Airbnb. Come tre laureati hanno sconvolto l'industria alberghiera, facendo tanti soldi (e procurandosi altrettanti nemici) La bellezza ci salverà. Il manuale pratico di marketing della Locandiera per gli hotel Tanegashima - The Arrival of Europe in Japan Routledge The year 1543 marked the beginning of a new global consciousness in Japan with the arrival of shipwrecked Portuguese merchants on Tanegashima Island in southern Japan. Other Portuguese soon followed and Japan became aware of a world beyond India. After the merchants came the first missionary Francis Xavier in 1549, beginning the Christian century in Japan. This is not a new story, but it is the first time that Japanese, Portuguese and other European accounts have been brought together and presented in English. Their arrival was recorded by the Japanese in Tanegashima kafu, the Teppoki and the Kunitomo teppoki, here translated and presented together with European reports. Includes maps, and Portuguese and Japanese illustrations.

Erunt qui voluptates laudent, erunt qui labores malint; erunt qui dolorem maximum malum dicant, erunt qui ne malum quidem appellent; divitias aliquis ad summum bonum admittet, alius illas dicet malo vitae humanae reptas, nihil esse eo locupletius, cui quod donet fortuna non invenit. In tanta iudiciorum diversitate referendam bene merentibus gratiam omnes tibi uno, quod aiunt, ore adfirmabunt. In hoc tam discors turba consentiet; cum interim iniurias pro beneficiis reddimus, et prima causa est, cur quis ingratus sit, si satis 32 gratis esse non potuit. Eo perductus est furor, ut periculosissima res sit beneficia in aliquem magna conferre; nam quia putat turpe non reddere, non vult esse, cui reddat. Tibi habe, quod accepisti; we should take counsel regarding them, not with their reputation but with their nature; those things possess no grandeur wherewith to enthrall our minds, except the fact that we have become accustomed to marvel at them. For they are not praised because they ought to be desired, but they are desired because they have been praised; and when the error of individuals has once created error on the part of the public, then the public error goes on creating error on the part of individuals. But just as we take on faith such estimates of values, so let us take on the faith of the people this truth, that nothing is more honourable than a grateful heart. This phrase will be echoed by all cities, and by all races, even those from savage countries. Upon this point good and bad will agree. Some praise pleasure, some prefer toil; some say that pain is the greatest of evils, some say it is no evil at all; some will include riches in the Supreme Good, others will say that

Now valued at \$30 billion, Airbnb is in the very top tier of Silicon Valley's 'unicorn' startups. Yet the company has not been without controversy - disrupting a \$500 billion hotel industry makes you a few enemies. This is also a story of regulators who want to shut it down, hotel industry leaders who want it to disappear and neighbourhoods that struggle with private homes open for public rental. But beyond the headlines and the horror stories, Airbnb has changed the terms of travel for a whole generation - where a sense of belonging has built trust between hosts and guests seeking a more original travel experience that hotels have struggled to replicate. This is the first, definitive book to tell the remarkable story behind Airbnb in all its forms - cultural zeitgeist, hotel disruptor, enemy to regulators - and the first in-depth character study of its leader Brian Chesky, the company's curious co-founder and CEO. It reveals what got Airbnb where it is today, why they are nothing like Uber, and where they are going next. **Zeno's Conscience** Vintage Long hailed as a seminal work of modernism in the tradition of Joyce and Kafka, and now available in a supple new English translation, Italo Svevo's charming and splendidly idiosyncratic novel conducts readers deep into one hilariously hyperactive and endlessly self-deluding mind. The mind in question belongs to Zeno Cosini, a neurotic Italian businessman who is writing his confessions at the behest of his psychiatrist. Here are Zeno's interminable attempts to quit smoking, his courtship of the beautiful yet unresponsive Ada, his unexpected—and unexpectedly happy—marriage to Ada's homely sister Augusta, and his affair with a shrill-voiced aspiring singer. Relating these misadventures with wry wit and a perspicacity at once unblinking and compassionate, Zeno's Conscience is a miracle of psychological realism. **The End of the Suburbs Where the American Dream Is Moving** Penguin "The government in the past created one American Dream at the expense of almost all others: the dream of a house, a lawn, a picket fence, two children, and a car. But there is no single American Dream anymore." For nearly 70 years, the suburbs were as American as apple pie. As the middle class ballooned and single-family homes and cars became more affordable, we flocked to pre-fabricated communities in the suburbs, a place where open air and solitude offered a retreat from our dense, polluted cities. Before long, success became synonymous with a private home in a bedroom community complete with a yard, a two-car garage and a commute to the office, and subdivisions quickly blanketed our landscape. But in recent years things have started to change. An epic housing crisis revealed existing problems with this unique pattern of development, while the steady pull of long-simmering economic, societal and demographic forces has culminated in a Perfect Storm that has led to a profound shift in the way we desire to live. In *The End of the Suburbs* journalist Leigh Gallagher traces the rise and fall of American suburbia from the stately railroad suburbs that sprung up outside American cities in the 19th and early 20th centuries to current-day sprawling exurbs where residents spend as much as four hours each day commuting. Along the way she shows why suburbia was unsustainable from the start and explores the hundreds of new, alternative communities that are springing up around the country and promise to reshape our way of life for the better. Not all suburbs are going to vanish, of course, but Gallagher's research and reporting show the trends are undeniable. Consider some of the forces at work: The nuclear family is no more: Our marriage and birth rates are steadily declining, while the single-person households are on the rise. Thus, the good schools and family-friendly lifestyle the suburbs promised are increasingly unnecessary. We want out of our cars: As the price of oil continues to rise, the hours long commutes forced on us by sprawl have become unaffordable for many. Meanwhile, today's younger generation has expressed a perplexing indifference toward cars and driving. Both shifts have fueled demand for denser, pedestrian-friendly communities. Cities are booming. Once abandoned by the wealthy, cities are experiencing a renaissance, especially among younger generations and families with young children. At the same time, suburbs across the country have had to confront never-before-seen rates of poverty and crime. Blending powerful data with vivid on the ground reporting, Gallagher introduces us to a fascinating cast of characters, including the charismatic leader of the anti-sprawl movement; a mild-mannered Minnesotan who quit his job to convince the world that the suburbs are a financial Ponzi scheme; and the disaffected residents of suburbia, like the teacher whose punishing commute entailed leaving home at 4 a.m. and sleeping under her desk in her classroom. Along the way, she explains why understanding the shifts taking place is imperative to any discussion about the future of our housing landscape and of our society itself—and why that future will bring us stronger, healthier, happier and more diverse communities for everyone. **Optimize YOUR Airbnb The Definitive Guide to Ranking #1 in Airbnb Search** Optimizemybnb.com LLC Former Airbnb employee, Superhost, and Airbnb property manager reveals his strategies to rank #1 in Airbnb search by creating an optimal online listing and offline guest experience. overlooked classic of Italian literature, this epic and unforgettable novel recounts one man's long and turbulent life in revolutionary Italy. At the age of eighty-three and nearing death, Carlo Altoviti has decided to write down the confessions of his long life. He remembers everything: his unhappy childhood in the kitchens of the Castle of Fratta; romantic entanglements during the siege of Genoa; revolutionary fighting in Naples; and so much more. Throughout, Carlo lives only for his twin passions in life: his dream of a unified, free Italy and his undying love for the magnificent but inconstant Pisana. Peopled by a host of unforgettable characters - including drunken smugglers, saintly nuns, scheming priests, Napoleon and Lord Byron - this is an epic historical novel that tells the remarkable and inseparable stories of one man's life and the history of Italy's unification. Ippolito Nievo was born in 1831 in Padua. Confessions of an Italian, written in 1858 and published posthumously in 1867, is his best known work. A patriot and a republican, he took part with Garibaldi and his Thousand in the momentous 1860 landing in Sicily to free the south from Bourbon rule. Nievo died before he reached the age of thirty, when his ship, en route from Palermo to Naples, went down in the Tyrrhenian Sea in early 1861. He was, Italo Calvino once said, the sole Italian novelist of the nineteenth century in the 'daredevil, swashbuckler, rambler' mould so dear to other European literatures. Frederika Randall has worked as a cultural journalist for many years. Her previous translations include Luigi Meneghello's *Deliver Us* and Ottavio Cappellani's *Sicilian Tragedy* and Sergio Luzzatto's *Padre Pio: Miracles and Politics in a Secular Age*. Lucy Riall is Professor of Comparative History at the European University Institute. Her many books include *Garibaldi, Invention of a Hero*. 'Of all the furore that came out of the Risorgimento, only Manzoni and Nievo really matter today' - Umberto Eco 'The one 19th century Italian novel which has [for an Italian reader] that charm and fascination so abundant in foreign literatures' - Italo Calvino 'Perhaps the greatest Italian novel of the nineteenth century' - Roberto Carnerò 'A spirited appeal for liberté, égalité and fraternité, the novel is also an astute, scathing and amusing human comedy, a tale of love, sex and betrayal, of great wealth and grinding poverty, of absolute power and scheming submission, of idealism and cynicism, courage and villainy' - The Literary Encyclopedia

The contributors focus on attitudes of medieval men and women toward their own society. Through a variety of techniques, from a reading of the Song of Roland to a reading of administrative records, they identify characteristic viewpoints of members of the fighting class, the clergy, and the peasantry. The Reach of the Republic of Letters: Literary and Learned Societies in Late Medieval and Early Modern Europe (2 vols.) Hotel Revenue Management Principles and Practices Homosexuality and Italian Cinema From the Fall of

Fascism to the Years of Lead Springer This book is the first to establish the relevance of same-sex desires, pleasures and anxieties in the cinema of post-war Italy. It explores cinematic representations of homosexuality and their significance in a wider cultural struggle in Italy involving society, cinema, and sexuality between the 1940s and 1970s. Besides tracing the evolution of representations through both art and popular films, this book also analyses connections with consumer culture, film criticism and politics. Giori uncovers how complicated negotiations between challenges to and valorization of dominant forms of knowledge of homosexuality shaped representations and argues that they were not always the outcome of hatred but also sought to convey unmentionable pleasures and complicities. Through archival research and a survey of more than 600 films, the author enriches our understanding of thirty years of Italian film and cultural history.

Inscribing Sorrow Fourth-Century Attic Funerary Epigrams Walter de Gruyter Fourth-century Attic grave epigrams reflect a transitional phase in the evolution of the genre of epigram. They testify to a shift of interest towards social issues such as the family, the deceased's age and profession. In a turbulent period of restlessness and uncertainty that followed the devastating Peloponnesian war, the commemoration of the departed in private monuments became an effective mechanism of displaying publicly a new set of social concerns. This book explores this decisive phase in the evolution of the epigram by reconstructing as many ancient contexts as possible on the one hand, and studying sepulchral epigrams as a poetic art on the other.

The Republic of Letters Yale University Press A provocative exploration of intellectual exchange across four centuries of European history by the author of *When the World Spoke French* In this fascinating study, preeminent historian Marc Fumaroli reveals how an imagined "republic" of ideas and interchange fostered the Italian Renaissance, the Enlightenment, and the French Revolution. He follows exchanges among Petrarch, Erasmus, Descartes, Montaigne, and others from the fifteenth through the eighteenth centuries, through revolutions in culture and society. Via revealing portraits and analysis, Fumaroli traces intellectual currents engaged with the core question of how to live a moral life--and argues that these men of letters provide an example of the exchange of knowledge and ideas that is worthy of emulation in our own time. Combining scholarship, wit, and reverence, this thought-provoking volume represents the culmination of a lifetime of scholarship.
