The Hikayat Abdullah. An Annotated Translation by A. H. Hill **Hikayat Abdullah Bin Abdul Kadir Munshi Abdullah Bin Abdul Kadir Munshi (In 2 Volumes)** *World Scientific* This book, Abdullah bin Abdul Kadir Munshi, is the most comprehensive, multi-disciplinary studies on Abdullah bin Abdul Kadir, widely known as Munshi Abdullah (1796-1854). He was a prominent literary figure and thinker in the Malay world in the 19th century and was also an early 'pioneer' of Singapore. The author, Professor Hadijah Rahmat, has spent more than 25 years studying Munshi Abdullah since her PhD studies in the School of Oriental and African Studies (SOAS), University of London, in 1992 to date. This book is covered in two volumes and is based on her research conducted using unexplored primary sources at several missionaries' archives at SOAS, London, Houghton Library, University Harvard, Library of Congress, Leiden University, KITVL, Holland, and the Perpustakaan Nasional Indonesia, Jakarta. The book consists of numerous academic papers presented at the regional and international seminars, and also published in international journals and as chapters of books. Besides academic papers, the excerpt of play titled Munsiy, sketches, poetry, and song, and interviews by the national media are also included. This book provides new insight into Abdullah's life, backgrounds, writings, his influences and legacies and the reactions and thought provoking views of the western and eastern scholars on Abdullah. The book is indeed the key reference for studies on Munshi Abdullah, Malay literature, and the history of Singapore, Malaysia, and colonialism in Southeast Asia. **Karya lengkap Abdullah Abdul Kadir Munsiy: Kisah pelayaran Abdullah ke Kelantan. This completely revised new edition of the standard text, first published twenty years ago, traces the history of the country from early times to the present day. The authors give particular attention to the evolution of Malay polities and their close links with indigenous groups who lived on the oceans and in the deep jungles of the region, from Sumatra to Borneo. This provides the background to the establishment of the Malay port of Melaka, which was conquered by the Portuguese in 1511, foreshadowing the establishment of a British colonial regime in the late nineteenth century. Although the large numbers of Chinese and Indian migrants who arrived to work in the tin and rubber industries contributed to economic expansion, colonial policies did not encourage communal interaction. The authors trace the process by which post-independence leaders in Malaya attempted to counter the legacy of ethnic hostility while answering Malay demands for an affirmation of their rights and a stronger commitment to Islam. The incorporation of the Borneo states of Sarawak and Sabah into the Federation of Malaysia in 1963 rendered the goal of welding a nation from areas that were geographically separated and culturally disparate even more problematic. The intense emotions attached to issues of race were made tragically evident in the racial riots of May 1969, which this book sees as a watershed in modern Malaysian history. As Malaysia enters the twenty-first century, the government is determined to oversee the transition to an economy focused on manufacturing and advanced technology, and to eliminate poverty and the association between occupation and race. While several recent studies deal with the impact of colonial rule and Malaysia's spectacular economic transition, this book is unique because it tracks developments from early times and identifies continuities as well as change. Combining the authors' specialist knowledge of precolonial sources with the most recent contemporary research, this new edition reinforces the position of A History of Malaysia position as a standard reference for all those interested in the historical processes which led to the emergence of this culturally varied and economically energetic country. **The Hikayat Abdullah The Adventures of Munshi Abdullah. Shamsul, A.B., *Asian Studies Review*'The Invention of Politics in Colonial Malaya is a model of its kind and will undoubtedly become a landmark in Malaysian studies and an example to those in other fields. It is a stylish and highly readable essay in cultural history.' William R Roff, *Bulletin of the School of Oriental and African Studies* **Hikayat Abdullah bin Abdul Kadir Munsiy Jilid yang ke-1** **Lies That Blind A Novel of Late 18th Century Penang** *Penguin Books* Malaya, 1788: Aspiring journalist Jim Lloyd jeopardises his future in ways he never could have imagined. He risks his wealthy father's wrath to ride the coat-tails of Captain Francis Light, an adventurer governing the East India Company's new trading settlement on Penang. Once arrived on the island, Jim-as Light's assistant-hopes that chronicling his employer's achievements will propel them both to enduring fame. But the naïve young man soon discovers that years of deception and double-dealing have strained relations between Light and Penang's legal owner, Sultan Abdullah of Queda, almost to the point of war. Tensions mount: Pirate activity escalates, traders complain about Light's monopolies, and inhabitants threaten to flee, fearing a battle the fledgling settlement cannot hope to win against the Malays. Jim realises that a shared obsession with renown has brought him and Light perilously close to infamy: a fate the younger man, at least, fears more than death. Yet Jim will not leave Penang because of his dedication to Light's young son, William, and his perplexing attraction to a mercurial Dutchman. He must stay and confront his own misguided ambitions as well as help save the legacy of a man he has come to despise. Inspired by true events, Lies That Blind is a story featuring historical character Francis Light (1740-1794) who, in an effort to defy his mortality, was seemingly willing to put the lives and livelihoods of a thousand souls on Penang at risk.
