The Art of Seduction is an indispensable primer on the essence of one of history's greatest weapons and the ultimate power trip. From the internationally bestselling author of *The 48 Laws of Power*, *Mastery*, and *The 33 Strategies Of War*. Leni Riefenstahl *The Seduction of Genius* *A&C Black* "Leni Riefenstahl, who will be one hundred years old in 2002, is one of the most important and controversial film-makers of the twentieth century. This translation of Rainer Rother's exploration of her life focuses on both Riefenstahl the woman and Riefenstahl the director. Although she was admired by such greats as Walt Disney, Charlie Chaplin and Andy Warhol, Riefenstahl's achievements have been clouded by the fact that she operated within the context of Nazi Germany and was inextricably linked with the Third Reich."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. All Rights Reserved *Jazz Noir Listening to Music from Phantom Lady to The Last Seduction* *Greenwood Publishing Group* Explores the strange and commonly misunderstood relationship between jazz music and the film noir genre. *Sin & Seduction* *Dreamspinner Press LLC* *Sin & Seduction: Book One* Dorian Grant is king of the New Orleans underworld, but he isn't mafia and doesn't appreciate the assumption. He's simply a crude businessman anyone in his right mind would think twice about screwing over. *Life in the Big Easy* is all about sin, and violent, short-tempered Dorian has committed them all. But not all New Orleans sins leave a bad taste in the mouth, as Dorian discovers the night a man stage-named Sweet Heat dances into his life at a club called Sin & Seduction. Dorian was expecting a hot lay. He damn sure wasn't looking for a relationship, and certainly not with someone like Jansen, who turns Dorian's grimly organized world upside down. Now Dorian finds himself pressuring Jansen to quit his job because he can't stand the thought of other men touching what's his. Of course, Jansen wants a little quid pro quo--after all, Dorian's job is dangerous. Jansen just doesn't realize how dangerous until it's too late. *Willing Seduction* *The Blue Angel*, Marlene Dietrich, and Mass Culture *Berghahn Books* "This fascinating cultural history of 'The blue angel' provides a new interpretive framework with which to approach this classic Weimar film and suggests that discourses on mass and high culture are integral to the film's thematic and narrative structure. These discourses surface in the relationship between the two main characters, the cabaret entertainer Lola Lola (Marlene Dietrich) and the high school teacher Immanuel Rath (one-time Oscar winner Emil Jannings). In addition to offering insight into some of the major debates that informed the Weimar Republic, this book also demonstrates how similar issues continue to shape the contemporary cultural landscape of Germany, where Dietrich serves as a cultural icon whose symbolic value has contributed significantly to nation building since German unification." -- rear cover. *Seduction and Sacrilege Rhetorical Power in Fray Gerundio de Campazas* *Bucknell University Press* Yet decreasing numbers of late twentieth-century and early twenty-first-century readers are familiar with the novel, due to many factors including its length (six volumes), subject matter (preaching), and a legacy of critical evaluation as a narrative lacking plot and psychological depth."--BOOK JACKET. *Seduction and Death in Muriel Spark's Fiction* *Praeger* Analyzes the seductive and destructive power of certain signs and structures in Spark's fiction. *Seduction and Snacks Chocolate Lovers* *EverAfter Romance* Claire is a twenty-something, single mom that grudgingly helps her best friend sell sex toys while she attempts to make enough money to start her own business to give her foul-mouthed, but extremely loveable (when he's asleep) toddler a better life. Law 1: Never outshine the master Law 2: Never put too much trust in friends; learn how to use enemies Law 3: Conceal your intentions Law 4: Always say less than necessary. The text is bold and elegant, laid out in black and red throughout and replete with fables and unique word sculptures. The 48 laws are illustrated through the tactics, triumphs and failures of great figures from the past who have wielded - or been victimised by - power. _____ (From the Playboy interview with Jay-Z, April 2003) PLAYBOY: Rap careers are usually over fast: one or two hits, then styles change and a new guy comes along. Why have you endured while other rappers haven't? JAY-Z: I would say that it's from still being able to relate to people. It's natural to lose yourself when you have success, to start surrounding yourself with fake people. In *The 48 Laws of Power*, it says the worst thing you can do is build a fortress around yourself. I still got the people who grew up with me, my cousin and my childhood friends. This guy right here (gestures to the studio manager), he's my friend, and he told me that one of my records, Volume Three, was wack. People set higher standards for me, and I love it. *Seduced by the Wolf* *Sourcebooks, Inc.* **Book 4** in Terry Spear's Heart of the Wolf Series His first

Voicing Girlhood in Popular Music Performance, Authority, Authenticity *Routledge* This interdisciplinary volume explores the girl's voice and the construction of girlhood in contemporary popular music, visiting girls as musicians, activists, and performers through topics that range from female vocal development during adolescence to girls' online media culture. While girls' voices are more prominent than ever in popular music culture, the specific sonic character of the young female voice is routinely denied authority. Decades old clichés of girls as frivolous, silly, and deserving of contempt prevail in mainstream popular image and sound. Nevertheless, girls find ways to raise their voices and make themselves heard. This volume explores the contemporary girl's voice to illuminate the way ideals of girlhood are historically specific, and the way adults frame and construct girlhood to both valorize and vilify girls and women. Interrogating popular music, childhood, and gender, it analyzes the history of the all-girl band from the Runaways to the present; the changing anatomy of a girl's voice throughout adolescence; girl's participatory culture via youtube and rock camps, and representations of the girl's voice in other media like audiobooks, film, and television. Essays consider girl performers like Jackie Evancho and Lorde, and all-girl bands like Sleater Kinney, The Slits and Warpaint, as well as performative 'girliness' in the voices of female vocalists like Joni Mitchell, Beyoncé, Miley Cyrus, Taylor Swift, Kathleen Hanna, and Rebecca Black. Participating in girl studies within and beyond the field of music, this book unites scholarly perspectives from disciplines such as musicology, ethnomusicology, comparative literature, women's and gender studies, media studies, and education to investigate the importance of girls' voices in popular music, and to help unravel the complexities bound up in music and girlhood in the contemporary contexts of North America and the United Kingdom. Don Juan and the Point of Honor Seduction, Patriarchal Society, and Literary Tradition *Penn State Press* This study of Don Juan treats literary representations and various critical and theoretical interpretations in order to undertake a systematic examination of the many questions surrounding the character. On the one hand, it might be argued that Don Juan threatens society, since he is supposedly an agent of social anarchy. On the other hand, given his intriguing sexual accomplishments, he could be viewed as a positive expression of life itself. Rather than addressing or answering these questions, James Mandrell shows what is at stake in the asking of such questions and, moreover, what is at stake in any and all representations and considerations of Don Juan. After a discussion of the ways that Don Juan's seductive powers infiltrate and influence the interpretations of texts of which he is a part, Mandrell continues with close readings of key Spanish literary works ranging from the seventeenth to the twentieth centuries. All of these works involve interrelated issues as regards Don Juan: the worldly uses and abuses of language; the power of literature to engender and embody other literary texts; seduction and its psychological and social subtexts; and society in relation to Don Juan as well as Don Juan's role in society. Ultimately, these notions are tied into the concept of honor as it works in literature and society. Mandrell concludes with a study of modern adaptations of Don Juan and his story in various theories of culture, society, and economic organizations. In light of these readings, Don Juan emerges as a figure who not only bears specific patriarchal myths but as one who embodies and acts out their meanings. What emerges is a view of Don Juan as a positive social force in patriarchal society and culture, as well as a force operative at the level of desire as it is made manifest in language. As a result, this study reveals that Don Juan should not be treated as an innocent or outmoded cultural artifact. Instead, he is a character whose story and vicissitudes are still significant in the context of our twentieth-century world. Clarissa on the Continent Translation and Seduction *Penn State University Press* Clarissa on the Continent defines and explores two strategies of literary translation--creative vs. preservative and strong vs. weak--as they transform one of the most influential English novels. Thomas Beebee compares the two opposing strategies as they influence the French translation of Clarissa by the novelist Antione François de Prévost and the German translation by the Göttingen Orientalist Johann David Michaelis, and in doing so he demonstrates that each translator found authority for his procedure within the text itself. Each translation is also examined in light of Richardson's other writings and placed in its literary and cultural context. This study uses translations in order to interpret Clarissa, to show how the basis for the novel's reception on the Continent was laid, and to explore the differences and interactions among three literary and cultural systems of the eighteenth century. The close examination of these two important translations enable the formulation of not only a theory of creative vs. preservative translation but also the interconnections between literary theory and translation theory. Beebee also looks at later translations of Clarissa as products of literary and historical change and at Prévostian strategies of the novel. Silently Seduced When Parents Make Their Children Partners *Health Communications, Inc.* When a parent singles out a child for special privileges and attention, that child is often unaware that the relationship is unhealthy even incestuous. As adults, these children struggle to feel validated, because while they have not been directly abused, they feel a sense of violation and crossed boundaries usually done in the name of 'love' and 'caring.' The parent's love feels more confining than freeing, more demanding than giving, more intrusive than nurturing. Yet these children suffer from what psychologist Kenneth Adams calls The Silent Seduction because there is nothing loving or caring about a close parent-child relationship that services the needs of the parent rather than the child. Framing Uncertainty Computer Game Epistemologies *Springer Nature* This book presents a compilation of articles on the subject of game studies written over the last ten years. These texts reflect a decade of research in European computer game studies from a theoretical perspective that combines philosophy, cultural studies, visual studies, and media studies in a way that is unique to a specific type of media theory developed in Germany over the last thirty years. This theory differs quite significantly from media studies as usually conceived in Anglo-American academia, providing new perspectives that are rooted in continental philosophical traditions ranging from phenomenology to post-structuralism and newer forms of "presence studies" in aesthetic theory. The book provides (1) an introduction to a continental approach to game philosophy; (2) an aesthetic theory of computer games rooted in concepts of performativity and epistemology; and (3) an introduction to an interdisciplinary approach to game studies that is based on philosophical perspectives on the subject matter. The Seduction of Unreason The Intellectual Romance with Fascism : from Nietzsche to Postmodernism An intellectual genealogy of the postmodern spirit, this book shows that postmodernism's infatuation with fascism has been widespread and not incidental. It calls into question postmodernism's claim to have inherited the mantle of the left - and suggests that postmodern thought has long been smitten with the opposite end of the political spectrum. Psychology Of Seduction - How To Catch And Keep Your Perfect Partner *Random House* As psychology advances its understanding of the mind and brain, perhaps the last remaining bastion of mystery about why we do what we do relates to love and attraction. However, recent research suggests that even the mysteries of attraction are being revealed - which is great news for those amongst us who would rather not leave seduction to chance. In this illuminating follow-up to his acclaimed bestseller, *The Motivated Mind*, Dr Raj Persaud draws on the very latest research to show not only how to increase your attractiveness generally, but how to become absolutely irresistible to anyone. For example, do you know... that experiments on dating can predict with over 80% accuracy who will be attracted to who by whether just a few simple conversational strategies are used on a date? why abnormally low lighting is strongly associated with romance, why women wear blusher on their cheeks, or lipstick to enhance their pouting lips? Or that seeking to be agreeable on a date is not actually the most attractive or successful strategy to use. And for anyone out there who is looking for that rare combination of brains and beauty, there is reassuring news: current research reveals that it is indeed perfectly possible to guess a person's IQ from the way they look. Frank, witty and packed with useful questionnaires and invaluable advice, *Simply Irresistible* is the essential guide on how to catch - and keep - your perfect partner. *The Rules of Seduction* *Random House of Canada* Forced into marriage to the very man who had ruined her reputation, penniless Alexia Welbourne is unaware that Hayden Rothwell, her new husband, has unexpected and secret motives for his seduction and marriage.
