoping for a miracle that will carry them out of the camp; in 'A Simple Case' the boyfriend of a prostitute gets rounded up by the local police and must charm his fellow prisoners for protection and survival; and in 'Miracle Baby' the trials of pregnancy and mother-in-laws are laid bare in a woman's return to her homeland. Written with exhilarating energy and warmth, the stories of *Voice of America* are full of humour, pathos and wisdom, and mark the debut of an immensely talented new voice.

**The Quieted Voice The Rise and Demise of Localism in American Radio** How has American radio—once a grassroots, community-based medium—become a generic service that primarily benefits owners and shareholders and prohibits its listeners from receiving diversity of opinions, ideas, and entertainment through local programming? In *The Quieted Voice: The Rise and Demise of Localism in American Radio*, Robert L. Hilliard and Michael C. Keith blame the government's continual deregulation of radio and the corporate obsession with the bottom line in the wake of the far-reaching and controversial Telecommunications Act of 1996. Fighting for greater democratization of the airwaves, Hilliard and Keith call for a return to localism to save radio from rampant media conglomeration and ever-narrowing music playlists—and to save Americans from corporate and government control of public information. *The Quieted Voice* details radio's obligation to broadcast in the public's interest. Hilliard and Keith trace the origins of the public trusteeship behind the medium and argue that local programming is essential to the fulfillment of this responsibility. From historical and critical perspectives, they examine the decline of community-centered programming and outline the efforts of media watchdog and special interest groups that have vigorously opposed the decline of democracy and diversity in American radio. They also evaluate the implications of continuing delocalization of the radio medium and survey the perspectives of leading media scholars and experts.
