### POLICY, PLANNING, AND PEOPLE

### PROMOTING JUSTICE IN URBAN DEVELOPMENT

*University of Pennsylvania Press* The contributors of Policy, Planning, and People argue for the promotion of social equity and quality of life by designing and evaluating urban policies and plans. Edited by Naomi Carmon and Susan S. Fainstein, the volume features original essays by leading authorities in the field of urban planning and policy, mainly from the United States, but also from Canada, Hungary, Italy, and Israel. The contributors discuss goal setting and ethics in planning, illuminate paradigm shifts, make policy recommendations, and arrive at best practices for future planning. Policy, Planning, and People includes theoretical as well as practice-based essays on a wide range of planning issues: housing and neighborhood, transportation, surveillance and safety, the network society, regional development and community development. Several essays are devoted to disadvantaged and excluded groups such as senior citizens, the poor, and migrant workers. The unifying themes of this volume are the values of equity, diversity, and democratic participation. The contributors discuss and draw conclusions related to the planning process and its outcomes. They demonstrate the need to look beyond efficiency to determine who benefits from urban policies and plans. Contributors: Alberta Andreotti, Tridib Banerjee, Rachel G. Bratt, Naomi Carmon, Karen Chapple, Norman Fainstein, Susan Fainstein, Eran Feitelson, Amnon Frenkel, George Galster, Penny Gurstein, Deborah Howe, Norman Krumholz, Jonathan Levine, Anastasia Loukaitou-Sideris, Enzo Mingione, Kenneth Reardon, Izhak Schnell, Daniel Shefer, Michael Teitz, Iván Tosics, Lawrence Vale, Martin Wachs.

### THE UNITED NATIONS CRIME PREVENTION AND CRIMINAL JUSTICE PROGRAM

### FORMULATION OF STANDARDS AND EFFORTS AT THEIR IMPLEMENTATION

*University of Pennsylvania Press* In December 1991 the United Nations General Assembly adopted a resolution entitled "Creation of an Effective United Nations Crime Prevention and Criminal Justice Program." That resolution sought to consolidate and restructure a program in international cooperation in the criminal justice area that had existed from the early days of the United Nations. In particular, the resolution provided for the creation of a new intergovernmental body to oversee the program, the Commission on Crime Prevention and Criminal Justice. This book, by Roger S. Clark, examines the UN program and its prospects under the arrangements devised by the General Assembly. Clark concisely recounts its history and its activities, describes the adoption of the various United Nations norms and standards that originated within the program, provides a detailed consideration of some of the major instruments adopted under the auspices of the program, and examines efforts to progress from the promulgation of standards and norms to their monitoring and implementation.

---

---

**INEQUALITY, SOCIAL PROTECTION AND SOCIAL JUSTICE**

---

Edward Elgar Publishing This thought-provoking book examines the role of social protection in reducing inequality and enhancing social justice. It assesses social protection's impact on inequality in different parts of the world and shows that if carefully designed, adequately funded and effectively implemented, it can make a significant contribution to reducing income, gender and other forms of inequality. In this way, it can promote egalitarian ideals and enhance social justice.

**URBAN POLITICAL ECONOMY IN THE UNITED STATES AND EUROPE**

---

Guilford Press Sustainability--with its promise of economic prosperity, social equity, and environmental integrity--is hardly a controversial goal. Yet scholars have generally overlooked the ways that policies aimed at promoting "sustainability" at local, national, and global scales have been shaped and constrained by capitalist social relations. This thought-provoking book reexamines sustainability conceptually and as it actually exists on the ground, with a particular focus on Western European and North American urban contexts. Topics include critical theoretical engagements with the concept of sustainability; how sustainability projects map onto contemporary urban politics and social justice movements; the spatial politics of conservation planning and resource use; and what progressive sustainability practices in the context of neoliberalism might look like.

## JUSTICE IN THE UNITED STATES

---

### HUMAN RIGHTS AND THE CONSTITUTION

---

*Rowman & Littlefield Publishers* All populations, including people living in the United States experience new vulnerabilities with globalization. Peoples' jobs are threatened; there are pressures to migrate; and environmental degradation is epidemic. Immense wealth is concentrated in the hands of a tiny elite. Other countries have revised their constitutions to protect their citizens from these turbulent forces. The US is a major exception, and this book proposes how Americans might think about constitutional revisions.

### TRANSITIONAL JUSTICE

---

### GLOBAL MECHANISMS AND LOCAL REALITIES AFTER GENOCIDE AND MASS VIOLENCE

---

*Rutgers University Press* "The origins of this project date back to a 2007 symposium, 'Local justice : global mechanisms and local meanings in the aftermath of mass atrocity, ' held at Rutgers University--Newark [N.J.] ... Several participants later presented papers in a session at the July 2007 meeting of the International Association of Genocide Scholars, which was held in Bosnia and Herzegovina."--Acknowledgments.

### JUSTICE REFORM AND DEVELOPMENT

---

### RETHINKING DONOR ASSISTANCE TO DEVELOPING AND TRANSITIONAL COUNTRIES

---

*Routledge* This book explores the objectives pursued in donor programs, the methods used to advance them, and the underlying assumptions and strategies. It emphasizes the unexpected and sometimes unpleasant consequences of ignoring not only political and societal constraints but also advances in our technical approaches to performance improvement, the one area where the First World has a comparative advantage. The geographic scope of the work is broad, incorporating examples from Eastern and Central Europe, Latin America, Africa, and the Asia-Pacific region as well as from several First World nations. Justice Reform and Development examines First World assistance to justice or "rule of law" reforms in developing and transitional societies, arguing that its purported failure is vastly exaggerated, largely because of unrealistic expectations as to what could be accomplished. Change nonetheless is needed if the programs are to continue and would be best based on targeting specific performance problems, incorporation of donor countries' experience with their own reforms, and greater attention to relevant research. While contributing to an on-going debate among practitioners and academics involved in justice programs, this book will also be accessible to readers with little exposure to the topics, especially advanced undergraduate and graduate students in law, political science and areas studies.

---

### YEARBOOK OF THE UNITED NATIONS 2014

---

*United Nations* With its comprehensive coverage of political and security matters, human rights issues, economic and social questions, legal issues, and administrative and budgetary matters, the Yearbook of the United Nations stands as the authoritative reference work on the annual activities and concerns of the Organization. Fully indexed, the Yearbook includes all major General Assembly, Security Council and Economic and Social Council resolutions and decisions, uniquely placing them in a narrative context of United Nations consideration, deliberation and action. This sixty-eighth volume presents the work of the United Nations in dealing with recurring conflicts with severe humanitarian consequences including in the Syrian Arab Republic, where more than 12 million people were in need of basic food, clothing and shelter. The volume also highlights the Organization's rapid response to an escalatory global health emergency—the Ebola virus disease outbreak across West Africa. It documents the Organization's coordination of policy discussions to finalize a global sustainable development agenda, with the security of future generations as the core concern; and its efforts to rebuild societies emerging from conflict while keeping the fragile peace in other places. It further details the entry into force of the landmark Arms Trade Treaty, the missile downing of a passenger airliner in the midst of a geopolitical crisis in eastern Ukraine, and securing international human rights and humanitarian law and prosecuting abusers.
