Beginning with an overview of Cambodian history and culture, it explores every aspect of the illicit traffic of Cambodian art. It analyzes the history, size, and structure of art trafficking in Cambodia, its growth and profit margins, and the participants and international crime syndicate involved. It also describes the "demand" side of the story: antique dealers, collectors, auction houses, and museums. The work deals with the impact of the illicit trafficking on the legal, political, and economic systems of Cambodia, as well as its effect on archeological, historical, and religious values and the cultural identity of the nation. Female migration and urban employment are rising, triggered by Cambodia's transition from a closed socialist system to an open market economy. This book challenges the dominant views of these young rural women--that they are controlled by global economic forces and national development policies or trapped by restrictive customs and Cambodia's tragic history. The author shows instead how these women shape and influence the processes of change taking place in present-day Cambodia. Based on field research among women working in the garment industry, prostitution, and street trading, the book explores the complex interplay between their experiences and actions, gender roles, and the broader historical context. The focus on women involved in different kinds of work allows new insight into women's mobility, highlighting similarities and differences in working conditions and experiences. Young women's ability to utilize networks of increasing size and complexity allows them to move into and between geographic and social spaces that extend far beyond the village context. Women's mobility is further expressed in the flexible patterns of behavior that young rural women display

when trying to fulfill their own "modern" aspirations along with their family obligations and cultural ideals. **Oxford Dictionary of National Biography 2005-2008** [Oxford University Press](#) This book, drawn from the award-winning online Oxford Dictionary of National Biography, tells the story of our recent past through the lives of those who shaped national life. **The Killing of Cambodia Geography, Genocide and the Unmaking of Space** [Ashgate Publishing, Ltd.](#) Between 1975 and 1978, the Khmer Rouge carried out genocide in Cambodia that was, in many ways, unparalleled in modern history. Taking an explicitly geographical approach, this book argues whether the Khmer Rouge's activities not only led to genocide, but also 'terracing' - the erasure of space. It also provides a clearer geographic understanding to genocide and gives insights into the importance of spatial factors in geopolitical conflict. **Cambodia Year Zero** [Henry Holt & Company](#) An account of the brutal Cambodian communist revolution of 1975 moves from historical background, through civil war and fratricidal atrocities, to the present-day governmental destructions and defamations. **Communities of Imagination Contemporary Southeast Asian Theatres** [University of Hawaii Press](#) Asian theatre is usually studied from the perspective of the major traditions of China, Japan, India, and Indonesia. Now, in this wide-ranging look at the contemporary theatre scene in Southeast Asia, Catherine Diamond shows that performance in some of the lesser known theatre traditions offers a vivid and fascinating picture of the rapidly changing societies in the region. Diamond examines how traditional, modern, and contemporary dramatic works, with their interconnected styles, stories, and ideas, are being presented for local audiences. She not only places performances in their historical and cultural contexts but also connects them to the social, political, linguistic, and religious movements of the last two decades. Each chapter addresses theatre in a different country and highlights performances exhibiting the unique conditions and concerns of a particular place and time. Most performances revolve in some manner around "contemporary modernity," questioning what it means—for good or ill—to be a part of the globalized world. Chapters are grouped by three general and overlapping themes. The first, which includes Thailand, Vietnam, and Bali, is characterized by the increased participation of women in the performing arts—not only as performers but also as playwrights and directors. Cambodia, Singapore, and Myanmar are linked by a shared concern with the effects of censorship on theatre production. A third group, the Philippines, Laos, and Malaysia, is distinguished by a focus on nationalism: theatres are either contributing to official versions of historical and political events or creating alternative narratives that challenge those interpretations. **Communities of Imagination** shows the many influences of the past and how the past continues to affect cultural perceptions. It addresses major trends, suggesting why they have developed and why they are popular with the public. It also underscores how theatre continues to attract new practitioners and reflect the changing aspirations and anxieties of societies in immediate and provocative ways even as it is being marginalized by television, film, and the internet. The book will be of interest to students and scholars of theatre and performance, Asian literature, Southeast Asian studies, cultural studies, and gender studies. Travelers wishing to attend local performances as part of their experience abroad will find it an essential reference to theatres of the region. **A Dictionary of Film Studies** [Oxford University Press](#) This volume covers all aspects of film studies, including critical terms, concepts, movements, national and international cinemas, film history, genres, organizations, practices, and key technical terms and concepts. It is an ideal reference for students and teachers of film studies and anyone with an interest in film studies and criticism. **Sarah The Life of Sarah Bernhardt** [Yale University Press](#) Everything about Sarah Bernhardt is fascinating, from her obscure birth to her glorious career--redefining the very nature of her art--to her amazing (and highly public) romantic life, to her indomitable spirit. Well into her seventies, after the amputation of her leg, she was performing under bombardment for soldiers during World War I and toured America for the ninth time. Though the Bernhardt literature is vast, this is the first English-language biography to appear in decades, tracking the trajectory through which an illegitimate--and scandalous--daughter of a Jewish courtesan transformed herself into the most famous actress who ever lived, and into a national icon, a symbol of France.--From publisher description. **Oxford Dictionary of English** [Oxford University Press, USA](#) 19 pages of contents in middle of book between end of L and beginning of M **Abbreviations Dictionary** [CRC Press](#) Published in 2001: Abbreviations, nicknames, jargon, and other short forms save time, space, and effort - provided they are understood.
