BiCMOS Bus Interface Logic Data Book The Meaning of Contemplation for Social Qualitative Research Applications and Examples Routledge This book offers an account of contemplative reflection in qualitative social research. Focusing on the experiences of the researcher - including sensory and emotional experiences - and the work of the mind in the investigative process, it considers the means by which the researcher's basic assumptions can be analysed and bracketed, so as to shed light on the process by which knowledge is produced. Through an exploration of the methods of meditation, auto-observation and self-reports, epoché, 'contemplative memo-ing', and the contemplative diary, the author explores the essential role of subjectivity in qualitative research, providing inspiration for more mindful research. As such, it will appeal to scholars of sociology, anthropology and geography with interests in phenomenology, research methods and the role of the mind in the research process. Massachusetts Impressions Farcountry Press Photographic tribute to Massachusetts Medical Anthropology A Biocultural Approach Oxford University Press, USA Intended as the primary text for introductory courses on medical anthropology, this book integrates human biological data relevant to health and disease with both evolutionary theory and the social environments that more often than not produce major challenges to health and survival. Because students who take this fastest-growing anthropology course come from a variety of disciplines (anthropology, biology, especially pre-med students, and health sciences, especially), the text does not assume anything beyond a basic high-school level familiarity with human biology and anthropology. The authors first present basic biological information on a particular health condition and then expand their analysis to include evolutionary, historical, and cross-cultural perspectives. Among the topics covered are nutrition, infectious disease, stress, reproductive health, behavioral disease, aging, race/racism and health, mental health, and healers and healing. Achtung-Panzer! The Development of Armoured Forces, Their Tactics and Operational Potential Arms & Armour This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris. Korean A Comprehensive Grammar Routledge Korean: A Comprehensive Grammar is a reference to Korean grammar, and presents a thorough overview of the language, concentrating on the real patterns of use in modern Korean. The book moves from the alphabet and pronunciation through morphology and word classes to a detailed analysis of sentence structures and semantic features such as aspect, tense, speech styles and negation. Updated and revised, this new edition includes lively descriptions of Korean grammar, taking into account the latest research in Korean linguistics. More lower-frequency grammar patterns have been added, and extra examples have been included throughout the text. The unrivalled depth and range of this updated edition of Korean: A Comprehensive Grammar makes it an essential reference source on the Korean language. Voodoo River Hachette UK In a search for a young woman's past PI Elvis Cole discovers far more than he expected . . . Hired to uncover the past of Jodi Taylor, an actress in a hit TV show, Elvis leaves his native Los Angeles to head for Louisiana in search of Jodi's biological parents. But before he can tackle the mystery of the actress's background, he is up against a whole host of eccentrics, including a crazed Raid-spraying housewife, a Cajun thug who looks like he's been made out of spare parts, and a menacing hundred-year-old river turtle named Luther. As Elvis learns about the enigmatic actress's origins, he also discovers the real reason he's been sent to Louisiana . . . The Geology of Mars Evidence from Earth-Based Analogs Cambridge University Press Research into the geological processes operating on Mars relies on interpretation of images and other data returned by unmanned orbiters, probes and landers. Such interpretations are based on our knowledge of processes occurring on Earth Terrestrial analog studies therefore play an important role in understanding the geological features observed on Mars. This 2007 book presents direct comparisons between locales on Earth and Mars, and contains contributions from leading planetary geologists to demonstrate the parallels and differences between these two neighboring planets. Mars is characterized by a wide range of geological phenomena that also occur on Earth, including tectonic, volcanic, impact cratering, eolian, fluvial, glacial and possibly lacustrine and marine processes. The book provides terrestrial analogs for data sets from Mars Global Surveyor, Mars Odyssey, Mars Exploration Rovers and Mars Express, and will therefore be a key reference for students and researchers of planetary science. Sex Shamans True Stories of Sacred Sexuality and Awakening Destiny Books 20 transformative stories and sexual healing practices from international pioneers in the sexual shamanism movement • Reveals intimate details about how each sex shaman overcame personal struggles with heartache, jealousy, mental illness, or social shame to realize their calling as a sacred sexual healer • Includes 20 in-depth embodiment exercises such as soul gazing, contacting your spirit guides, sexual divination, energetic sex, self-pleasuring, moon blood rituals, and sacred sexual storytelling • Includes contributions from 20 diverse voices in the sexual shamanism community, all part of the mystery school ISTA: International School of Temple Arts Drawing on traditional and modern practices, a sex shaman uses the power of erotic energy as a healing medicine. They channel divine love and embrace sexuality freely, practicing polyamory, sexual healing, and even sex magic. They teach tantra, trance dance, kundalini yoga, and other techniques for healing shame, guilt, fear, and sexual trauma. Designed to guide the reader on a journey into their own sacred sexual awakening, this book shares true stories from 20 visionary pioneers in the sexual shamanism movement, all of them associated with the International School of Temple Arts (ISTA), a mystery school that works to illuminate the path of sexual shamanism and heal the split between sex and spirit, release the shame surrounding sexual awakening, and inspire more sexual liberation around the world. The teachers reveal intimate details of their life stories and sexual awakening journeys, showing how, by surrendering to the wisdom of the erotic current of the universe, transformation occurs. Each story is accompanied by an in-depth embodiment exercise with step-by-step instructions, including soul gazing, contacting your spirit guides, sexual divination, energetic sex, self-pleasuring, moon blood rituals, and sacred sexual storytelling. Underlying these exercises is the belief that the body is a temple that opens with pleasurable worship so spirit may dwell more fully within. The 20 contributors include Baba Dez Nichols, Bruce Lyon, Crystal Dawn Morris, Dawn Cherie, Deborah Taj Anapol, Ellie Wilde, Janine Ma-Ree, KamalaDevi McClure, Komala Lyra, Laurie Handlers, Lin Holmquist, Matooka Moonbear, Mia Mor, Ohad Pele Ezrahi, Patrik Olterman, Raffaello Manacorda, Ria Bloom, Sean O'Faolain, Stephanie Phillips, and Stephen SouLove. Adhesion 13 Springer As I turn to write this Preface to another volume of papers presented at the Annual Conference on Adhesion and Adhesives, I am reflecting on how fortunate we are to be able to continue to attract both speakers and audience of such high standard year after year. This field of science and technology continues to grow in size and importance, so that it is not so surprising that those interested from a very considerable range of countries and disciplines are willing to come together and spend a couple of days each year exchanging ideas and views, both formally and informally. So, once again, I can and must express thanks to all those who have made this volume possible: both those who presented the papers, and then rewrote them for publication, and those who through their attendance made the conference a viable reality.
