Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning, and if so, could patterns of preparatory conduct be identified? About one-half of the

terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. Illustrations. Prentice-Hall Federal Taxes Republicanism and Liberalism in America and the German States, 1750-1850 [Cambridge University Press](#) Republicanism and Liberalism in America and the German States represents the cooperative effort of a group of American and German scholars to move the historical debate on Republicanism and Liberalism to a new stage. Previously, the relationship between Republican and Liberal ideas, concepts and world views has been discussed in the context of American revolutionary and late eighteenth-century history. While the German states did not experience successful revolutions like those in North America and France, Republican and Liberal ideas and 'language' deeply affected German political thinking and culture, especially in the southern states. The essays published in this book expand the time frame of the debate into the first half of the nineteenth century, applying an innovative and comparative German-American perspective. By systematically studying the similarities and differences in the understanding of Republicanism and Liberalism in the United States and German states, the collection stimulates efforts toward a comprehensive interpretation of political, intellectual and social developments in the 'modernizing' Atlantic world of the eighteenth and nineteenth centuries.
