Muslims in Global Politics

Identities, Interests, and Human Rights

University of Pennsylvania Press In Egypt Islamists clash with secularists over religious and national identity, while in Turkey secularist ruling elites have chosen to accommodate Islamists in the name of democracy and reconciliation. As Islam spreads throughout the world, Muslims living in their traditional homelands and in the Western world are grappling with shifting identities. In all cases, understanding the dynamics of identity-based politics is critical to the future of Muslims and their neighbors across the globe. In **Muslims in Global Politics**, Mahmood Monshipouri examines the role identity plays in political conflicts in six Muslim nations—Egypt, Iraq, the United Arab Emirates, Turkey, Iran, and Indonesia—as well as in Muslim diaspora communities in Europe and North America. In each instance, he describes how conservatives, neofundamentalists, reformists, and secularists construct identity in different ways and how these identities play out in the political arena. With globalization, the demand for human rights continues to grow in the Muslim world, and struggles over modernity, authenticity, legitimacy, and rationality become increasingly important. **Muslims in Global Politics** deepens our understanding of how modern ideas and norms interact with the traditions of the Islamic world and, in turn, shows how human rights advocates can provide an alternative to militant Islamist movements.

Agnisakshi

OUP India The only novel of one of Kerala's leading women writers, Lalithambika Antharjanam's **Agnisakshi** is a telling account of a woman's life glowing as though purified in the "fire of sacrifice". Set against the history of Kerala, and life, customs, habits, and culture of the Namboodiri community, along with the fervent cries of the Indian National Freedom struggle, the characters act out their unforgettable roles: Tethi, the dazzling but disappointed bride who renounces worldly life; Unni Namboodiri, whose adherence to the Vedic way of life destroys his personal happiness; and Thankam, Unni's Nair cousin and the mighty Aphan Namboodiri's daughter, seeking her own liberation from the past. True to the lyrical and emotional tone of the original, Vasanthi Sankaranarayanan's translation offers a moving portrait of upper-class, upper-caste Kerala society just before and after Independence.

Holy Hell

A Memoir of Faith, Devotion, and Pure Madness

Amma, universally known as "The Hugging Saint," went through a two-decade transformation from a simple fisherman's daughter to an international wonder worshiped by millions. Gail "Gayatri" Tredwell was there every step of the way—from early devotee to head female disciple, ever-present personal attendant, handmaiden, whipping post, and unwilling keeper of some devastating secrets. Because she became fluent in the Malayalam language and had continual intimate proximity to Amma for twenty years, Tredwell is uniquely capable of portraying this famous woman. She tells her tale with straightforward honesty, fairness, and a dash of Aussie snap and wit. Although the guru's flaws are a necessary

part of her story and awakening, she strives to be factual throughout, digging deep to eschew victim frameworks and take responsibility for her own role in accepting the abuse and perpetuating the lies. Tredwell takes us vividly through her varying stages, starting with naïveté and innocent devotion, then on to dawning awareness and confusion, finally to emotional breakdown and her shocking "enlightenment"--her realization that the liberation she urgently required was in fact liberation from her own guru

The ISIS Caliphate

From Syria to the Doorsteps of India

Bloomsbury Publishing The rapid rise of the Islamic State in Iraq and Greater Syria was almost like a fairy tale. A group that was unheard of in early 2013 captured territories as big as Great Britain by 2014 June, effectively erasing the border between Iraq and Syria. It announced a Caliphate, drew in thousands of fighters and supporters from across the world, including India, launched attacks in nations from Brussels to Bangladesh and earned loyalties of local militant groups in conflict-ridden states such as Nigeria, Libya, Afghanistan and Pakistan. By the end of 2014, ISIS had transformed itself into a global force of terror. ISIS Caliphate tells the story of this phenomenon. Based on primary sources and interviews, the book explores the geopolitical, organisational and ideological roots of ISIS and narrates how the group has spread its wings from its core in Iraq and Syria to the peripheries of India and Pakistan.

Camels in the Sky

Travels in Arabia

Oxford University Press Journeying from the green, rain-soaked Kerala into the amphitheatre of the Sun, our traveller-journalist finds that there is no better metaphor than the desert to instil the lessons of life and death, love and hatred, thirst and water. From a single shower of rain which brings the gaaf tree back to life after a decade to the ever-shifting dunes of gold and thousand-year-old sand palaces, the mysterious poetry of the desert is everywhere on display, if one but has the eye and heart to see it. As the deserts of Nafud, Dahna, and Rub' al Khali in Arabia both embrace and trap the travellers, the outpouring of the landscape's longing for rivers recalls a past filled with water. This narrative describes the history, prehistory, archaeology, legends, folklore, and travails of the émigré Asian work force that tames the harsh desert as never before.
