Polack and LG are a 'Salt and Pepper' team, best buddies and brothers in a way that only those who have fought side-by-side in a war can ever truly understand. The year is 1970, and the story follows the two soldiers - impressionable Detroit teenagers - during their long night in a Listening Post ('LP'), some 500 meters beyond the bunker line of the new firebase. Their assignment as a "human early warning system", is to listen for enemy activity and forewarn the base of any potential dangers. As they were new to the "Iron Triangle" and its reputation, little did they know that units before them lost dozens of soldiers in this nightly high-risk task and referred to those assigned as "bait for the enemy" and "sacrificial lambs". Sitting in the pitch black tropical jungle - with visibility at less than two feet - John's imagination takes hold throughout the agonizing night, and at times, transports him back to some of his most vivid childhood memories - innocent, but equally terrifying at the time. As kids, we instinctively run as fast as we can to escape imaginary or perceived danger, but as soldiers, men are trained to conquer their fears and develop the confidence to stand their ground and fight. Running is not an option. In 'When Can I Stop Running?' the author juxtaposes his nightmarish hours in the bush with some of his most heart-pounding childhood escapades. Readers will relate to the humorous childish antics with amusement; military veterans will find themselves relating to both of the entertaining and compelling recollections. **Fifty Shades of Oy Vey A Parody** Alfred A. In many ways, yes; but this is not by Gods design. As society offers women opportunities to explore outer-space and govern nations, the church often stifles and limits them. The tide is changing, though. Amber Picotas Gods Feminist Movement is a new covenant manifesto calling women to embrace their true identity in Christ and fulfill their destiny as revolutionaries who shape the course of history with the Kingdom of God. There is a powerful new feminist movement emerging in the body of Christ. Its not politically driven and its not being championed by an uprising of angry man-haters. Lily hasn't always had it easy, but that's never stopped her from working hard for the life she wants. She's come a long way from the small town where she grew up—she graduated from college, moved to Boston, and started her own business. And when she feels a spark with a gorgeous neurosurgeon named Ryle Kincaid, everything in Lily's life seems too good to be true. Ryle is assertive, stubborn, maybe even a little arrogant. He's also sensitive, brilliant, and has a total soft spot for Lily. And the way he looks in scrubs certainly doesn't hurt. Lily can't get him out of her head. But Ryle's complete aversion to relationships is disturbing. Even as Lily finds herself becoming the exception to his "no dating" rule, she can't help but wonder what made him that way in the first place. As questions about her new relationship overwhelm her, so do thoughts of Atlas Corrigan—her first love and a link to the past she left behind. He was her kindred spirit, her protector. When Atlas suddenly reappears, everything Lily has built with Ryle is threatened. An honest, evocative, and tender novel, It Ends with Us is "a glorious and touching read, a forever keeper. Fifty Shades and Popular Culture McFarland Many fans loved Fifty Shades of Grey. Many others loved to hate it. E.L. James' trilogy of novels, and the film based on them, created a popular culture sensation, revealing much about a society that is both preoccupied with and scandalized by BDSM eroticism. Some critics argued that the franchise glorified kinky sex and normalized sexual abuse. Others praised it for illuminating consensual sexual practices that have long been marginalized in mainstream media. Yet behind their erotic content, James' novels explored not only everyday failures to identify questionable behaviors in romantic relationships, but also society's obsession with wealth. They also speak to the value and meaning of fan fiction, parodies, merchandizing and product placement. Loaded Random House The 120 Days of Sodom is Sade's masterpiece. A still unsurpassed catalogue of sexual aberrations and the first systematic exploration of the psychopathology of sex, it was written during Sade's imprisonment and then lost after the storming of the Bastille in 1789. Later rediscovered , the manuscript remained unpublished until 1936 and is now introduced by Simone de Beauvoir's landmark essay, 'Must We Burn Sade?' Unique in its enduring capacity to shock and provoke, The 120 days of Sodom must stand as one of the most controversial books ever written We Can Be Who We Are: Movie Musicals from the '70s The movie musical has been a much loved genre since motion pictures found a voice and learned to sing. Throughout the decades, audiences thrilled to the glamour of the musicals of Busby Berkley and were emotionally invested in stories about Austrian nuns and the King of Siam with the musicals from Rodgers and Hammerstein. With the advent of Rock 'n Roll, Heavy Metal, R&B, Motown, Punk Rock, and Disco entering the public consciousness, musicals started to sing a very different tune. Into the 1970s, the movie musical became a daring, dangerous, and divinely decedent cinema experience. Lee Gambin's We Can Be Who We Are: Movie Musicals from the 1970s explores this explosive energy and diversity. From the quirky sophistication of On A Clear Day You Can See Forever and the dark unnerving genius of Cabaret to the sweet sentimentality of Charlotte's Web, Gambin's book offers insightful film criticism while exhaustively covering the decade. Some of the films Gambin examines include Phantom of the Paradise, Grease, The Wiz, Rock'n'Roll High School, Bedknobs and Broomsticks, All That Jazz, Godspell, Hair, The Rose, Saturday Night Fever, The Rocky Horror Picture Show, Willy Wonka and the Chocolate Factory, Pete's Dragon, Tommy, Kiss Meets The Phantom of the Park, and many, many more. The book also features incredible brand new interviews from dozens of extremely talented artists who made these movies possible: director John Carpenter discussing his biopic Elvis; Lesley Ann Warren giving fascinating insight into the made for TV production It's A Bird...It's A Plane...It's Superman; auteur filmmaker Norman Jewison delivering two very different musicals with Fiddler on

the Roof and Jesus Christ Superstar. This book is loaded with numerous production stories and candid insights into how these films were made and received. Gambin's book also features loads of wonderful photos, many of which have never before been seen including wonderfully candid behind the scenes stills! The Storyteller HarperCollins With the mystery of Maureen Johnson and Brittany Cavallaro and the historical intrigue of Romanov, this genre-bending YA will pull readers into one girl's journey of discovering the impossible tale of a long-lost aunt—and through her, the importance of being true to yourself. It's not every day you discover you might be related to Anastasia...or that the tragic princess actually survived her assassination attempt and has been living as the woman you know as Aunt Anna. For Jess Morgan, who is growing tired of living her life to please everyone else, discovering her late aunt's diaries shows her she's not the only one struggling to hide who she really is. But was her aunt truly a Romanov princess? Or is this some elaborate hoax? With the help of a supremely dorky but undeniably cute local college student named Evan, Jess digs into the century-old mystery. But soon Jess realizes there's another, bigger truth waiting to be revealed: Jess Morgan. Because if she's learned anything from Aunt Anna, it's that only you can write your own story. The Yellow Wallpaper Illustrated "The Yellow Wallpaper" is a short story by American writer Charlotte Perkins Gilman, first published in January 1892 in The New England Magazine.[1] It is regarded as an important early work of American feminist literature, due to its illustration of the attitudes towards mental and physical health of women in the 19th century. Narrated in the first person, the story is a collection of journal entries written by a woman whose physician husband (John) has rented an old mansion for the summer. Forgoing other rooms in the house, the couple moves into the upstairs nursery. As a form of treatment, the unnamed woman is forbidden from working, and is encouraged to eat well and get plenty of air, so she can recuperate from what he calls a "temporary nervous depression - a slight hysterical tendency", a diagnosis common to women during that period Because You Are Mine Turtleback As Francesca and Ian's relationship grows more intense, Francesca discovers something about Ian and herself that forever changes the game and the players. The Magic of Terry Pratchett is the first full biography of Sir Terry Pratchett ever written. Sir Terry was Britain's bestselling living author*, and before his death in 2015 had sold more than 85 million copies of his books worldwide. Best known for the Discworld series, his work has been translated into thirty-seven languages, and performed as plays on every continent in the world, including Antarctica. Journalist, comedian and Pratchett fan Marc Burrows delves into the back story of one of UK's most enduring and beloved authors, from his childhood in the Chiltern Hills, to his time as a journalist, and the journey that would take him—via more than sixty best-selling books—to an OBE, a knighthood and national treasure status. The Magic Of Terry Pratchett is the result of painstaking archival research alongside interviews with friends and contemporaries who knew the real man under the famous black hat, helping to piece together the full story of one of British literature's most remarkable and beloved figures for the very first time. * Now disqualified on both counts. Praise for The Magic of Terry Pratchett "In this encompassing biography of the prolific fantasy and science-fiction author, writer and comedian Burrows details both the writing accomplishments and the personal life of Sir Terry Pratchett. . . . Burrows spoke to friends and family, and this biography has moments of sadness, especially when discussing Pratchett's fight with Alzheimer's. But the book is also funny and conversational in tone, and an excellent tribute to a beloved author." —Booklist "Affable and consistently engaging . . . Burrow's buoyant, pun-peppered, and aptly footnote-flecked style . . . helpfully marries his subject matter, propelling us through decade after decade of a heavily writing-centric life while illuminating Pratchett's complexities and contradictions without any drag in the tempo." —Locus Magazine "An impressively comprehensive, engagingly written biography. ****"—SFX Movie Monsters in Scale A Modeler's Gallery of Science Fiction and Horror Figures and Dioramas McFarland "This book showcases stunningly realistic and wonderfully posed models and dioramas depicting various characters and scenes from science fiction and horror cinema. An overview of model and diorama building is presented and particular details unique to each piece are discussed. The figures are of unprecedented artistry"--Provided by publisher.
