Parallel Journeys

Simon and Schuster **She was a young German Jew. He was an ardent member of the Hitler Youth. This is the story of their parallel journey through World War II. Helen Waterford and Alfons Heck were born just a few miles from each other in the German Rhineland. But their lives took radically different courses: Helen's to the Auschwitz extermination camp; Alfons to a high rank in the Hitler Youth. While Helen was hiding in Amsterdam, Alfons was a fanatic believer in Hitler's "master race." While she was crammed in a cattle car bound for the death camp Aushchwitz, he was a teenage commander of frontline troops, ready to fight and die for the glory of Hitler and the Fatherland. This book tells both of their stories, side-by-side, in an overwhelming account of the nightmare that was WWII. The riveting stories of these two remarkable people must stand as a powerful lesson to us all.**

Notes on Nationalism

Penguin UK **'The general uncertainty as to what is really happening makes it easier to cling to lunatic beliefs' Biting and timeless reflections on patriotism, prejudice and power, from the man who wrote about his nation better than anyone. Penguin Modern: fifty new books celebrating the pioneering spirit of the iconic Penguin Modern Classics series, with each one offering a concentrated hit of its contemporary, international flavour. Here are authors ranging from Kathy Acker to James Baldwin, Truman Capote to Stanislaw Lem and George Orwell to Shirley Jackson; essays radical and inspiring; poems moving and disturbing; stories surreal and fabulous; taking us from the deep South to modern Japan, New York's underground scene to the farthest reaches of outer space.**

Gilgamesh Epic and Old Testament Parallels

University of Chicago Press **Cuneiform records made some three thousand years ago are the basis for this essay on the ideas of death and the afterlife and the story of the flood which were current among the ancient peoples of the Tigris-Euphrates Valley. With the same careful scholarship shown in his previous volume, The Babylonian Genesis, Heidel interprets the famous Gilgamesh Epic and other related Babylonian and Assyrian documents. He compares them with corresponding portions of the Old Testament in order to determine the inherent historical relationship of Hebrew and Mesopotamian ideas.**

The Passing of the Great Race

The Palingenesis Project (Wormod and Wormod Publishing Group) **The Passing of the Great Race is one of the most prominent racially oriented books of all times, written by the most influential American conservationist that ever lived. Historically, topically, and geographically, Grant's magnum opus covers a vast amount of ground, broadly tracing the racial basis of European history, emphasising the need to preserve the northern European type and generally improve the White race. Grant was, logically, a proponent of eugenics, and along with Lothrop Stoddard was probably the single most influential creator of the national mood that made possible the immigration control measures of 1924. The Passing of the Great Race remains one of the foremost classic texts of its kind. This new edition supersedes all others in many respects. Firstly, it comes with a number of enhancements that will be found in no other edition, including: an introductory essay by Jared Taylor (American Renaissance), which puts Grant's text into context from our present-day perspective; a full complement of editorial footnotes, which correct and update Grant's original narration; an expanded index; a reformatted bibliography, following modern conventions of style and meeting today's more demanding requirements. Secondly, great care has been placed on producing an aesthetically appealing volume, graphically and typographically--something that will not be found elsewhere.**

Antisemitism Through the Ages

Pergamon **Is there a common denominator to be found between the Jew-hatred of antiquity and the antisemitism of modern times? Is antisemitism essentially constant and timeless or has it changed over the centuries? This book presents a collection of essays addressing these questions throughout the totality of Jewish history: in antiquity and in the Middle Ages, in the Christian world and in the Muslim countries, and particularly in the twentieth century. It examines and assesses not only the various forms and manifestations of antisemitism in history but also the diverse interpretations which have been placed upon it by contemporaries and historians.**

Jewish Resistance Against the Nazis

CUA Press **This volume puts to rest the myth that the Jews went passively to the slaughter like sheep. Indeed Jews resisted in every Nazi-occupied country - in the forests, the ghettos, and the concentration camps. The essays presented here consider Jewish resistance to be resistance by Jewish persons in specifically Jewish groups, or by Jewish persons working within non-Jewish organizations. Resistance could be armed revolt; flight; the rescue of targeted individuals by concealment in non-Jewish homes, farms, and institutions; or by the smuggling of Jews into countries where Jews were not objects of Nazi persecution. Other forms of resistance include every act that Jewish people carried out to fight against the dehumanizing agenda of the Nazis - acts such as smuggling food, clothing, and medicine into the ghettos, putting on plays, reading poetry, organizing orchestras and art exhibits, forming schools, leaving diaries, and praying. These attempts to remain physically, intellectually, culturally, morally, and theologically alive constituted resistance to Nazi oppression, which was designed to demolish individuals, destroy their soul, and obliterate their desire to live.**

Quiches, Kugels, and Couscous

My Search for Jewish Cooking in France: A Cookbook

Knopf What is Jewish cooking in France? In a journey that was a labor of love, Joan Nathan traveled the country to discover the answer and, along the way, unearthed a treasure trove of recipes and the often moving stories behind them. Nathan takes us into kitchens in Paris, Alsace, and the Loire Valley; she visits the bustling Belleville market in Little Tunis in Paris; she breaks bread with Jewish families around the observation of the Sabbath and the celebration of special holidays. All across France, she finds that Jewish cooking is more alive than ever: traditional dishes are honored, yet have acquired a certain French finesse. And completing the circle of influences: following Algerian independence, there has been a huge wave of Jewish immigrants from North Africa, whose stuffed brik and couscous, eggplant dishes and tagines—as well as their hot flavors and Sephardic elegance—have infiltrated contemporary French cooking. All that Joan Nathan has tasted and absorbed is here in this extraordinary book, rich in a history that dates back 2,000 years and alive with the personal stories of Jewish people in France today.

The Leo Frank Case

University of Georgia Press The events surrounding the 1913 murder of the young Atlanta factory worker Mary Phagan and the subsequent lynching of Leo Frank, the transplanted northern Jew who was her employer and accused killer, were so wide ranging and tumultuous that they prompted both the founding of B'nai B'rith's Anti-Defamation League and the revival of the Ku Klux Klan. The Leo Frank Case was the first comprehensive account of not only Phagan's murder and Frank's trial and lynching but also the sensational newspaper coverage, popular hysteria, and legal demagoguery that surrounded these events. Forty years after the book first appeared, and more than ninety years after the deaths of Phagan and Frank, it remains a gripping account of injustice. In his preface to the revised edition, Leonard Dinnerstein discusses the ongoing cultural impact of the Frank affair.

To Serve My Country, to Serve My Race

The Story of the Only African-American WACS Stationed Overseas During World War II

NYU Press I would have climbed up a mountain to get on the list [to serve overseas]. We were going to do our duty. Despite all the bad things that happened, America was our home. This is where I was born. It was where my mother and father were. There was a feeling of wanting to do your part. --Gladys Carter, member of the 6888th To Serve My Country, to Serve my Race is the story of the historic 6888th, the first United States Women's Army Corps unit composed of African-American women to serve overseas. While African-American men and white women were invited, if belatedly, to serve their country abroad, African-American women were excluded for overseas duty throughout most of WWII. Under political pressure from legislators like Adam Clayton Powell, Jr., the NAACP, the black press, and even President Roosevelt, the U.S. War Department was forced to deploy African-American women to the European theater in 1945. African-American women, having succeeded, through their own activism and political ties, in their quest to shape their own lives, answered the call from all over the country, from every socioeconomic stratum. Stationed in France and England at the end of World War II, the 6888th brought together women like Mary Daniel Williams, a cook in the 6888th who signed up for the Army to escape the slums of Cleveland and to improve her ninth-grade education, and Margaret Barnes Jones, a public relations officer of the 6888th, who grew up in a comfortable household with a politically active mother who encouraged her to challenge the system. Despite the social, political, and economic restrictions imposed upon these African-American women in their own country, they were eager to serve, not only out of patriotism but out of a desire to uplift their race and dispell bigoted preconceptions about their abilities. Elaine Bennett, a First Sergeant in the 6888th, joined because "I wanted to prove to myself and maybe to the world that we would give what we had back to the United States as a confirmation that we were full-fledged citizens." Filled with compelling personal testimony based on extensive interviews, *To Serve My Country* is the first book to document the lives of these courageous pioneers. It reveals how their Army experience affected them for the rest of their lives and how they, in turn, transformed the U.S. military forever.

Am I an Antisemite?

Createspace Independent Publishing Platform Properly, while I endeavor to expound the principles of Christian social justice, I shall also endeavor to show you how these principles can be applied. And just as properly, it will be my hope to bestir you to action-Christian action, American action-for faith without good works is dead. Thus, at the outset, while I am deeply grateful to everyone of you for, the heroic sacrifices you have made, and will make, to keep me on the air over this independent chain of radio stations, may I ask you for one more favor today—the favor of a prayer to the Holy Ghost. I beseech all of you to ask the spirit of understanding to fill me with prudence; and the spirit of fortitude to give me strength and courage to carry on the battle against the hidden powers of darkness—perhaps not quite so hidden today as yesterday. May I also suggest that you will ask your little children who are ignorant of the causes of poverty, wretchedness and exploitation—may I suggest that you ask these innocent children to whisper a prayer for one who fully recognizes how unworthy he is but who fully realizes what a golden opportunity God has given to him to be an instrument for good. You are anxious to know what topics I shall discuss during the ensuing year. Roundly speaking, it is my hope that these addresses will be concerned chiefly with Christian social justice. While my ultimate objective is to help more and more men to save their immortal souls, I recognize how difficult it is for man to practice Christian virtue, to live a holy life in peace and contentment, when he and a great group of his fellowmen are denied unjustly an equitable share in the goods and wealth of this world—goods and wealth which our common Father in heaven bestowed upon all men for all men to use and enjoy—goods and wealth, which, alas, have been concentrated in the hands of a few to the detriment of the many because an un-Christian species of social injustice was foisted upon us in the past few centuries and because, as a result of this, an alien philosophy of social injustice, under the name either of Communism or Naziism, is endeavoring to win our allegiance today. Fearlessly, Christian social justice challenges these several systems for the attention and the support, in this instance, of the American public—a public composed of persons who, despite their many faults and shortcomings, will never surrender the heritage of Bethlehem, of Pilate's hall, of Calvary Hill or of the Easter morning sepulchre from whose empty depths there echo and re-echo the immortal words, "I am the Resurrection and the Life." Fortified with these precious heritages it is our hope to carry on a campaign of instruction and inspiration even though we find ourselves opposed by the rugged individualists on the right and by the unchristly radicals on the left. It is our hope to convert a zealous band of followers into a group of active Christians—Christians who, by the sincerity of their lives and the logic of their doctrines shall win millions of followers who are convinced that there is no way other than Christ's way for saving America and restoring prosperity and peace for all. My friends, at the outset, permit me to clarify the fundamental doctrine of Christian social justice—the doctrine that differentiates it from every other plan of life proposed for man to follow. It is this: Christ came on earth not only to redeem and save individuals but also to establish an absolutely new social order. Recognizing the chaotic condition of society in His own time; aware of the universal slavery practiced virtually by every nation; and conscious of the spiritual darkness which had encompassed every kingdom, empire, republic and tribe, our Saviour well understood that man, left to his natural abilities, was unable to acquire peace and prosperity in this world and save his immortal soul in the hereafter.

Tacitus, Annals, 15.20–23, 33–45

Latin Text, Study Aids with Vocabulary, and Commentary

Open Book Publishers e emperor Nero is etched into the Western imagination as one of ancient Rome's most infamous villains, and Tacitus' Annals have played a central role in shaping the mainstream historiographical understanding of this flamboyant autocrat. This section of the text plunges us straight into the moral cesspool that Rome had apparently become in the later years of Nero's reign, chronicling the emperor's fledgling stage career including his plans for a grand tour of Greece; his participation in a city-wide orgy climaxing in his publicly consummated 'marriage' to his toy boy Pythagoras; the great fire of AD 64, during which large parts of central Rome went up in flames; and the rising of Nero's 'grotesque' new palace, the so-called 'Golden House', from the ashes of the city. This building project stoked the rumours that the emperor himself was behind the conflagration, and Tacitus goes on to present us with Nero's gruesome efforts to quell these mutterings by scapegoating and executing members of an unpopular new cult then starting to spread through the Roman empire: Christianity. All this contrasts starkly with four chapters focusing on one of Nero's most principled opponents, the Stoic senator Thrasea Paetus, an audacious figure of moral fibre, who courageously refuses to bend to the forces of imperial corruption and hypocrisy. This course book offers a portion of the original Latin text, study aids with

vocabulary, and a commentary. Designed to stretch and stimulate readers, Owen's and Gildenhart's incisive commentary will be of particular interest to students of Latin at both A2 and undergraduate level. It extends beyond detailed linguistic analysis and historical background to encourage critical engagement with Tacitus' prose and discussion of the most recent scholarly thought.

The Age of Revolution 1789-1848

New York and Toronto: New American Library

The American Revolution Considered as a Social Movement

Princeton University Press Written when political and military history dominated the discipline, J. Franklin Jameson's *The American Revolution Considered as a Social Movement* was a pioneering work. Based on a series of four lectures he gave at Princeton University in 1925, the short book argued that the most salient feature of the American Revolution had not been the war for independence from Great Britain; it was, rather, the struggle between aristocratic values and those of the common people who tended toward a leveling democracy. American revolutionaries sought to change their government, not their society, but in destroying monarchy and establishing republics, they in fact changed their society profoundly. Jameson wrote, "The stream of revolution, once started, could not be con.ned within narrow banks, but spread abroad upon the land.?" Jameson's book was among the first to bring social analysis to the fore of American history. Examining the effects the American Revolution had on business, intellectual and religious life, slavery, land ownership, and interactions between members of different social classes, Jameson showed the extent of the social reforms won at home during the war. By looking beyond the political and probing the social aspects of this seminal event, Jameson forced a reexamination of revolution as a social phenomenon and, as one reviewer put it, injected a "liberal spirit" into the study of American history. Still in print after nearly eighty years, the book is a classic of American historiography.

The History and Future of the World Trade Organization

The History and Future of the World Trade Organization is a comprehensive account of the economic, political and legal issues surrounding the creation of the WTO and its evolution. Fully illustrated with colour and black-and-white photos dating back to the early days of trade negotiations, the publication reviews the WTO's achievements as well as the challenges faced by the organisation, and identifies the key questions that WTO members need to address in the future. The book describes the intellectual roots of the trading system, membership of the WTO and the growth of the Geneva trade community, trade negotiations and the development of coalitions among the membership, and the WTO's relations with other international organisations and civil society. Also covered are the organisation's robust dispute settlement rules, the launch and evolution of the Doha Round, the rise of regional trade agreements, and the leadership and management of the WTO.

The Night of Broken Glass

Eyewitness Accounts of Kristallnacht

John Wiley & Sons November 9th 1938 is widely seen as a violent turning point in Nazi Germany's assault on the Jews. An estimated 400 Jews lost their lives in the anti-Semitic pogrom and more than 30,000 were imprisoned or sent to concentration camps, where many were brutally mistreated. Thousands more fled their homelands in Germany and Austria, shocked by what they had seen, heard and experienced. What they took with them was not only the pain of saying farewell but also the memory of terrible scenes: attacks by mobs of drunken Nazis, public humiliations, burning synagogues, inhuman conditions in overcrowded prison cells and concentration camp barracks. The reactions of neighbours and passersby to these barbarities ranged from sympathy and aid to scorn, mockery, and abuse. In 1939 the Harvard sociologist Edward Hartshorne gathered eyewitness accounts of the Kristallnacht from hundreds of Jews who had fled, but Hartshorne joined the Secret Service shortly afterwards and the accounts he gathered were forgotten - until now. These eyewitness testimonies - published here for the first time with a Foreword by Saul Friedländer, the Pulitzer Prize historian and Holocaust survivor - paint a harrowing picture of everyday violence in one of Europe's darkest moments. This unique and disturbing document will be of great interest to anyone interested in modern history, Nazi Germany and the historical experience of the Jews.
