The Philosophy of Magic, Prodigies, and Apparent Miracles

Twelve Years a Slave

Prabhat Prakashan "Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

Medieval Death

Ritual and Representation

Mediaeval Death is a study of the social, theological and cultural issues involved in death and dying in Europe from the end of the Roman Empire to the Reformation in the early 16th century. Drawing on both archaeological and art historical sources, Paul Binski examines pagan and Christian attitudes towards the dead, the aesthetics of death and the body, burial ritual and mortuary practice. The evidence is accumulated from a wide variety of mediaeval thinkers and images, including the macabre illustrations of the Dance of Death and other popular themes in art and literature which reflect the mediaeval obsession with notions of humility, penitence and the dangers of bodily corruption.

Merriam-Webster's Rhyming Dictionary

Martin Luther's Legacy

Reforming Reformation Theology for the 21st Century

Springer This volume is a unique interpretation of what Martin Luther contributes to renewed appreciation of Biblical diversity. The Church in the West is struggling. One reason behind this is that the prevailing models for Theology have imposed logical and modern ways of thinking about faith that renders theology academic, and therefore largely irrelevant for daily life. By letting the first Reformer speak for himself in this book, Mark Ellingsen shows how Martin Luther's theological approach can reform the Church's theology today. The real Luther-not the one taught by his various systematic interpreters-presents Christian faith in its entirety, with all its rough edges, in such a way as to direct on how and when to employ those dimensions of the Biblical witness most appropriate for the situation in which we find ourselves.

The Life and Selected Writings of Thomas Jefferson

Including the Autobiography, The Declaration of Independence & His Public and Private Letters

Modern Library “Jefferson aspired beyond the ambition of a nationality, and embraced in his view the whole future of man.”—Henry Adams Thomas Jefferson (1743-1826) left a vast literary legacy in the form of journal entries, notes, addresses, and seventy thousand letters. This extraordinary volume represents many of his most important contributions to American political thought. It features his Autobiography, which contains the original and revised versions of the Declaration of Independence; the Anas, or Notes (1791-1809); Biographical Sketches; selections from Notes on the State of Virginia, the Travel Journals, and Essay on Anglo-Saxon; a portion of his public papers, including his first and second inaugural addresses; and more than two hundred letters. Taken together, these writings offer indispensable insight into the mind of the man who was instrumental in formulating and guiding this nation’s principles. From the Preface: This selection from the writings of Thomas Jefferson is planned to be a comprehensive presentation of his thought. The greatest amount of space has been allotted to his letters, in the belief that they are of primary importance in revealing the man and his intellect.

Jefferson's two original full-length works, the Notes on Virginia and the Autobiography, are given virtually complete. Along with his best-known public papers, selections from his minor writings are also included. Together, all these serve to depict the man who more aptly than any of his countrymen might be called the American Leonardo.

Eye to Eye

The Quest for the New Paradigm

Shambhala Publications In this book Wilber presents a model of consciousness that encompasses empirical, psychological, and spiritual modes of understanding. Wilber examines three realms of knowledge: the empirical realm of the senses, the rational realm of the mind, and the contemplative realm of the spirit. Eye to Eye points the way to a broader, more inclusive understanding of ourselves and the universe.

Yorkshire Writers

Richard Rolle of Hampole, an English Father of the Church, and His Followers

Over 30,000 photographs, drawn from the holdings of the Western History and Genealogy Department at Denver Public Library, illuminate many aspects of the history of the American West. Most of the photographs were taken between 1860 and 1920. They illustrate Colorado towns and landscape, document the place of mining in the history of Colorado and the West, and show the lives of Native Americans from more than forty tribes living west of the Mississippi River. Also included are World War II photographs of the 10th Mountain Division, ski troops based in Colorado who saw action in Italy.
