Macroeconomics This volume gives comprehensive coverage of the key topics of macroeconomics and it includes integration of classical and Keynesian approaches, in-depth coverage of two cases and extensive applications and examples. **Macroeconomics Value Edition** Prentice Hall **Introductory Econometrics: A Modern Approach** Cengage Learning Discover how empirical researchers today actually think about and apply econometric methods with the practical, professional approach in Wooldridge's INTRODUCTORY ECONOMETRICS: A MODERN APPROACH, 6E. Unlike traditional books, this unique presentation demonstrates how econometrics has moved beyond just a set of abstract tools to become genuinely useful for answering questions in business, policy evaluation, and forecasting environments. INTRODUCTORY ECONOMETRICS is organized around the type of data being analyzed with a systematic approach that only introduces assumptions as they are needed. This makes the material easier to understand and, ultimately, leads to better econometric practices. Packed with timely, relevant applications, the book introduces the latest emerging developments in the field. Gain a full understanding of the impact of econometrics in real practice today with the insights and applications found only in INTRODUCTORY ECONOMETRICS: A MODERN APPROACH, 6E. This reduces the willingness of many students to prepare for class and to be engaged during class. With this textbook, we show them how to apply economic thinking creatively to improve their work, their choices, and their daily lives. One of our main objectives in writing this textbook was to show that the fundamentals of economics are not just exciting but also alive with myriad personal applications"-- **Macroeconomics 2008-2009 Update Edition Plus Myeconlab One-Semester Student Access Kit Value Package (Includes Study Guide for Macroeconomics)** Prentice Hall **Macroeconomics Mylab Economics Combo Card** Pearson **NOTE:** Before purchasing, check with your instructor to ensure you select the correct ISBN.
