Oxford Guide to English Grammar

The Oxford Guide to English Grammar is a systematic account of grammatical forms and the way they are used in modern standard English. It is designed for learners at intermediate and advanced levels and for teachers, and is equally suitable for quick reference to details or for the moreleisured study of grammatical topics. The emphasis is on meaning in the choice of grammatical pattern, and on the use of patterns in texts and in conversations.

Korean Language for Beginners

Seoul Selection This book is a complete guide for people who want to learn the Korean language, starting from the very beginning, and learn the alphabet and the correct sounds of vowels, consonants, and diphthongs. It was written for people who want an easy but systematic approach to the language. The writer is a non-native speaker who started learning the language from ZERO, just like you and spent years in Korea trying to reach a better level of proficiency in Korean. After a few weeks of study, you will study to recognize words, make sentences, and have simple (but miraculous) conversations with other Korean speakers!

McGraw-Hill's Dictionary of American Idoms and Phrasal Verbs

McGraw Hill Professional Learn the language of Nebraska . . .and 49 other states With more entries than any other reference of its kind, McGraw-Hill's Dictionary of American Idioms and Phrasal Verbs shows you how American English is spoken today. You will find commonly used phrasal verbs, idiomatic expressions, proverbial expressions, and clichés. The dictionary contains more than 24,000 entries, each defined and followed by one or two example sentences. It also includes a Phrase-Finder Index with more than 60,000 entries.

World Trade Statistical Review 2019

International Trade Statistics A comprehensive overview of the latest developments in world trade, covering the details of merchandise trade by product and trade in commercial services

The European Language Portfolio

A Guide to the Planning, Implementation and Evaluation of Whole-school Projects

Council of Europe The European Language Portfolio aims to foster the development of learner autonomy, intercultural awareness and plurilingualism. Teachers of particular languages working on their own can use the ELP to promote learner autonomy, but the goals of intercultural awareness and plurilingualism invite us to use the ELP in all foreign language classes at all levels in the school. The guide introduces the language education policy that underpins the ELP, explores the key concepts that it embodies, and explains how to plan, implement and evaluate whole-school ELP projects. The ten case studies published on the project website illustrate various dimensions of ELP use and include practical suggestions and activities for teachers and learners.

English Idioms and how to Use Them

Foreign Terrorist Fighters

Manual for Judicial Training Institutes South-eastern Europe

United Nations The manual seeks to provide guidance on international legal instruments against FTF activities and techniques for digital investigation and evidence collection, especially concerning global financial transactions and social media activity. While it is tailored for judicial training institutes in South-Eastern Europe, it can be utilized in any jurisdiction seeking resources to address the FTF threat.

Easy Tefl Guide to Teaching English As a Foreign Language

CreateSpace Easy TEFL Guide to Teaching English as a Foreign Language is designed to give potential English language teachers the skills and confidence they will need to succeed in the classroom. Easy TEFL guide covers lesson planning, English level development, presenting lesson material, classroom management, teaching reading, writing, pronunciation, grammar, and much more. The author has taught students from over 15 different countries and has developed this book to give soon to be TEFL certified teachers the skills to teach and create their own organic style while exploring new cultures and making lifelong friends around the world.

Foreign Languages in Advertising

Linguistic and Marketing Perspectives

Springer Nature This book presents a comprehensive account of the use and effects of foreign languages in advertising. Based on consumer culture positioning strategies in marketing, three language strategies are presented: foreign language display to express foreignness, English to highlight globalness, and local language to appeal to ethnicity (for instance, Spanish for Hispanics in the USA). The book takes a multidisciplinary approach, integrating insights from both marketing and linguistics, presenting both theoretical perspectives (e.g., Communication Accommodation Theory, Conceptual Feature Model, Country-of-origin effect, Markedness Model, Revised Hierarchical Model) and empirical evidence from content analyses and experimental studies. The authors demonstrate that three concepts are key to understanding foreign languages in advertising: language attitudes, language-product congruence, and comprehension. The book will appeal to students and researchers in the fields of sociolinguistics, applied linguistics, psycholinguistics, marketing and advertising.

5 Steps to Speak a New Language

Lulu.com "Hung Q. Pham has applied sound business practice to learning to create a inspiring guide to tackling any language. From identifying the vocabulary that really matters to tips for pronunciation - it's a great set of techniques which will have you speaking, reading and writing your new language in no-time" - Chris Graham (UK)

On the Interpretation of Treaties

The Modern International Law as Expressed in the 1969 Vienna Convention on the Law of Treaties

Springer Science & Business Media This is the first comprehensive account of the modern international law of treaty interpretation expressed in 1969 Vienna Convention, Articles 31-33. As stated by the anonymous referee, it is the most theoretically advanced and analytically refined work yet accomplished on this topic. The style of writing is clear and concise, and the organisation of the book meets the demands of scholars and practitioners alike.

Language Anxiety

From Theory and Research to Classroom Implications

"Finally a comprehensive discussion of language anxiety, this collection of papers considers the points of view of teachers and students as well as of theorists and researchers. What is language anxiety? How does it affect language learners? How is it related to other types of anxiety? What can teachers and program directors do to minimize language anxiety in their classrooms? These and other issues are addressed in this landmark text." -- Back cover.

Answers to exercises

The Girl With No Dreams

Inspirational Publishing I always asked mom about my father, but she always told me, 'Your father came for a night to ruin my whole life.' A Story about Dreams, Hope and Death Oh, I am sorry. I'm extremely sorry; I usually forget introducing myself. I'm Amanda, a plain sailing girl who loves to explore love and life in an adventurous way. Everyone has a story for being a different personality, and I have also. I was born poor to raise my old mother instead of she raised me. I am glad that my old mother gave me my first home for nine months. Happiness is hard for our family and sometimes even the hardest. I know when babies are born, they cry, but when I was born, I and my mom both were crying because I had entered a world where cruelty is always the first choice. I had never seen my father so, I was never called to be daddy's princess, but a normal girl who has no right to see her dreams, not even when I am sleeping.

Nostalgia for the Empire

The Politics of Neo-Ottomanism

Oxford University Press, USA "This book examines the social and political origins of beleaguered and wistful expressions of nostalgia about the Ottoman Empire for various groups in the region. Rather than focus on how Ottomanism evolved, the book examines how social and political memories of the Ottoman past have been transformed in Turkish society along with reactions from the outside world. This Ottoman past, as remembered now, is grounded in contemporary conservative Islamic values. Thus, the connection between memories of the Ottoman past and these values defines Turkey's new identity. This new expression of memory portrays Turkey as a victim of the major powers, justifying its position against its imagined internal and external enemies. This book explores why Turkish society has selectively brought the Ottoman Empire back into the public mindset and for what purpose. The book traces how memory of the Ottoman period has changed in Turkish literature, mainstream history books and other cultural products from the 1940s to the 21st century. A key aspect of Turkish literature is its criticism of the Jacobin modernization of Turkey matched by its return to the Ottoman past to articulate an alternative political language. This book responds to several interrelated questions: What is neo-Ottomanism, in general, and what is the significance of various terms using Ottoman as a variant and for what purpose do they serve? Who constructed the term and for what purpose? What are the social and political origins of the current nostalgia for the Ottoman past?"--

ABC Chinese-English Dictionary

RoutledgeCurzon An alphabetically-ordered and Pinyin computerized dictionary. It includes: alphabetically-arranged entries, which offer a quick way to look up a term whose pronunciation is known; use of PRC lexicographical developments regarding selection of terms and rules or orthography; and an indication of the relative frequency of homographic entries based on frequency data from the PRC and Taiwan.

Standard Bikol

The European Union

Questions and Answers

The European Union (EU) is a political and economic partnership that represents a unique form of cooperation among sovereign countries. The EU is the latest stage in a process of integration begun after World War II, initially by six Western European countries, to foster interdependence and make another war in Europe unthinkable. The EU currently consists of 28 member states, including most of the countries of Central and Eastern Europe, and has helped to promote peace, stability, and economic prosperity throughout the European continent. The EU has been built through a series of binding treaties. Over the years, EU member states have sought to harmonize laws and adopt common policies on an increasing number of economic, social, and political issues. EU member states share a customs union; a single market in which capital, goods, services, and people move freely; a common trade policy; and a common agricultural policy. Nineteen EU member states use a common currency (the euro), and 22 member states participate in the Schengen area of free movement in which internal border controls have been eliminated. In addition, the EU has been developing a Common Foreign and Security Policy (CFSP), which includes a Common Security and Defense Policy (CSDP), and pursuing cooperation in the area of Justice and Home Affairs (JHA) to forge common internal security measures. Member states work together through several EU institutions to set policy and to promote their collective interests. In recent years, however, the EU has faced a number of internal and external crises. Most notably, in a June 2016 public referendum, voters in the United Kingdom (UK) backed leaving the EU. The pending British exit from the EU (dubbed "Brexit") comes amid multiple other challenges, including the rise of populist and to some extent anti-EU political parties, concerns about democratic backsliding in some member states (including Poland and Hungary), ongoing pressures related to migration, a heightened terrorism threat, and a resurgent Russia. The United States has supported the European integration project since its inception in the 1950s as a means to prevent another catastrophic conflict on the European continent and foster democratic allies and strong trading partners. Today, the United States and the EU have a dynamic political partnership and share a huge trade and investment relationship. Despite periodic tensions in U.S.-EU relations over the years, U.S. and EU policymakers alike have viewed the partnership as serving both sides' overall strategic and economic interests. EU leaders are anxious about the Trump Administration's commitment to the EU project, the transatlantic partnership, and an open international trading system-especially amid the Administration's imposition of tariffs on EU steel and aluminum products since 2018 and the prospects of future auto tariffs. In July 2018, President Trump reportedly called the EU a "foe" on trade but the Administration subsequently sought to de-escalate U.S.-EU tensions and signaled its intention to launch new U.S.-EU trade negotiations. Concerns also linger in Brussels about the implications of the Trump Administration's "America First" foreign policy and its positions on a range of international issues, including Russia, Iran, the Israeli-Palestinian conflict, climate change, and the role of multilateral institutions. This report serves as a primer on the EU. Despite the UK's vote to leave the EU, the UK remains a full member of the bloc until it officially exits the EU (which is scheduled to occur by October 31, 2019, but may be further delayed). As such, this report largely addresses the EU and its institutions as they currently exist. It also briefly describes U.S.-EU political and economic relations that may be of interest.

The Appropriation of Cultural Capital

China's May Fourth Project

BRILL "For much of the twentieth century, the May Fourth movement of 1919 was seen as the foundational moment of modernity in China. Recent examinations of literary and cultural modernity in China have, however, led to a questioning of this view. By approaching May Fourth from novel perspectives, the authors of the eight studies in this volume seek to contribute to the ongoing critique of the movement. The essays are centered on the intellectual and cultural/historical motivations and practices behind May Fourth discourse and highlight issues such as strategies of discourse formation, scholarly methodologies, rhetorical dispositions, the manipulation of historical sources, and the construction of modernity by means of the reification of China's literary past."

The Science of Military Strategy

Foreign Exchange

A Practical Guide to the FX Markets

John Wiley & Sons Praise for Foreign Exchange "Tim Weithers starts by telling the reader that foreign exchange is not difficult, just confusing, but *Foreign Exchange: A Practical Guide to the FX Markets* proves that money is much more exciting than anything it buys. This useful book is a whirlwind tour of the world's largest market, and the tour guide is an expert storyteller, inserting numerous fascinating insights and quirky facts throughout the book." -John R. Taylor, Chairman, CEO and CIO, FX Concepts "The book reflects the author's doctorate from the University of Chicago, several years' experience as an economics professor, and, most recently, a very successful decade as an executive at a huge international bank. These fundamental ingredients are seasoned with bits of wisdom and experience. What results is a very tasty intellectual stew." -Professor Jack Clark Francis, PhD, Professor of Economics and Finance, Bernard Baruch College "In this book, Tim Weithers clearly explains a very complicated subject. Foreign Exchange is full of jargon and conventions that make it very hard for non-professionals to gain a good understanding. Weither's book is a must for any student or professional who wants to learn the secrets of FX." -Niels O. Nygaard, Director of Financial Mathematics, The University of Chicago "An excellent text for students and practitioners who want to become acquainted with the arcane world of the foreign exchange market." -David DeRosa, PhD, founder, DeRosa Research and Trading, Inc., and Adjunct Professor of Finance, Yale School of Management "Tim Weithers provides a superb introduction to the arcana of foreign exchange markets. While primarily intended for practitioners, the book would be a valuable introduction for students with some knowledge of economics. The text is exceptionally clear with numeric examples and exercises that reinforce concepts. Frequent references are made to the economic theory behind the trading practices." -John F. O'Connell, Professor of Economics, College of the Holy Cross

The Prelude

1805

David R. Godine Publisher "Newly edited from the manuscripts and fully illustrated in color with paintings and drawings contemporaneous with the composition of the poem."

Language Learner Autonomy

Theory, Practice and Research

Multilingual Matters Limited This book combines detailed accounts of classroom practice with empirical and case-study research and a wide-ranging engagement with applied linguistic and pedagogical theory. Points for discussion encourage readers to relate the argument of each chapter to their own context, and the book concludes with some reflections on teacher education.

Inspire English International Year 8 Workbook

Born Global Firms

A New International Enterprise

Business Expert Press This book helps managers and scholars understand the born-global phenomenon. We offer a comprehensive treatment of born globals, from distinctive features of these companies, to strategies that they use for international success, to implications of the phenomenon for international small- and medium-sized enterprises. We review useful theories and frameworks, as well as introduce a new field based on the born-global phenomenon - international entrepreneurship.

Tao Teh Ching

Shambhala Publications Written more than two thousand years ago, the *Tao Teh Ching*, or "The Classic of the Way and Its Virtue," has probably had a greater influence on Asian thought than any other single book. It is also one of the true classics of world literature. Traditionally attributed to the near-legendary "Old Master," Lao Tzu, the *Tao Teh Ching* teaches that the qualities of the enlightened sage or ideal ruler are identical with those of the perfected individual. Today, Lao Tzu's words are as useful in mastering the arts of leadership in business and politics as they are in developing a sense of balance and harmony in everyday life. To follow the *Tao* or *Way* of all things and realize their true nature is to embody humility, spontaneity, and generosity.

English-Swahili pocket dictionary

Mkuki Na Nyoka Pub A concise and portable dictionary developed by two experienced and well respected teachers of Swahili. In this work they have taken into account not only the difficulties which non-Swahili speakers from many different language backgrounds have in learning the language, but also the importance of making Swahili equivalents of English words, correspond to those of the best speakers of Swahili. The *English-Swahili Pocket Dictionary* will be of benefit to English speakers who are learning Swahili, while Swahili speakers who are learning English will also find it invaluable.

Washington's Farewell Address to the People of the United States

Hardpress Publishing Unlike some other reproductions of classic texts (1) We have not used OCR (Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

International Public Relations and Public Diplomacy

Communication and Engagement

Peter Lang Pub Incorporated This book provides an important discussion of the conceptual and practical interconnections between international public relations and public diplomacy. Written by some of the leading thinkers in both disciplines, the volume provides key lessons regarding global relationship-building and stakeholder engagement. Written from a government, corporate, and not-for-profit perspective, the book deals with such topics as mediated public diplomacy and information subsidies, international broadcasting, nation-branding, diaspora relationships, international exchanges, and soft power. A variety of international conceptual pieces and real-life case studies present an in-depth analysis of the strategic application of public relations tactics in governmental and organizational global relationship management efforts. The book is recommended for students, scholars, and practitioners in the fields of international public relations, public diplomacy, and international relations.

New Realities in Foreign Affairs

Diplomacy in the 21st Century

Nomos Verlag *Moderne Diplomatie wirkt heute in viele Bereiche des modernen Lebens hinein. Sie ist zugleich selbst neuen Einflüssen ausgesetzt. Faktoren, die unsere Gesellschaften verändern, verändern auch unser Regierungshandeln, auch in der Außenpolitik, seien es Digitalisierung, emotionalisierte Sensibilitäten unserer Öffentlichkeiten oder nicht-staatliche internationale Akteure. Derartige Entwicklungen müssen von der Diplomatie aufgenommen werden, damit sie weiter als Instrument einer Regierung funktionieren kann. Regierungen sollten Wege finden, zwischen den neuen Bedürfnissen der Gesellschaft und den Notwendigkeiten legitimen Regierungshandelns zu vermitteln. Das Ziel sollte sein, als souveräner Staat handeln zu können und zugleich das Potential der tiefgreifenden gesellschaftlichen Veränderungen zu nutzen. Mit Beiträgen von Volker Stanzel, Sascha Lohmann, Andrew Cooper, Christer Jönsson, Corneliu Bjola, Emillie V. de Keulenaar, Jan Melissen, Karsten D. Voigt, Kim B. Olsen, Hanns W. Maull und R. S. Zaharna*
