Sorrel King was a young mother of four when her eighteen-month-old daughter was badly burned by a faulty water heater in the family's new home. Taken to the world-renowned Johns Hopkins Hospital, Josie made a remarkable recovery. But as she was preparing to leave, the hospital's system of communication broke down and Josie was given a fatal shot of methadone, sending her into cardiac arrest. Within forty-eight hours, the King family went from planning a homecoming to planning a funeral. Dizzy with grief, falling into deep depression, and close to ending her marriage, Sorrel slowly pulled herself and her life back together. Accepting Hopkins' settlement, she and her husband established the Josie King Foundation. They began to implement basic programs in hospitals emphasizing communication between patients, family, and medical staff—programs like Family-Activated Rapid Response Teams, which are now in place in hospitals around the country. Today Sorrel and the work of the foundation have had a tremendous impact on health-care providers, making medical care safer for all of us, and earning Sorrel a well-deserved reputation as one of the leading voices in patient safety. "I cried . . . I cheered" at this account of one woman's unlikely path from full-time mom to nationally renowned patient advocate (Ann Hood). "Part indictment, part celebration, part catharsis" Josie's Story is the startling, moving, and inspirational chronicle of how a mother—and her unforgettable daughter—are transforming the face of American medicine (Richmond Times-Dispatch).* **The Air You Breathe A Novel** Penguin "[A] glorious, glittery saga of friendship and loss... I read The Air You Breathe in two nights. (One might say I inhaled it.)" --NPR "Echoes of Elena Ferrante resound in this sumptuous saga."--O, The Oprah Magazine "Enveloping...Peebles understands the shifting currents of female friendship, and she writes so vividly about samba that you close the book certain its heroine's voices must exist beyond the page." -

People The story of an intense female friendship fueled by affection, envy and pride--and each woman's fear that she would be nothing without the other. Some friendships, like romance, have the feeling of fate. Skinny, nine-year-old orphaned Dores is working in the kitchen of a sugar plantation in 1930s Brazil when in walks a girl who changes everything. Graça, the spoiled daughter of a wealthy sugar baron, is clever, well fed, pretty, and thrillingly ill behaved. Born to wildly different worlds, Dores and Graça quickly bond over shared mischief, and then, on a deeper level, over music. One has a voice like a songbird; the other feels melodies in her soul and composes lyrics to match. Music will become their shared passion, the source of their partnership and their rivalry, and for each, the only way out of the life to which each was born. But only one of the two is destined to be a star. Their intimate, volatile bond will determine each of their fortunes--and haunt their memories. Traveling from Brazil's inland sugar plantations to the rowdy streets of Rio de Janeiro's famous Lapa neighborhood, from Los Angeles during the Golden Age of Hollywood back to the irresistible drumbeat of home, *The Air You Breathe* unfurls a moving portrait of a lifelong friendship--its unparalleled rewards and lasting losses--and considers what we owe to the relationships that shape our lives. **Someone Named Eva** [Houghton Mifflin Harcourt](#) In 1942, blonde and blue-eyed Milada is taken from her home in Czechoslovakia to a school in Poland to be trained as "a proper German" for adoption by a German family, but all the while she remembers her true name and history. **The Polished Hoe** [Dundurn.com](#) Winner of the 2002 Scotiabank Giller Prize and of the 2003 Commonwealth Writers' Prize: Best Book (Canada and the Caribbean) When an elderly Bimshire village woman calls the police to confess to a murder, the result is a shattering all-night vigil that brings together elements of the African diaspora in one epic sweep. Set on the post-colonial West Indian island of Bimshire in 1952, *The Polished Hoe* unravels over the course of 24 hours but spans the lifetime of one woman and the collective experience of a society informed by slavery. As the novel opens, Mary Mathilda is giving confession to Sargeant, a police officer she has known all her life. The man she claims to have murdered is Mr. Belfeels, the village plantation owner for whom she has worked for more than thirty years. Mary has also been Mr. Belfeels' mistress for most of that time and is the mother of his only son, Wilberforce, a successful doctor. What transpires through Mary's words and recollections is a deep meditation about the power of memory and the indomitable strength of the human spirit. Infused with Joycean overtones, this is a literary masterpiece that evokes the sensuality of the tropics and the tragic richness of Island culture. **The Dig Now a BAFTA-nominated motion picture starring Ralph Fiennes, Carey Mulligan and Lily James** [Penguin UK](#) A brilliantly realised account of the most famous archeological dig in British history, now a major motion picture starring Ralph Fiennes, Carey Mulligan and Lily James. 'Exquisitely original' Ian MacEwan 'An enthralling story of love and loss' Robert Harris In the long hot summer of 1939 Britain is preparing for war. But on a riverside farm in Suffolk there is excitement of another kind: Mrs Pretty, the widowed farmer, has had her hunch proved correct that the strange mounds on her land hold buried treasure. As the dig proceeds against a background of mounting national anxiety, it becomes clear that this is no ordinary find... John Preston's recreation of the Sutton Hoo dig - the greatest Anglo-Saxon discovery ever in Britain - brilliantly and comically dramatizes three months of intense

activity when locals fought outsiders, professionals thwarted amateurs, and love and rivalry flourished in equal measure. As the day passes and the chaos mounts in the kitchen, Julia listens desperately for the return of her husband. Ben may have married her on the orders of her domineering father, but he had come to love her; together they had found the happiness they missed in childhood. Sweeping and lyrical, spellbinding and unforgettable, David Ebershoff's *The 19th Wife* combines epic historical fiction with a modern murder mystery to create a brilliant novel of literary suspense. It is 1875, and Ann Eliza Young has recently separated from her powerful husband, Brigham Young, prophet and leader of the Mormon Church. Expelled and an outcast, Ann Eliza embarks on a crusade to end polygamy in the United States. A rich account of a family's polygamous history is revealed, including how a young woman became a plural wife.

Soon after Ann Eliza's story begins, a second exquisite narrative unfolds—a tale of murder involving a polygamist family in present-day Utah. Jordan Scott, a young man who was thrown out of his fundamentalist sect years earlier, must reenter the world that cast him aside in order to discover the truth behind his father's death. And as Ann Eliza's narrative intertwines with that of Jordan's search, readers are pulled deeper into the mysteries of love and faith. Praise for *The 19th Wife* "This exquisite tour de force explores the dark roots of polygamy and its modern-day fruit in a renegade cult . . . Ebershoff brilliantly blends a haunting fictional narrative by Ann Eliza Young, the real-life 19th "rebel" wife of Mormon leader Brigham Young, with the equally compelling contemporary narrative of fictional Jordan Scott, a 20-year-old gay man. . . . With the topic of plural marriage and its shattering impact on women and powerless children in today's headlines, this novel is essential reading for anyone seeking understanding of the subject."—Publishers Weekly (starred review)

The Mongol Empire Genghis Khan, his heirs and the founding of modern China Random House Genghis Khan is one of history's immortals: a leader of genius, driven by an inspiring vision for peaceful world rule. Believing he was divinely protected, Genghis united warring clans to create a nation and then an empire that ran across much of Asia. Under his grandson, Kublai Khan, the vision evolved into a more complex religious ideology, justifying further expansion. Kublai doubled the empire's size until, in the late 13th century, he and the rest of Genghis's 'Golden Family' controlled one fifth of the inhabited world. Along the way, he conquered all China, gave the nation the borders it has today, and then, finally, discovered the limits to growth. Genghis's dream of world rule turned out to be a fantasy. And yet, in terms of the sheer scale of the conquests, never has a vision and the character of one man had such an effect on the world. Charting the evolution of this vision, John Man provides a unique account of the Mongol Empire, from young Genghis to old Kublai, from a rejected teenager to the world's most powerful emperor.

Cher Ami and Major Whittlesey A Novel Penguin "Both heartbreaking and sharply funny...Cher Ami and Major Whittlesey is brilliant and surprising at every turn."—Rebecca Makkai, Pulitzer finalist for *The Great Believers* A heart-tugging and gorgeously written novel based on the incredible true story of a WWI messenger pigeon and the soldiers whose lives she forever altered, from the author of *Lillian Boxfish Takes a Walk*. From the green countryside of England and the gray canyons of Wall Street come two unlikely heroes: one a pigeon and the other a soldier. Answering the call to serve in the war to end all wars, neither Cher Ami, the messenger bird, nor Charles Whittlesey, the army officer, can anticipate how their lives will briefly intersect in a chaotic battle in the forests of France, where their wills will be tested, their fates will be shaped, and their lives will emerge forever altered. A saga of hope and duty, love and endurance, as well as the claustrophobia of fame, *Cher Ami and Major Whittlesey* is a tragic yet life-affirming war story that the world has never heard. Inspired by true events of World War I,

Kathleen Rooney resurrects two long-forgotten yet unforgettable figures, recounting their tale in a pair of voices that will change the way readers look at animals, freedom, and even history itself. **The Dark Side of Isaac Newton Science's Greatest Fraud?** [Pen and Sword History](#) Isaac Newton was accorded a semi-divine status in the 18th and 19th centuries, whereby his image linked together religion and science. The real human being behind the demi-god image has tended to be lost. He was a person who took credit from others, and crushed the reputations of those to whom he owed most. This most brilliant of mathematicians could alas be devious, deceptive and duplicitous. This work doesn't go looking at unpublished alchemical musings as is nowadays fashionable, rather it sticks to the historical record. At the time when the new science was born, we scrutinize the ways in which he failed to discover the law of gravity or invent calculus. What exactly did Leibniz mean by describing him as 'a mind neither fair nor honest'? Why did Robert Hooke describe him as 'the veriest knave in all the house' and why was the astronomer Flamsteed calling him SIN (Sir Isaac Newton)? We are here concerned to give him credit for what he did discover, which may not be quite what you had been told. This book redefines the genius of Isaac Newton, but without the heavily mythologised baggage of a bygone era. He believed in one God, one law and one bank. **The Boy at the Top of the Mountain** [Random House](#) When Pierrot becomes an orphan, he must leave his home in Paris for a new life with his Aunt Beatrix, a servant in a wealthy household at the top of the German mountains. But this is no ordinary time, for it is 1935 and the Second World War is fast approaching; and this is no ordinary house, for this is the Berghof, the home of Adolf Hitler. Quickly, Pierrot is taken under Hitler's wing, and is thrown into an increasingly dangerous new world: a world of terror, secrets and betrayal, from which he may never be able to escape. **Raiders from the Sea** [Moody Publishers](#) In one harrowing day, Viking raiders capture Bree and her brother Devin and take them from their home in Ireland. After the young Viking prince Mikkell sets Devin free on the Irish coast far from home, Bree and Devin embark on separate journeys to courage. Readers will be captivated by the unfolding drama as Bree sails to Norway on the Viking ship and Devin travels the dangerous road home. They both must trust their all-powerful God in the midst of difficult situations. **Essentials of Pharmacology for Health Professions** [Cengage Learning](#) The ideal resource for those preparing for licensed practical nursing, medical assisting, and other allied health careers, best-selling ESSENTIALS OF PHARMACOLOGY FOR HEALTH PROFESSIONS delivers the need to know drug information that gives you the confidence to master pharmacology as well as clinical applications to help you understand the relevancy and why behind the concepts. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. **Wickwythe Hall** May 1940. Hitler invades France, a move that threatens all of Europe, and three lives intersect at Wickwythe Hall, an opulent estate in the English

countryside--a beautiful French refugee, a take-charge American heiress, and a charming champagne vendeur with ties to Roosevelt and Churchill, who isn't what he seems. There, secrets and unexpected liaisons unfold, until a shocking tragedy in a far off Algerian port binds them forever... Wickwythe Hall is inspired by actual people, places and events, including Operation Catapult, a sea action in which Churchill launched a bloody attack on the French fleet to keep the powerful ships out of Hitler's reach. Over 1,000 French sailors, who just days before fought side-by-side with the British, perished. Humanizing this forgotten piece of history, Wickwythe Hall takes the reader behind the blackout curtains of upper-class England, through the bustling private quarters of Churchill's Downing Street, and along the tense back alleys of occupied Vichy, illustrating what it took to survive in the dark, early days of World War II.
