KEY=BORN - DIAZ ISABEL

BORN AND BREWED IN YORKSHIRE

Virago Press **This is the first publication to cover the great conflicts, that have taken place on Yorkshire soil, from the Battle of Brunnanburgh in 937AD to the Battle of Towton in 1461. The reader is given an appreciation of why battles took place, the nature of the opponents and the lie of the land. The reader is then taken back to the site today and guided around the battlefield, where they can appreciate some of the decisive moments of each battle. Helpful information is provided to readers, such as where to walk and where to view, as well as public transport and opening times (where appropriate). This book features the sites of Brunnanburgh (1319), Boroughbridge (1322), Byland (1322), Wakefield (1460) and Towton (1461). This is a book ideal for those who want to discover more about Yorkshire's past. Author Graham Bell was born an only child in 1955. His interest in history began at the age of sixteen while studying for his history examinations, he eventually went on to study History and English at the University of Sheffield and Kings College, London. His interest in history led him to write articles for the Battlefields Trust and also saw him appear as a contestant on Mastermind, his chosen subject being the life of Edward IV. Graham is currently employed at the Post Office and and lives in Sheffield. Why not visit our website on: www.yorkshire-web.co.uk/localbooks/**

THE WITCHES' BREW

Troubador Publishing Ltd **The new title in the Whitborough Novels series, following on from Treasure Trove and Mystery City. A murder mystery and supernatural horror comedy. The series features an accident prone werewolf and a large cast of very unlucky witches, satanists, petty criminals and policemen. There's no rest for the wicked in Witches Brew, the third instalment of the Whitborough Novels. Lindsay Boldwood, Yorkshire's unluckiest werewolf joins the Caravan Club and embarks on a final night of mayhem, pursued by a bandy legged ex-army sniper and a farmer with a very sharp grudge. Barnett Crosbie, the Aberdeen mafia's most dangerous export, finding himself rich and ready for a life abroad, engineers the biggest explosion since the war to cover his tracks and Anarchy Mary spends a night buried in Dalby Forest. The Black Hand Coven come out of hiding at an Elvis tribute night, only to be attacked by their pet demon Tetarzepamdomestos and a lonely little Parson's terrier finds a new home...'**

A HISTORY OF BEER AND BREWING

Royal Society of Chemistry **A History of Beer and Brewing provides a comprehensive account of the history of beer. Research carried out during the last quarter of the 20th century has permitted us to re-think the way in which some ancient civilizations went about their beer production. There have also been some highly innovative technical developments, many of which have led to the sophistication and efficiency of 21st century brewing methodology. A History of Beer and Brewing covers a time-span of around eight thousand years and in doing so: * Stimulates the**

reader to consider how, and why, the first fermented beverages might have originated * Establishes some of the parameters that encompass the diverse range of alcoholic beverages assigned the generic name 'beer' * Considers the possible means of dissemination of early brewing technologies from their Near Eastern origins The book is aimed at a wide readership particularly beer enthusiasts. However the use of original quotations and references associated with them should enable the serious scholar to delve into this subject in even greater depth.

HOPS AND GLORY

ONE MAN'S SEARCH FOR THE BEER THAT BUILT THE BRITISH EMPIRE

[Pan](#) The original India Pale Ale was pure gold in a glass -- a semi-mythical beer from the late 18th century, brewed in Britain to travel halfway around the world, through ocean storms and tropical sunshine, and arrive in perfect condition for a long, cold drink on an Indian veranda. And although you can still buy beers with 'IPA' on the label today, most are, frankly, pale imitations of the original. For the first time in 140 years, a keg of traditional Burton IPA has been brewed for a voyage to India by canal and tall ship, around the Cape of Good Hope; and the man carrying it is award-winning beer writer Pete Brown. Brazilian pirates and Iranian customs officials lie ahead, but will he even make it that far, having fallen in the canal just a few miles outside Burton-on-Trent? And if Pete does make it to the other side of the world with 'Barry' the barrel, one question remains: what will the real IPA taste like? Weaving first-class travel writing and new historical research with assured comedy, Hops and Glory is both a rollicking, raucous history of the Raj and a wonderfully entertaining, groundbreaking experiment to recreate the finest beer ever brewed. .

TROUBLE BREWING

[Troubador Publishing Ltd](#) Ready, Steady, Cook meets The Full Monty... Brian Parkin, a TV celebrity chef whose star is on the wane, is enlisted as a somewhat unlikely figurehead to help save a Yorkshire brewery in this bittersweet tale. Brimdale is facing closing time as it strives to protect its famous Brim 'miracle' ale. Centuries of tradition, as well as jobs, are at stake and a rival brewery will stop at nothing to nobble its pesky competitor. Brian joins forces with some unlikely allies in the shape of an award-winning historical novelist, a retired cricketer and the world champion ferret legger to send out a message to the world that miracles can happen and Brim must be saved. The campaigners' antics raise smiles and tears in equal measure. The town unites, love flourishes, a mother and daughter are reconciled and unlikely heroes emerge. But as the clock ticks down to last orders, is Brim and its miraculous powers all it's cracked up to be? Trouble Brewing is contemporary, warm-hearted, full of quirky characters, clever plot twists and amusing set pieces. The book explores celebrity culture, romance, the art of the white lie and throws in Brexit as a chaser. Witty, intelligent and humorous, Paul Carroll's latest novel will appeal to readers looking for a cheering and enjoyable satire.

BREWING BRITAIN

THE QUEST FOR THE PERFECT PINT

[Random House](#) Andy Hamilton travels the length of Britain in a quest to uncover new and unusual beers and to find that elusive perfect pint. When bestselling UK Homebrew author Andy Hamilton began work on his new book, Brewing Britain, he embarked on a quest to discover whether there could be a perfect pint in the UK. After two years of

(arduous) study of hundreds if not thousands of beers from around the country -- visiting brewers, tasting beer kits and, of course, brewing his own -- he found that in fact there were many perfect pints. Buy *Brewing Britain* and: -Discover lagers that are not loutish, beers that will win over the wine lovers, the ideal temperature for serving ale, and the best glass to drink it from -Experiment with forty recipes from ancient times to the modern day and really get to know your ingredients with an in-depth account of many of the hops and malts available -Hone your tasting skills at sessions in local pubs, breweries and beer festivals near you *Brewing Britain: the essential companion for our beer drinking nation* in its search for that elusive perfect pint.

JOURNAL OF THE INSTITUTE OF BREWING

Containing the transactions of the various sections, together with abstracts of papers published in other journals, etc.

THE PERFECT PINT

A BEER LOVER'S HANDBOOK

[Random House](#) With over 300 breweries opening in the UK every single year, why not swap 'a pint of the usual' for something more unusual? Andy Hamilton has tried hundreds, if not thousands, of pints from the avalanche of new flavours now available and has convinced commercial, craft and home brewers across Britain to share some of their top secret best recipes. - Learn how to taste - and talk - beer like the professionals. - Drink some of the finest ales made in Britain. - Find out the secrets of a perfect porter, an irresistible IPA, a super stout or that marvellous mild. An in-depth tour of beer and brewing, this is the essential companion for anyone who enjoys a decent British pint. Cheers!

UNIVERSAL PRONOUNCING DICTIONARY OF BIOGRAPHY AND MYTHOLOGY

BREW IT YOURSELF

MAKE YOUR OWN WINE, BEER, AND OTHER CONCOCTIONS

[Watkins Media Limited](#) Dandelion beer. Yep, you read that right and no, it's not some hippy drink brewed by people in kaftans, skipping around fields and waving daisies in the air. This is a man's drink, a tough, no-nonsense, grassroots drink that will lead the home-brewing revolution. Well, one drink may not do all that but *Brew it Yourself*, a collection of home-grown brewing recipes, is sure to put the fizz back in Britain's fervor for home-brewing. The craft drinks market is undergoing a huge resurgence and authors Richard Hood and Nick Moyle (the Two Thirsty Gardeners) have taken their two great loves - alcohol and gardening - to create a list of more than 75 drink recipes using ingredients, either bought in their local supermarket or grown in their own backyard. With everything from nettle beer to horseradish vodka, Richard and Nick bring the art of brewing back to earth. Focusing on the ingredients as much as the end results, this book provides inspiration for people to turn a bag of fruit or vegetables from a supermarket or a pick-your-own farm, a surplus harvest, or a weed-infested yard into a successful and delicious drink. The book outlines the basic approaches to each drinks-making method and what each ingredient contributes to the recipe. *Brew it Yourself* also debunks myths, celebrates experimentation and takes the fear out of the science of fermentation. It proves that creating your own tasty alcoholic drinks doesn't need to be complicated, doesn't need to be costly and definitely doesn't need to be time-consuming. Chapters: Introduction Sourcing Your Ingredients Making Wine Making Cider and Perry Making Beer Making Mead Making Infusions Making Classic Mixes and Curiosities Problem Solving Index

THREE SHEETS TO THE WIND

ONE MAN'S QUEST FOR THE MEANING OF BEER

[Pan Macmillan](#) If we're living in the global village, where's its pub? Meet Pete Brown: beer journalist, beer drinker and author of an irreverent book about British beer, *Man Walks Into A Pub*. One day, Pete's world is rocked when he discovers several countries produce, consume and celebrate beer far more than we do. The Germans claim they make the best beer in the world, the Australians consider its consumption a patriotic duty, the Spanish regard lager as a trendy youth drink and the Japanese have built a skyscraper in the shape of a foaming glass of their favourite brew. At home, meanwhile, people seem to be turning their back on the great British pint. What's going on? Obviously, the only way to find out was to go on the biggest pub crawl ever. Drinking in more than three hundred bars, in twenty-seven towns, in thirteen different countries, on four different continents, Pete puts on a stone in weight and does irrecoverable damage to his health in the pursuit of saloon-bar enlightenment. 'A fine book. . . the exact tone that a work on this social drug requires.' *The Times* 'Over 300 bars later and the man still manages to make you laugh.' *Daily Mirror* 'Carlsberg don't publish books. But if they did, they would probably come up with *Three Sheets to the Wind*...' *Metro* 'A marvellous book which is as enlightening about the countries he visited as any travel guide.' *Adventure Magazine*

THE BEER BIBLE

[Workman Publishing](#) "The only book you need to understand the world's most popular beverage. I swear on a stack of these, it's a thumping good read."--John Holl, editor of *All About Beer Magazine* and author of *The American Craft Beer Cookbook* Imagine sitting in your favorite pub with a friend who happens to be a world-class expert on beer. That's this

book. It covers the history: how we got from gruel-beer to black IPA in 10,000 years. The alchemy: malts, grains, and the miracle of hops. The variety: dozens of styles and hundreds of recommended brews (including suggestions based on your taste preferences), divided into four sections--Ales, Wheat Beers, Lagers, and Tart and Wild Ales--and all described in mouthwatering detail. The curiosity: how to read a Belgian label; the talk of two Budweisers; porter, the first superstyle; and what, exactly, a lager is. The pleasure. Because you don't merely taste beer, you experience it. Winner of a 2016 IACP Award "Covers a lot of ground, from beer styles and brewing methods to drinking culture past and present. There's something for beer novices and beer geeks alike."--Ken Grossman, founder, Sierra Nevada Brewing Co. "Erudite, encyclopedic, and enormously entertaining aren't words you normally associate with beer, but The Beer Bible is no ordinary beer book. As scintillating, diverse, and refreshing as man's oldest alcoholic beverage itself."--Steve Raichlen, author of Project Smoke and How to Grill

DICTIONARY OF NATIONAL BIOGRAPHY

DICTIONARY OF NATIONAL BIOGRAPHY

DICTIONARY OF NATIONAL BIOGRAPHY

BREWING

Springer Science & Business Media **Brewing is designed for those involved in the malting, brewing, and allied industries who have little or no formal training in brewing science. While some elementary knowledge of chemistry and biology is necessary, the book clearly presents the essentials of brewing science and its relationship to brewing technology. Brewing focuses on the principles and practices most central to an understanding of the brewing process, including preparation of malt, hops, and yeast; the fermentation process; microbiology and contaminants; and finishing, packaging, and flavor. The second edition gives more emphasis to engineering and technological aspects, with the three new chapters on water, engineering and analysis. Brewing, Second Edition, is both a basic text for traditional college, short, and extension courses in brewing science, and a basic reference for anyone in the brewing industry.**

THE JAMESTOWN BRIDES

THE STORY OF ENGLAND'S "MAIDS FOR VIRGINIA"

Oxford University Press, USA **"In 1621, nearly fifteen years after the establishment of the Jamestown colony, the Virginia Company funded another voyage of colonists to the New World. This time, however, their ships carried fifty-six young women. Their ages ranged from sixteen to twenty-eight, they were of good character and proven skills, and each had a bride price of 150lbs of tobacco set by the Company. Though the women had all agreed to journey to Jamestown of their own free will, they were also unquestionably there to be sold into marriage, thereby generating a profit for investors and increasing the colony's long-term viability. These were the aims of the Virginia Company at least; the aims of the women themselves are less clear. Without letters or journals (young women from middling classes had not generally been taught to write), Jennifer Potter's research has turned to the Virginia Company's merchant lists, which were used as a kind of sales catalog for prospective husbands, as well as censuses, court records, the minutes of Virginia's General Assemblies, letters to England from their male counterparts, and other such accounts of the everyday life of the early colonists. The first part of her book explores the women's lives before their departure, but the true heft of the work lies in the second part, which documents the women's lives in Jamestown. In telling the story of these "Maids for Virginia," Potter at once sheds light on life for women in early modern England and in the New World."--Provided by publisher.**

ENCYCLOPAEDIA OF BREWING

John Wiley & Sons **The only encyclopedia of its kind, Encyclopedia of Brewing provides a comprehensive description of terms which relate to the science and technology of beer, allied beverages, and the brewing and malting processes. The extensive and authoritative coverage provides an appropriately detailed description of each term under consideration, supplemented with diagrams and photographs where relevant. This essential first point of reference for information on brewing science offers commercial brewers and allied traders worldwide, as well as the burgeoning North American craft brewing sector, with an international perspective.**

YORKSHIRE'S HISTORIC PUBS

The History Press **Peter Thomas's introduction to the county's pubs opens with a brief chapter about the history of brewing and pubs, and a short history of pub signs in Yorkshire. Most of the book is dedicated to a round-up of interesting inns - their history and architecture, ghosts and legends associated with them, and famous and infamous landlords and landladies.**

AUSTRALIAN HOTELIER

OFFICIAL NATIONAL MAGAZINE OF THE AUSTRALIAN HOTELS ASSOCIATION

BREW BRITANNIA

THE STRANGE REBIRTH OF BRITISH BEER

Aurum How punter power pulled the humble pint back from the brink, this is the surprising story of a very British consumer revolt! Following a cast of bloody-minded City bankers, hippie microbrewers, style gurus, a Python, and a lot of men in pubs, Brew Britannia tells the story of the campaign to revitalise the nation's beer which became the most successful consumer revolt in British history! Fifty years ago the future of British beer looked as bleak as the weak, sweet, bland and fizzy pints being poured, as colossal combines took over the industry, closing local breweries and putting profit before palate. Yet today the number of breweries is at a post-war high, with over a thousand in operation, membership of The Campaign for Real Ale organisation (CAMRA) exploding in recent years with over 150,000 active members and exciting new developments brewing. In a barn in Somerset, plans are afoot to ferment a beer-cider hybrid with wild yeast that blows on the wind, while in Yorkshire an almost extinct style of 'salt 'n' sour' wheat beer is being resurrected for the 21st century. Whether you drink traditional, CAMRA-approved 'real ale' or prefer a super-strong, fruit-infused, barrel-aged Belgian-style 'saison', this astonishing story from the authors of popular beer blog Boak and Bailey will have you thirsty for more!
