Ideas central to ethics—that happiness is the end of human endeavor, that moral virtue is formed through action and habituation, and that good action requires prudence—found their most powerful proponent in the person medieval scholars simply called "the Philosopher." Drawing on their intimate knowledge of Aristotle's thought, Robert C. Bartlett and Susan D. Collins have produced here an English-language translation of the Ethics that is as remarkably faithful to the original as it is graceful in its rendering. Aristotle is well known for the precision with which he chooses his words, and in this elegant translation his work has found its ideal match. Bartlett and Collins provide copious notes and a glossary providing context and further explanation for students, as well as an introduction and a substantial interpretive essay that sketch central arguments of the work and the seminal place of Aristotle's Ethics in his political philosophy as a whole. The Nicomachean Ethics has engaged the serious interest of readers across centuries and civilizations—of peoples ancient, medieval, and modern; pagan, Christian, Muslim, and Jewish—and this new edition will take its place as the standard English-language translation. The Brightest Star in the Sky At 66 Star Street, Dublin, someone is watching over the lives of the people living in its flats - but no-one is aware of it. One of them is ready to take the plunge and fall in love; another is

Outspoken, professional and fearless, Lt. Col. John Paul Vann went to Vietnam in 1962, full of confidence in America's might and right to prevail. He was soon appalled by the South Vietnamese troops' unwillingness to fight, by their random slaughter of civilians and by the arrogance and corruption of the US military. He flouted his supervisors and leaked his sharply pessimistic - and, as it turned out, accurate - assessments to the US press corps in Saigon. Among them was Sheehan, who became fascinated by the angry Vann, befriended him and followed his tragic and reckless career. Sixteen years in the making, A Bright Shining Lie is an eloquent and disturbing portrait of a man who in many ways personified the US war effort in Vietnam, of a soldier cast in the heroic mould, an American Lawrence of Arabia. Blunt, idealistic, patronising to the Vietnamese, Vann was haunted by a shameful secret - the fact that he was the illegitimate son of a 'white trash' prostitute. Gambling away his career, Vann left the army that he loved and returned to Vietnam as a civilian in the pacification programme. He rose to become the first American civilian to wield a general's command in war. When he was killed in 1972, he was mourned at Arlington cemetery by leading political figures of the day. Sheehan recounts his astonishing story in this intimate and intense meditation on a conflict that scarred the conscience of a nation.

The Road Pan Macmillan The post-apocalyptic modern classic with an introduction by novelist John Banville. In a burned-out America, a father and his young son walk under a darkened sky, heading slowly for the coast. They have no idea what, if anything, awaits them there. The landscape is destroyed, nothing moves save the ash on the wind and cruel, lawless men stalk the roadside, lying in wait. Attempting to survive in this brave new world, the young boy and his protector have nothing but a pistol to defend themselves. They must keep walking. Winner of the Pulitzer Prize for Fiction, **The Road** is an incandescent novel, the story of a remarkable and profoundly moving journey. In this unflinching study of the best and worst of humankind, Cormac McCarthy boldly divines a future without hope, but one in which, miraculously, this young family finds tenderness. An exemplar of post-apocalyptic writing, **The Road** is a true modern classic, a masterful, moving and increasingly prescient novel. This edition is part of the Picador Collection, a series of the best in contemporary literature, inaugurated in Picador's 50th Anniversary year.

To the Lighthouse Renard Press Ltd Described by Virginia Woolf herself as 'easily the best of my books', and by her husband Leonard as a 'masterpiece', To the Lighthouse, first published in 1927, is one of the milestones of Modernism. Set on the Isle of Skye, over a decade spanning the First World War, the narrative centres on the Ramsay family, and is framed by Mrs Ramsay's promise to take a trip to the lighthouse the next day - a promise which isn't to be fulfilled for a decade. Flowing from character to character and from year to year, the novel paints a moving portrait of love, loss and perception. Bearing all the hallmarks of Woolf's prose, with her delicate handling of the complexities of human relationships, To the Lighthouse has earned its reputation - frequently appearing in lists of the best novels of the twentieth century, it has lost not an iota of brilliance. Quotations from Chairman Mao Tsetung China Books Bright Shiny Morning A rip-roaring ride through LA from the author of My Friend Leonard Hachette UK 'An absolute triumph of a novel' Guardian 'Compulsive' Independent Welcome to L.A. City of contradictions. It is home to movie stars and down-and-outs. Palm-lined beaches and gridlock. Shopping sprees and gun sprees. Bright Shiny Morning takes a wild ride through the ultimate metropolis, where glittering excess rubs shoulders with seedy depravity. Frey's trademark filmic snapshots zoom in on the parallel lives of diverse characters, bringing their egos and ideals, hopes and despairs, anxieties and absurdities vividly to life. Some suffer, like the otherworldly wino who tries to save a spoilt teenage runaway. Others gain, like the canny talent agent who turns sexual harassment to blackmailing advantage. Some are loaded, or grounded, and have luck on their side. Others, like the countless actresses-turned-hookers, or schoolboys-turned-gangsters, are doomed. Does He not love us? Will He not help us? How do we deal with feeling abandoned in hopeless darkness? Is there a light at the end of the tunnel? In sixteenth-century Spain, a poor monk became a spiritual giant. His life was devoted to prayer, poverty, solitude, and silence in pursuit of the beauty and goodness of God. When his intimacy with Jesus led to imprisonment, John used the time to compose a spiritual masterpiece in which he takes readers on a deeply spiritual journey through hardships and temptations to complete union with God. In a step-by-step process, he shows how God can use this "dark night" to eventually bring our human spirits into greater illumination, revealing heavenly wisdom and the passion of divine love. It is possible to walk securely through the darkness and experience the wonderful effects that are wrought in the believer as a result of the dark night. Full Dark, No Stars Simon and Schuster "I believe there is another man inside every man, a stranger . . ." writes Wilfred Leland James in the early pages of the riveting confession that makes up "1922," the first in this pitch-black quartet of mesmerizing tales from Stephen King. For James, that stranger is awakened when his wife, Arlette, proposes selling off the family homestead and moving to Omaha, setting in motion a gruesome train of murder and madness. In "Big Driver," a cozy-mystery writer named Tess encounters the stranger along a back road in Massachusetts when she takes a shortcut home after a book-club engagement. Violated and left for dead, Tess plots a revenge that will bring her face-to-face with another stranger: the one inside herself. "Fair Extension," the shortest of these tales, is perhaps the nastiest and certainly the funniest. Making a deal with the devil not only saves Dave Streeter from a fatal cancer but provides rich recompense for a lifetime of resentment. When her husband of more than twenty years is away on one of his business trips, Darcy Anderson looks for batteries in the garage. Her toe knocks up against a box under a worktable and she discovers the stranger inside her husband. It's a horrifying discovery, rendered with bristling intensity, and it definitively ends a good marriage. Like Different Seasons and Four Past Midnight, which generated such enduring films as The Shawshank Redemption and Stand by Me, Full Dark, No Stars proves Stephen King a master of the long story form. The Red Room Read Books Ltd "The Red Room" is a short story written by H. G. Wells. First published in the 1896 edition of "The Idler" magazine, it is a quintessentially Gothic tale about a man who spends a night in a supposedly haunted room in Lorraine Castle in an attempt to disprove the legends surrounding it. This thrilling tale constitutes a must-read for fans of Gothic literature and Wells' seminal work, and it would make for a fantastic addition to any collection.

Herbert George Wells (1866 - 1946) was a prolific English writer who wrote in a variety of genres, including the novel, politics, history, and social commentary. "The Father of Science Fiction" was also a staunch socialist, and his later works are increasingly political and didactic. Today, he is perhaps best remembered for his contributions to the science fiction genre thanks to such novels as "The Time Machine" (1895), "The Invisible Man" (1897), and "The War of the Worlds" (1898). Many vintage books such as this are becoming increasingly scarce and expensive. We are republishing this book now in an affordable, modern, high-quality edition complete with a specially commissioned new biography of the author.

Desiring God Meditations of a Christian Hedonist Multnomah Insightful and heart-warming, this classic book is written for those who seek to know God better. It unfolds life-impacting, biblical truths and has been called a "soul-stirring celebration of the pleasures of knowing God." What If Night? This children's picture book asks the question "what if night never came?" as a way of getting at how important night's natural darkness is to life on earth. All life evolved with bright days and dark nights and needs both for optimal health. Without night's darkness we lose the moon and stars and all the thrills of a starry night; we lose the conditions so many creatures need to survive and thrive; we lose a place where all of us-but especially our children-can dream of the places they will go and the experiences they will have. Night is a time of beauty and wonder that too many of us don't know to explore-or we are afraid. The good news is that night's natural darkness is still out there, and we can help bring it back.
