War and Grace

Short Biographies from the World Wars

EP BOOKS Read about the Japanese pilot who led the attack on Pearl Harbor, the German pastor who was prepared to suffer imprisonment and death for the sake of his faith, the British general given the task of defending Malta against invasion by Hitler and Mussolini, the American airman who was converted while a prisoner of the Japanese and who later returned to Japan as a missionary, the Jewish girl who came to know Christ as her Saviour while in hiding from the Nazis, the American chaplain who witnessed to leading Nazi war criminals on trial at Nuremberg, and the British secret agent who was the inspiration for Q in the James Bond 007 stories. What did these people, and the others whose lives are told in this book, have in common? During the turbulent events of those momentous years, God was at work in their lives. He brought these thirteen people to trust, know, love and serve the Lord Jesus Christ, and therefore to give themselves to the service of others.

But This is Our War

University of Toronto Press Pembroke. August 4, 1914. On a verandah in town four young people anxiously await news that will change irrevocably the course of their lives. A fifth arrives, out of breath, with the latest bulletin from the telegraph office. War has been declared - and it is their war. At the age of ninety, Grace Craig looks back to her youth and tells the story of the impact of the Great War on her family and friends. Letters from the young men on the Western Front are interwoven with her own memories of the war. Her brother Basil, youngest officer in the No. 1 Canadian Tunnelling Company, fights underground driving mineshafts deep below the tortured earth of no man's land; later, as an observer in the Royal Flying Corps, he flies above the enemy lines amidst the bursting shells. His older brother Ramsey, a lieutenant in the 38th Battalion, fights in the constant mud on the ground, and must lead his men 'over the top' in the face of enemy fire. At home their sister knits socks and scarves, packs boxes to be sent overseas, serves vast quantities of apple pie and ice cream in the canteen at nearby Camp Petawa, and leads the assembled troops in stirring war songs. In November 1916 she braves the U boats and the North Atlantic to spend time with her brothers while they are on leave in England. Divided by danger and distance, letters alone allowed contact. The soldiers yearned for everyday news of home; and in Pembroke one waited for, and kept forever, those precious scraps of paper from beyond the sea. *But This is Our War* is a moving, absorbing document of young Canadians at war.

Surviving a War by God's Grace

CreateSpace Daniel N. Okoro is a retired civil engineer and a compelling new author whose personal struggles during the Nigerian-Biafran civil war prompted him to compose this hauntingly candid memoir of life as a child soldier. *Surviving a War by God's Grace* is about the triumph of one man's humanity over the most atrocious of circumstances. It is a story that has defined Okoro's character and gifted him with an acute perception into human suffering. His goal as an author is to engage the public in healing and therapeutic discussions about the nature of war and its devastating consequences, and to write about the subject in a way not ordinarily covered by any news or media outlets. Deeply inspired by the presidency of Barack Obama, Okoro is of the opinion that huge changes can begin with small, personal contributions such as this book. When Okoro is not writing, he is busy watching or playing soccer. His love for sports is immeasurable. He also enjoys tennis, bike riding, and taking long, solitary walks. He is the proud father of four children whom he loves immensely. Now, as always, he lives by the motto, "Do your best and leave the rest to God".

Grace & War in the Workplace

Independently Published I wrote *Grace & War in the Workplace* while experiencing the darkest moments of my life. This book is about my personal journey of surviving in a hostile working environment. For years, I endured and overcame every trick, plan, plot and attack from the enemy. I've shared some key principles that will help others fight the good fight of faith by being obedient to the LORD. While working under such unfavorable conditions YEAR AFTER YEAR, I lost my identity. My joy and confidence suffered. I didn't know WHO I was and searched for the approval of man. I began questioning myself - What was I doing? What was I saying? What should I wear? Who could I trust? Where should I go? It became a daily task for me to make a sound decision. The only thing I had on this job was my Bible and GOD's word. I am as transparent as possible about my experiences to help others out of the darkness when they are perplexed about what they are experiencing and their job has become their pulpit. The breaking, the crushing and the making is all a part of the process of being positioned to experience GODs glory. The devil is real, but he doesn't stand a chance against the Power of God!

Hell's Abyss, Heaven's Grace

War and Christian Spirituality

Picador "War, before it is ever manifested in physical, observable violence, and peace, before it is ever felt as harmony or seen in acts of kindness, are the inner realities of the human heart and mind. They are states of consciousness, conditions of the soul. . . . War is 'hell's abyss,' and peace is 'heaven's grace.' Moment by moment we choose which we will live into; indeed, which we will become." --from the Introduction In a stirring call to nonviolent resistance, Episcopal priest Larry Hart confronts the compromises Christians around the world have made with their nations' uses of violence. Comparing Just War theory with the United States' national history of war and exploitation, Hart voices the need for personal and social transformation to live in keeping with the Gospel. At the center of his argument, Hart lifts up the images of Christian leaders around the world who have chosen nonviolence to resist oppression, showing the real historical possibilities for peace when we bear truth, courage, and faith as our only weapons.

War and Grace

Grace McDougall was 28 years old when she went to the Great War. Already a leader of the FANY Corps, she crossed the Channel alone in 1914 and forged a path for other women to join her, driving ambulances at the front lines and nursing wounded men. By the time the war ended she had also shelled the enemy, escaped being a prisoner of war, been decorated for bravery, befriended the Queen of Belgium and become the first bride in khaki. This is the remarkable story of Grace's war, told by her youngest son.

Half-Faerie Publishing "Melia remains an engrossing protagonist ... Garrett's prose is, once again, lyrical and serene ... A stirring, satisfying ending to an epic, otherworldly series." —Kirkus Reviews In a time when the Realm of Faerie and Planet Earth exist in symbiotic union, the epic journey of a young half-faerie woman will transform the future of both worlds. My name is Melia Albiana and I stand on the edge of the abyss. Before I leap, I exhale a breath out of time. The beauty of the Whole unfurls before me—its intricacy, its complexity, its endurance, its mystery, its majesty. I am filled with awe. The universal awareness passes and I am left with the poverty of my personal legacy. I will die young. I will die broken. I will die grief-stricken. I will die lonely. And I will die a monster. I will also die consumed by love. Whimsical and edgy, Daughter of Light is an epic fantasy with an intriguing cosmology and well-developed characters for readers of all ages. Praise for the Daughter of Light fantasy trilogy: Isolt's Enchantment, the beginnings (Prequel Novella) I loved the beauty of the world when Vulcan first meets Una, and I especially enjoyed the explanation of Umbra. Isolt's vengeance was absolutely delicious, and I could recommend this book based solely on that scene. —Erica at Fantasy Book Lane Half Faerie, Book 1 I found myself sharing emotions with several characters and my husband would walk by just shaking his head, he doesn't understand books and what they can do. I highly recommend this book. I want to thank Heidi Garrett for making my otherwise boring life so exciting with her books, I am loving it, every single minute! Five stars for Half Faerie. —KJ at KJ Reads A Lot Half Mortal, Book 2 The pace picks up quite a bit as the stakes are raised in Half Mortal, the second book in this epic coming of age fantasy trilogy. I can totally understand why the comparison to LoTR has been drawn, as Melia and her cohorts battle numerous foes as they attempt to make things right- in both realms.—Mama Reads, Hazel Reads War & Grace, Book 3 There are multiple skirmishes and face-offs and each one was delicious in its own right. Anton, Umbra, Lilliane...even Melia has some internal conflict to deal with before anything can be concluded. Each one is given their own turn, and. It. Is. Magnificent. I have been very dramatically disappointed with series ends before ... and I was so happy that the Daughters of Light series was not one. By far my favorite book in the series... —Brenda Ayala

The Holy War : and Grace Abounding

From War to Peace by HIS Grace

Reflections of My Life Through World War II and 2020

Different from other books, this is a collection of memorable episodes written in a few words accompanied by an illustration, because drawing is my favorite activity. The book begins with my early childhood to inform you of what life was like as a granddaughter of two coal miners and a daughter of a blue-collar worker-frugal and simple. World War I had left deep, deep scars on our people, but they made the best of the remnants. In the early 1930s, rumors of another war, unemployment, and lack of hope made life difficult. At the age of ten, I was separated from my parents. Fear and sadness replaced the joy of childhood. Then World War II broke out in Belgium, where I lived, right in the center of the conflict. The memories of World War I's cruel years had instilled much fear in the younger generation. This war was different, but by no means less barbaric. The four years of the Nazi occupation brought us a lot of grief! In 1944, the war was over. I knew I wanted to follow my dream and study fashion in Paris, but on my return home, circumstances took me in a completely different direction, not forcefully but painfully-going to America, leaving my beloved country and all those with whom I had shared those hard times and loved so dearly! Life can be a very painful journey and brings us much discouragement until we discover the greatest hope in life: salvation that is only offered to us by God through his Son, Jesus Christ. As I created each page, I was reminded how much God our Creator loves us, always by our side ready to respond to our every need with great faithfulness. Life with God is so much more meaningful and fulfilling, and true peace is found only in Him.

The Korean War in Britain

Citizenship, selfhood and forgetting

Manchester University Press The Korean War in Britain explores the social and cultural impact of the Korean War (1950-53) on Britain. Coming just five years after the ravages of the Second World War, Korea was a deeply unsettling moment in post-war British history. From allegations about American use of 'germ' warfare to anxiety over Communist use of 'brainwashing' and treachery at home, the Korean War precipitated a series of short-lived panics in 1950s Britain. But by the time of its uneasy ceasefire in 1953, the war was becoming increasingly forgotten. Using Mass Observation surveys, letters, diaries and a wide range of under-explored contemporary material, this book charts the war's changing position in British popular imagination and asks how it became known as the 'Forgotten War'. It explores the war in a variety of viewpoints - conscript, POW, protester and veteran - and is essential reading for anyone interested in Britain's Cold War past.

Grace's Ground War

Virtues and Valor Series Part 5 (a WWII serialized story)

[Olivia Kimbrell Press](#) *RUTH AUBERTIN's father, a highly decorated veteran of the Great War, moves his family from British Palestine to the wild of Great Britain after the Hebron massacre in 1929. He has always known the Germans would return to France, and trained his children from the time they could walk, turning them into finely tuned weapons with multiple skills ranging in weapons training to hand-to-hand combat. When the Germans roll into France, Ruth and her brothers volunteer with the British Special Services and Ruth joins the Virtues team under the code name of GRACE. Never knowing the bond of sisterhood before, Ruth grows close to the six other women on the team and learns to rely on them and their varied skills as she goes undercover in Occupied France. Working directly for the notorious Praetorian, she and her team plan the largest prisoner escape in the war to date. The arrest of TEMPERANCE raises the stakes. Now they have to move their time table up, increasing the overall risk of the mission. Can Ruth and her team pull off the mission, or will too many variables crash together at the wrong time? GRACE'S GROUND WAR is part five of eight serialized novellas entitled the Virtues and Valor series. Seven valorous women — different nationalities, ethnicities, and social backgrounds — come together as a team called the Virtues. In 1941 Great Britain a special war department assembles an experimental and exclusively female cohort of combat operatives. Four willing spies, a wireless radio operator, an ingenious code breaker, and a fearless pilot are each hand-picked, recruited, and trained to initiate a daring mission in Occupied France. As plans are laid to engineer the largest prison break of Allied POWs in history, the Nazis capture the Virtues' radio operator. It will take the cohesive teamwork of the rest of the women to save her life before Berlin breaks her and brings the force of the Third Reich to bear. Some find love, some find vengeance, and some discover the kind of strength that lives in the human heart when all they can do is rely on each other and their shared belief. Courage, faith, and valor intersect but, in the end, one pays the ultimate price. Continuing the Virtues and Valor series by Hallee Bridgeman. Pilgrimage for a Future Without War

Shaken by the threat of a possible war against Iran, with the question what one single person can do to stop future wars, Sabine Lichtenfels decides to undertake a pilgrimage in June 2005. She gives away everything she owns, covers long stretches on foot and is without any money. Her driving force is the decision to uncover and change those internal structures which externally lead to war and violence. Doing this, she discovers a strength which begins to shine for ever clearer and brighter: "GRACE," the connectedness with Creation, which empowers her to follow her inner voice more precisely and more thrustingly than ever before. Her pilgrimage takes her from Germany via Switzerland, Italy and Greece to Israel/Palestine. There for a period of 3 weeks she leads a group of 40 pilgrims, Israelis, Palestinians and Internationals, through the unique landscape of Northern Israel and from there to the

other side of the wall into the occupied territories of the West Bank, through refugee camps, a Jewish settlement and on to Jerusalem. In the name of "GRACE" support actions and unusual encounters take place, walls of fear and rage which for a long time have seemed insurmountable are now crumbling. With strong feminine authority and directness a woman describes her steps against the war. It is a truthful and deeply humane voice that is speaking. GRACE is a force stronger than any government or any army, because it is at home in the hearts of all human beings.
